# The Dipper or the Dropper?

There are cough medicines that are taken as freely as a drink of water from a dipper. They are cheap medicines. Quantity does not make up for quality. It's the quality that cures. There's one medicine that's dropped, not dipped—Ayer's Cherry Pectoral. There's more power in drops of this remedy than in dipperfuls of cheap cough syrups and elixirs. It cures bronchitis, Asthma, Croup, Whooping Cough, and all Colds, Coughs, and affections of the Throat and Lungs.

# Ayer's Cherry Pectoral

is now HALF PRICE for the half-size bottles—50 cents
