A Social Session.

Fifty Shenandoah members of the Order of Elks, whose meeting place is at Ashland, will be interested in an announcement that the lodge will have a social session this evening, which promises to be a very enjoyable affair. After the routine business of the lodge, an adjournment will be had to Washington Hall, where the members and their friends will enjoy themselves. Speeches will be made by Wm. A. Marr, Esq., J. H. Jones, Esq., and there will be a musical program. Exalted Ruler J. W. Payne, who has just returned from New Orleans, Louisiana, where he attended the National Convention of Elks, will deliver an address, giving his impressions of the trip. It will be a red letter occasion in the Elks calendar. The lodge will meet promptly at 7:30 o'clock. Shenandoah will be well represented.

REST.—Two houses, Pear Alley. Apply at 19 South Main street.

Marriages.

William B. Lewis and Miss Clara Lewis, both of St. Clair, were married at that place by Rev. Jennings, of the English Baptist church.

Alveta Leikowicz and Miss Gertrude Oshko, both of Pottsville, will be married on Sunday next. The ceremony will be performed by Rabbi L. Rosenthal, of Reading.

The wedding of W. L. Beaumont editor of the St. Clair Local, and Miss Laura Edwards, of Mill Creek, has been announced. The ceremony takes place next month.

Homesite's Patriotism.

Determined not to be behind their neighbors of West Mahanoy township in the expression of their patriotic feelings the citizens of Homesite, Butler township, will that Old Glory to the breeze from the school house this evening and will introduce a new feature into the ceremonies. They have had a perfect model of a warship made, which bears the obnoxious red and yellow colors and will give vent to their pent-up feelings by blowing it up with dynamite by way of getting even with the Danes for what was done to the Maine at Havana. The explosion is to occur about 6 o'clock.

WAR HAPPENINGS OF A SINGLE DAY.

The Oregon has passed Martinique on her journey north.

Volunteer troops are still poorly prepared for active service.

Cuba is not to be invaded until Cervera's fleet is disposed of.

Importers find a growing disposition to boycott French goods.

Admiral Cervera's squadron is reported to have arrived at Santiago de Cuba.

The Charleston is held at San Francisco to repair an accident to her machinery.

Governor General Augusti is circulating Philippine insurgent checks by giving them high offices.

If the House votes to annex Hawaii an effort will be made to hold up the war revenue bill in the Senate.

Senator Lewny (Ohio) declined the post of Minister of Foreign Affairs in the reorganized Spanish Cabinet.

The steamship Adula passed seven war ships, heading west, between Cuba and Jamaica on Wednesday.

Major General Oils and the first detachment of troops will sail from San Francisco for the Philippines to-morrow.

The Harvard lot St. Pierre, Martinique, yesterday, and the Spanish torpedo boat Destroyer Terror is ready to leave Port de France.

Spain Objects.

Special to EVENING HERALD. Madrid, May 29.—The newspapers here condemn the Governor of Hong Kong for permitting the American war ships to revictual, and they say they cannot understand Great Britain allowing the United States to cut the British West India cables. It is reported here that the Spanish Governor of the Philippine Islands is consulting many of the insurgent chiefs with high appointments, while other chiefs are succeeding in federating the rival tribes.

A Tempting Bait.

Special to EVENING HERALD. Madrid, May 29.—The railroad companies backed by French bankers have offered to advance the government 250,000,000 francs in gold if their revenues are prolonged, Senator Gamazo, Minister of Public Works, is opposed to granting any prolongation of the concessions.

PROHIBITION CONVENTION.

Gathering of the State Delegates at Harrisburg To-day. Special to EVENING HERALD. Harrisburg, May 29.—When Dr. Levi Bird called the State Prohibition Convention to order here this morning the opera house was filled. Routine matters were quickly disposed of.

The platform of the convention endorses the principles of the National Prohibition Party; denounces the liquor traffic; declares sympathy for Cuba; re-affirms the justice of equal suffrage, regardless of sex; denounces extravagance in appropriations for quasi public institutions; and declares the late Legislature and present administration to be most reckless, incompetent and venal that ever disgraced the state.

The platform also denounces the present state political oligarchy; denounces the failure of the state to promptly pay appropriations to the public schools and money due counties. In conclusion the platform favors arbitration in labor disputes.

There is some uncertainty as to Dr. Swallow's companions on the ticket.

The general opinion, however, seems to favor Mayor Mansell, of Williamsport, for Lieutenant-Governor.

Murderer Hanged.

Special to EVENING HERALD. Joliette, Quebec, May 29.—Thomas Nulty was hanged here at 9:00 o'clock this morning, for the murder of his three sisters and one brother on November 7, 1867.

Liquor League Protests.

The retail liquor dealers throughout the county, including those in Shenandoah, experience much depression in their business, and before many weeks, should there be no improvement, it is likely that a number will be compelled to retire. This has resulted in a movement looking to a reduction in the present license. The liquor dealers' association has now in preparation a bill to be presented to the next Legislature. A representative of the state league is now making a tour of the county for the purpose of urging the dealers to join the league.

Died at the Almshouse.

John Kitchin, a Lithuanian, died at the almshouse on Wednesday and the remains were brought to town yesterday. The funeral took place to-day from the residence of a friend on East Lloyd street and the remains were interred in the Lithuanian cemetery.

Cars Derailed.

Owing to a defective switch three loaded coal cars were thrown from the track at the Broadview station of the P. & R. railway yesterday afternoon, and at four o'clock this morning four more cars were thrown from the rails at the same place, and through the same cause.

Slight Fire.

At 7:30 last evening the fire department was called to Smith's row at the southern end of Main street. Little damage was done. The occupant of the house lost eleven canaries, which were smothered by the smoke before they could be carried out.

Stone Through a Window.

Between 12 and 1 o'clock this morning an unknown person hurled a large stone weighing about a pound through one of the front windows of Alex. Kincaid's house on South Main street. The stone entered a bedroom on the second floor. Other than breaking glass no damage was done.

Business Failures.

The grocery store of Augustus Forman, at 1033 Coal street, was closed yesterday afternoon to satisfy an execution in favor of E. E. Rinn Sons, of Allentown.

The Red Star clothing hall, 25 East Centre street, has also closed its doors.

BILIOUSNESS

booses many a body and burdens many a mind. You can't enjoy the food you like because you are bilious. You take all sorts of precautions, and yet the bilious attack leaps on you like a tiger from ambush. You know the feeling! The blood seeming on fire with a dull heat; the tearing pains in the eyes; the head seeming to open and shut; the horrible nausea. You know the irritability which precedes and the languor that follows the attack. It's miserable, isn't it? Why not cure the trouble? There's a pill that will cure biliousness. Dr. J. C. AYER'S PILLS are an acknowledged specific for this derangement.

A. Spranger, Texarkana, Tex., writes: "For fifteen years I have used Ayer's Pills, and find them very effective in bilious complaints. I have to cure to see the case where they have failed to cure."

Attacked by Paralysis.

Harry Martin, the young man who received severe cuts and bruises about the head and body a week ago last night by being thrown from a wagon as the horses he was driving ran away, is in a critical condition to-day. Martin was apparently recovering from the injuries and had resumed work. Last night he complained that his jaws had become so stiff that he could hardly move them. This morning his entire right side became almost completely powerless. Dr. Stein says the attack is one of paralysis, with threatening lockjaw. He says Martin's condition is very serious, though not necessarily dangerous. Martin is at the home of his employers, the Carls family, on East Centre street.

Miner Injured.

James Winski, a miner, employed at Ellen-goway colliery, was injured yesterday by a fall of coal. He sustained a severe laceration of the right forearm. This was Winski's first day at work after recovering from burns received at the same colliery several months ago. The injured man is under treatment of Dr. J. Pierce Roberts.

Just Indignation.

Some unknown person with a grim sense of humor, and too ignorant to have respect for the feelings of those bereaved by death, at an early hour this morning removed the corpse from the door of the bereaved residence on West Cherry street and transferred it to the front door of John James' house around the corner, on Chestnut street. The incident has occasioned general indignation in the neighborhood.

Mrs. Walker Served.

The choir of the Methodist Episcopal church of town enjoyed a house-warming at the newly furnished home of Mrs. Samuel Walker, nee Annie Kline, at Wm. Penn last evening. An evening was pleasantly spent. The host and hostess prepared a luncheon for their guests.

A Decision on Monday.

Judge Koch will likely render a decision on Monday as to whether the County Commissioners have the legal authority to issue bonds in excess of the present temporary loans.

The Keating Bicycle 365 days ahead of them all at \$10.00. Also a full supply of cements, oils and sandrics.

District Convention.

The delegates in the First Legislative district will meet in Armory hall, Mahanoy City, to-morrow morning at 10 o'clock, for the purpose of electing two delegates to the Republican state convention. Harrison Hall will call the convention to order.

Foreman Reese Resigns.

Thomas J. Reese, for a number of years outside foreman at the Central colliery, has tendered his resignation to the Lehigh Valley Coal Co. He has not decided, as yet, what he intends doing in the future, but expects to leave Central, and will probably get out of the coal business. He is a son of Capt. Edward Reese. Mr. Reese says the outlook at Central is anything but bright, and there is no prospect of Central colliery resuming work. The new breaker completed several months ago has never been worked and no one can say when it will be.

HOT TIME IN COUNCIL.

(Continued from First Page.)

found was due Mr. Deterbridge through an error he had made in his own accounts. As to the \$30 for meals and horse feed at Everett's hotel in the valley, Mr. Straughn said it had been the custom of the borough, and every borough in the county, to make an annual tour of the town. The members of the Board of Health and the borough officials were invited. They started out at nine o'clock in the morning and went from one end of the town to the other, and then went to the valley and viewed the water works, where it was proposed to make changes and improvements. They had dinner at Everett's and returned to town at 9 p. m. Would the Auditors have made the same trip for the same amount of money. Hardly, in view of their demand of \$18.00 for auditing the accounts of the borough, a sum twice as much as other towns are paying.

In this study Mr. Straughn reviewed the entire encumbrance list, and laid great stress upon the fact that the Councilmen were given the opportunity for defense, a right vetoed them both by justice and law. When he concluded Mr. James moved that the Solicitor be authorized to take the necessary steps to have the surcharges stricken from the Auditor's report and the records. The motion was carried.

The Councilmen in attendance at the meeting were Messrs. McGuire, Eaglet, Hand, Lally, Bell, Brennan, Morphy, Cockey, Puschel, and also speakers on the subject, Harkins, Boehm and Neisewander.

Auditor Plopper turned over the balance of the papers in his possession belonging to the borough.

Mr. Bell, of the Roads and Highways Committee, said there was nothing to report, as it had been deemed advisable to await the annual tour of Council.

Mr. Lally called attention to the condition of the creek on East Centre street, saying that refuse from the mountain and other places had raised the bed of the creek above the mouths of sewers, that empty into it. Puschel also spoke on the subject, and urged that Council do something in the matter, as a number of citizens of the First ward had called upon him, and he was satisfied that their complaint was a just one.

The matter was referred to the Board of Health with instructions, that where necessary that sanitary exist on the thoroughfares the Supervisor, in conjunction with the Board of Health officials, abate them.

Borough Surveyor Gregory sent in the following communication relative to the safety of the borough bridge, crossing over the Lehigh Valley canal, which was under the town's care: "As it would require a mechanical engineer, or an expert on bridges (neither of which I claim to be) to give such an opinion, I therefore most decline to comply with your request."

On motion of Mr. James the secretary of Council was instructed to advise the Schuylkill Traction Company that Council does not intend the bridge referred to as in safe condition.

The electric light, telephone and telegraph companies are to be notified, to have all their poles in town put in upright position. Many of the poles are in a dangerous condition.

Mr. James said Dunn's hill road was in need of repair and Mr. Cockey reported that a cellar on West Centre street had been flooded by an alleged defect in a water pipe. The latter case was referred to the water committee for investigation.

At the Finance committee, stated that the report on accounts showed that the Lakeside Railway Co. is indebted to the borough in the sum of \$40, balance due on car tax; and the Schuylkill Traction Company in the sum of \$100.

The committee recommended that the tax levy be made as last year's bills for borough purposes, and 3 mills for water resolution to that effect was adopted, and the secretary was instructed to ask payment of the balance due for car taxes.

It was decided that taxes be collected for the property of the Schuylkill Hat & Cap Company, and East Coal street. The factory has been transferred into town.

Orders were drawn for \$1,770 for fire hose purchased from three companies during the past two years.

The fire apparatus committee was instructed to have the hook and ladder truck repaired and the party who put on the truck brake cannot make it work satisfactorily, truck be taken to another party.

Mr. Brennan said the Defender Hose Company was in need of either another fire plug, or more hose. Referred to the fire apparatus committee.

The construction committee was ordered to complete the repairs to the Rescuer Hook and Ladder Company's house, providing the cost of the extra work does not exceed \$35, and an extra appropriation of \$100 was given the committee. It was also decided to put traps in the borough building sewer pipes and put the floor of the Columbia Hose Company's apparatus room in good condition.

The water committee was instructed to provide for the employment of citizens and residents of the town only in awarding the contract for the direct pipe line.

The bids for the coal handling contract were read as follows: M. J. O'Hara, 35 cents per ton; C. S. Roberts, 35 cents; W. P. Beaman, 40 cents. As Mr. O'Hara was the only bidder who submitted the bond required with his bid the contract was awarded to him.

A provision is to be inserted in the contract that if the borough adopts another method for getting coal to the pumping station the contract is to be void.

A letter from W. D. Seltzer stated that the Arnold stream in East Union township could not be sold to the borough for less than \$5,000.

Borough Solicitor Burke and the law committee reported the settlement of A. J. Wondolover's claim and execution of a full release for all claims. The papers are to be recorded at Pottsville.

Before adjourning it was decided that Council make a tour of the town on Memorial Day, after participating in the G. A. R. ceremonies. The arrangements are left in the hands of the street committee.

THE WEATHER.

The forecast for Saturday: Fair to partly cloudy, slightly warmer weather and fresh, variable winds, becoming southeasterly and southwesterly, and followed by local rains.

PASTOR INSTALLED.

Rev. Koehler is Now in Charge of the Presbyterian Church.

Beautiful and impressive ceremonies were conducted in the First Presbyterian church last evening, at the installation and ordination of Rev. Harvey W. Koehler, as pastor of the congregation. Rev. Koehler recently graduated from the Princeton college.

As the speaker entered the edifice he was confronted with a beautiful sight. Flowers of every description had been placed on the window sills, and fern, palms and potted plants were conspicuously placed about the altar. Huge bouquets of cut flowers rested on the altar and church organ, which were the gift of Druggist P. W. Honck. The decorations about the altar were of a patriotic character. A large American flag was pinned on the wall surrounded by bunting and also the Cuban emblem was given a prominent position.

The services opened with prayer by the referring moderator, Rev. T. M. Morrison. Among the clergymen who responded to the roll call were: Revs. W. W. McNair, Anderson, J. H. Eastman, Pottsville; J. W. Bond, D. B. Post-Carroll, and D. Aquino, Hazleton; Rev. J. H. Eastman was made temporary chairman of the church. Rev. Koehler, Ferdinand Van Krug, of Kingston, was invited to sit as a corresponding member.

The most important event then followed with Rev. Dr. Bond in charge. After singing by the congregation and scripture reading, Rev. Van Krug was introduced to the audience and delivered the installation sermon. In his remarks he very ably portrayed the duties of a preacher relative to serving the Almighty as well as the congregation.

After short remarks by Dr. Bond and the taking of the obligation of pastor, Rev. Koehler was installed as pastor of the church. Kneeling before the altar and surrounded by the members of the Presbytery the ordination prayer and the laying on of hands.

Revs. T. M. Morrison, of Mahanoy City, and J. H. Eastman, of Pottsville, were the next speakers. The former delivered the charge to the pastor and the latter to the people. Both clergymen were most sincere in their remarks, and their oratory was of an eloquent nature.

The services were brought to a close by the new pastor, Rev. Koehler saying benediction. The choir, in charge of Mr. Hughes, rendered several beautiful anthems during the service.

A reception was tendered the new pastor and audience at the close of the services in the lecture room. Ice cream and assorted cakes were served.

Robbers at Ashland.

Robbers made an unsuccessful attempt last night to rob the store of Richard Baneroff, corner of Second and Centre streets. They had bored ten holes in a door with an inch auger, when neighbors frightened them off. The robbers then went to Thomas Kimmel's store and broke into it and stole \$50 worth of goods. One of the robbers will soon be arrested, having been recognized while leaving Kimmel's store.
