Colored Glasses

Should not be worn without intelligent advice. Whenever an eye finds relief in a shaded or colored glass, something is going wrong with the interior of that eye that needs attention. If it were not so the light would not irritate. Seek advice—the kind that we can give you—the kind that only can be given after a thorough and intelligent examination.

A Common Cold

and common carelessness can make a combination strong enough to defy all the healing skill of the physician. Common carelessness lets the cold root and grow. Common carelessness says, between paroxysms of coughing, "It will be all right in a day or two," and the common end is confirmed lung trouble, perhaps consumption. The common-sense treatment of a common cold is a prompt dose of Ayer's Cherry Pectoral. It is the most efficient and reliable cure for colds and coughs, and is constantly prescribed by physicians.

S. HAYNES, M. D., Saratoga, N. Y., says—
"I have used Ayer's Cherry Pectoral in my practice since 1863, and have always found it reliable for the cure of colds, coughs, and all lung diseases."

Ayer's Cherry Pectoral

is now put up in half-size bottles, for half price—50 cents.

CRIMINAL COURT.

The Case Against the Baltic Brewing Company Called for Trial.

Pottsville, Nov. 23.—The second week of criminal court is drawing to a close. There will be no court to-morrow (Thanksgiving), and the election board will occupy a part of Friday, and hence there is not sufficient time to dispose of all the cases on the calendar. John Murphy, charged with felonious assault and intent to kill and carrying concealed deadly weapons, was tried before Judge Koeb, James E. Brennan is the prosecutor, and both parties reside at Heckscherville, and hence this difficulty were fast friends. The jury found a verdict of not guilty on the first count, each to pay half the costs; guilty on second count and pay the costs. Both were sentenced to jail, for failure to give security for costs.

William Petruski not guilty of a. and b., oath of George Buskayzaki; costs disallowed. Martin Kowalowski not guilty of a. and b., preferred by M. W. Coffey. The latter to pay the costs.

The January term of criminal court will begin the first Monday in January. Judge Sawidge has refused to grant a new trial in the Tanamoca church case in suit of ejectment brought by Jeremiah Rose et al. vs. Isaac Christ et al. The court stated that the case was properly tried and the questions pertinent to the issue were properly raised and passed upon during the trial. The civil cases against the Mill Creek Coal Company, with Henry Fruman, Geoffrey Boyer and Samuel Field as the prosecutors, will be arbitrated.

Quite a number of cases have been appealed to the Superior Court from this county, and will be heard December 5. Among them is that of Cal. Brower, ex-warden of the county prison, vs. the County Commissioners. It will be remembered the latter returned Brower as warden of the prison, and were sustained by the lower court, and now Brower appeals.

Seventeen of the defendants in the Park Place riot that occurred some time ago, failed to answer yesterday when the case was called and forfeited their bail. Captas for each was issued.

The case of the Baltic Brewing Company, whose agent is charged with selling without a license in this county, which has been postponed several times, was called this afternoon.

Dr. Bull's Cough Syrup is a true friend to all suffering with coughs or colds. This reliable remedy never disappoints. It will cure a cold in one day, and costs but 25c.

A NEW YORK BUSINESS MAN.

And the Interesting Statement of His Personal Experience.

If a person shivers, it is, according to an ancient superstition, a sign that some one is walking across his grave. Silly? Of course; yet the wise man does not neglect the warning of a shiver, especially at this season, when the mercury slides capriciously up and down in the tube. After a warm afternoon, the cold finger of the night wind touch the body of man, and it shivers. The uncountable tiny blood-vessels just under the skin are contracted. The blood retreats to the interior, where so much of it is not wanted. Organs are congested and inflamed. This is the condition called a bad cold. The common notion is that it affects principally the throat and lungs.

It is most dangerous when it checks the action of the kidneys. For in that case the poison of dead tissue, instead of being expelled, is kept in the system, getting worse every hour. What is to be done? Here is an answer which comes from one of New York's big Broadway buildings:

OFFICE OF THE GUARANTEE DEVELOPMENT CO.
250 Broadway, New York.

"I had been suffering for a year past with acute kidney trouble, verging upon Bright's disease and I am satisfied that had I not acted promptly and taken the best of all known remedies for such trouble, I would not be able to attend to my business to-day. But I am well, healthy and have a new lease of life, wholly through the use of Warner's Safe Cure."

"I take pleasure in recommending it to any person likewise troubled, as the best."

"As one who appreciates a good thing, I am,

A. D. MAHON, Treasurer."

This letter was written August 20, 1898. Less than a month later, Mr. Mahon was found hard at work in his office. He is bright and sturdy, and he was the picture of health.

"I feel fine," he said. "It was never better in my life. All trace of kidney trouble is gone. You may put me down as a staunch friend of Warner's Safe Cure."

Look out for colds and shivers at this time of year, and do not fail to take them in time.
