OUR COUNTRY: First, Last and Forever.

The Republicans Can Win.

The time has come now for every Republican to be up and doing in order that the party vote at the coming election, now so near at hand, be made as large as possible. In the opinion of careful political observers the Republicans of this county never had a better chance to win than they have this year, but the danger of over-confidence always looms up.

We sincerely trust, however, that on this occasion no Republican will underestimate the value, not only of his own vote, but of his personal effort to add something to the grand total. If they all realize the value of this the majority for each and every one of the candidates will be imposing proportions. Then each will be in a position to enjoy the fruits of victory.

The Republicans have a uniformly strong county ticket, every candidate being fitted for the office to which he aspires, headed by D. C. Henning for Judge. G. A. Doerflinger will make a splendid treasurer. He is a gentleman of distinction as well as ability and will make a most courteous and obliging public official. It is recognized as the proper time to elect two Republicans as County Commissioners, and with this idea among the people of every political affiliation it is safe to say that Frank R. Kantner and Horace Reber will occupy the Commissioners' office during the next three years. For Prothonotary we have a popular and able candidate in the person of W. A. Leib, and likewise a faithful official in Register F. C. Reese.

In the candidate for Recorder the miners deem it a pleasure to vote for Emmanuel Jenkun, and he has the support of the business element as well. Charles E. Berger, the candidate for District Attorney, is pledged to reform that office, something the people have demanded for several years. The name of John T. Schoener is known in every section of the county, and it is safe to say he will be re-elected Clerk of the Courts. Fred Ahrensfield, nominated for Poor Director, completes one of the strongest tickets placed before the people of this county in recent years.

With this splendid ticket in the field and with an harmonious and active county organization, the results of the election should exceed the most sanguine expectations. The fact that the presidential election comes on next year should arouse every Republican voter to make as good a showing as possible this fall. We should urge upon the Republicans of the county to get down to work now. Every man can devote a small part of his time to the performance of a duty in behalf of the continued prosperity of the nation. Begin work now and keep it up until the election, now only a few days off.

REPUBLICAN prosperity is now with us. It struck all sections of the county before the anthracite region felt its welcome effects, but it is here at last and every coal operation in this region is working to its fullest capacity, considering the scarcity of cars. Every colliery within a radius of 15 miles of Shenandoah is working steadily while all of them are undergoing vast improvements, many new workings are being developed, in which means the increasing of the present output.

Your medicine has made a new woman of me. I can now work all day and not get tired. I thank you for what you have done for me. I shall always praise your medicine to all suffering women."

"I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound and used two packages of your Sensitive Wash, also some of the Liver Pills, and I can say that your remedies will do all that you claim for them. Before taking your remedies I was very bad with womb trouble, was nervous, had no ambition, could not sleep, and my food seemed to do me no good. Now I am well, and your medicine has cured me. MARRIAGE AS A BUSINESS. Deserted His Bride of a Few Weeks and Robbed Her of Fortune.
Rochester, Oct. 27.—Mrs. Mary Jane Colthar, aged 45 years, of Bunker Hill, Ill., whose husband died two years ago, leaving her a farm and \$2,000, is petitioning in this city, having been robbed of \$4,075 by a New York confidence man. Her story has been verified by the Rochester police.

Two months ago Mrs. Colthar, by a letter of introduction through an agency, began a correspondence with James Monroe. A few weeks later, by appointment, they met in Indianapolis, and the same afternoon were married. The following day they started, together with Mrs. Colthar's 11-year-old daughter, for New York to witness the Dewey day celebration. Before going, however, Mrs. Colthar placed a \$2,000 mortgage on the farm and drew \$3,100 from the bank. The trio arrived in Rochester a few days ago, and Monroe proposed to engage in the drug business and prevailed upon his wife to loan him \$4,075 and started for New York, ostensibly to purchase stock for the store. He has not been seen since. On Wednesday Mrs. Colthar received a letter from him, in New York, saying he had been robbed and advising her to return to Bunker Hill. Mrs. Colthar has found employment as a nurse here.

A Rain of Dollars For Mrs. Cross.
Kansas City, Oct. 27.—When Charles Cross, the stock farmer and bank president, committed suicide after the wrecking of the Emporia bank last fall, his wife turned over to his creditors all she possessed save a Hereford calf. This calf was sold at the Hereford show here yesterday to Marshall Field, of Chicago, for \$900, and others threw dollars into the sawdust center where the calf stood until \$110 had been collected. The rain of dollars filled a peck measure.

THE MOUNTAINS AFLAME

Sweep of the Fire Fiend Still Endangers Pennsylvania Homes.

DENSE SMOKE OBSCURES THE SUN

At Conneville It Is Necessary to Burn Lights in the Daytime, and at Batesville the Public Schools Are Closed—A Woman's Face With Flames

Conneville, Pa., Oct. 27.—Conneville still suffers from the forest fire on Chestnut hill. Yesterday electric lights had to be burned in all the offices and houses, as the sun was completely shut out. Wednesday night the flames, leaping ten feet high, came down Soisson Park and threatened the store building of the South Conneville Merchandise and Supply company at South Conneville. A large force of men fought the fire for several hours. A row of houses on the outskirts of town was threatened and the people remained up all night, keeping the flames back.

A Ligonier dispatch says: Mrs. James D. Love, of Port Palmer, had a frightful experience on Tuesday with the forest fire now raging on Chestnut Ridge. She was on her way over the ridge when the flames came sweeping toward the road a quarter of a mile wide. Her horse became unmanageable, and the dense smoke almost suffocated her. By extraordinary efforts she managed to escape the rush of the flames. Shortly after her escape from the fire the road over which she passed, being covered with six inches of leaves, was all ablaze.

At Blairsville the public schools are closed on account of the dense smoke that fills the town from the fierce fires raging in the forests. The children could not study for the choking smoke, and besides, the excitement over the fire is too great.

The whole country for 12 miles round about Greensburg is enshrouded in dense smoke emanating from the forest fires on Chestnut Ridge. The Bell telegraph line to Ligonier has been damaged by falling timber. The loss to timber owners is very large. The farmers thus far have been able to save their homes, but the worst fears are felt.

Fires are burning in the mountains on all sides of Johnstown. A pall of smoke hangs over the city for several days. The light wind Wednesday saved much valuable property between here and Scarp Level, as the farmers had time to "fire back" on all sides. Flames are sweeping the woods on both sides of the Allegheny and Negro ranges in the vicinity of Meyersdale, and great damage is being done to timber, fences, etc. Smoke hangs over the town in dense clouds. Word reached there yesterday that at a point on the National Pike near Pochontas dwellings, saw mills and barns are menaced by the flames, and that continuous fighting is necessary to prevent their destruction.

LOSSES FROM FOREST FIRES. Land Commissioner Herman Says Twenty Million Dollars Annually.
Washington, Oct. 27.—The annual report of Commissioner Herman, of the general land office, shows a grand total of 929,208,968 acres of unappropriated and unreserved public lands in the United States. The disposals of public lands during the past year show an increase of 728,516 acres, as compared with the aggregate of the previous year. The total cash receipts of the service increased \$792,142 over last year.

The commissioner makes a number of recommendations. Protection against forest fires is especially urged. It is estimated that the average yearly loss from this cause is not less than \$20,000,000. The proper utilization of the grazing lands on the public domain also is urged, and it is pointed out that so long as the laws require millmen and other lumbermen to pay a fair price to the government for timber supplied drawn from public lands there should be an equal charge levied on the grazing products of public lands.

THAT JOYFUL FEELING With the exhilarating sense of renewed health and strength and mental clearness which follows the use of Syrup of Figs is unknown to the few who have not progressed beyond the old-time medicines and the cheap substitutes sometimes offered but never accepted by the well-informed. By the genuine, manufactured by the California Fig Syrup Co.

Young's Command Off For Santa Rosa Manila, Oct. 27.—This morning at daybreak General Young's command, consisting of Gastner's troops, a contingent of the Twenty-second regiment, Chase's troop of the Third cavalry, nine troops of the Fourth cavalry, a body of engineers and Russell's signal corps, with rations for seven days, left in the direction of Santa Rosa.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant Cancer, for which the doctors said an operation was the only hope. The operation was a severe one, and it was necessary to cut down to the bone and scrape it. Before the great while the Cancer returned, and began to grow rapidly. We gave him many remedies without result, and it was upon the advice of a friend, a friend of a friend, I tried S. S. S. (Swift's Specific), and with the medicine he began to improve. After twenty bottles had been taken, the Cancer disappeared entirely. He was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return.
279 Snodgrass St., Dallas, Texas.

Absolutely the only hope for Cancer is Swift's Specific.
S.S.S. For the Blood as it is the only remedy which goes to the very bottom of the blood and forces out every trace of the disease. S. S. S. is a guaranteed purely vegetable, and contains no poison, mercury, or other mineral. Books on Cancer will be mailed free to any address by the Swift Specific Co., Atlanta, Ga.

THE COLOMBIAN INSURRECTION.

Council General Declares It a Minor Political Uprising.
New York, Oct. 27.—Columbian Council General Espinosa received a cable dispatch yesterday from Jose Santos, minister of war, which said: "Insurrection broken out in some villages of the departments of Santander, Guyana and Cundinamarca. No fighting yet. Situation good."

Council General Espinosa said: "It is not true that financial matters started the present insurrection. My government informs me that the trouble at home was caused by the attempts of the opposition party, Liberalists, to oust the present administration, Nationalist, which has been in power since 1889. The Liberal party has not yet the strength to become alarming. By becoming the aggressor it has given the administration party the opportunity to proclaim martial law and issue paper money. Our laws prohibit the importation of arms. Nevertheless, we have three boats patrolling our northern coast and one float on our western coast to prevent filibustering. So you see we have both the advantage of money and arms, with a good attacking army besides. The present trouble has been anticipated, and the president told me last June that he would finish the ring-leaders of the next attempted insurrection severely."

Grantz's Rich Gold Strike.
Yankton, S. D., Oct. 27.—Former United States Senator Moody, of Deadwood, gives a new version of the sensational gold discovery in the Black Hills by Otto Grantz. Senator Moody said: "Grantz took to Denver only a few sacks of the ore, but they netted him \$75,000. It is the richest native property ever unearthed in the hills, and its discovery was an accident, after 20 years of unremitting search on the part of Grantz. The sudden discovery almost turned Grantz's head. The gold fields of the hills have as yet only been prospected, and their development has hardly been started."

SPEAK OUT.

The Search Light of Publicity is Pleasing Shenandoah People.

Publicity is what the people want. Let the public speak on the subject. There has been too much claim, too little proof. Chains endorsed by strangers are not proof. There is only one kind of proof for a Shenandoah citizen. The experience of people we know. When friends and neighbors endorse. Make public statements of their case. There can be no question about such evidence. This is the proof we have. Which backs every box of Doan's Kidney Pills. No other kidney pills, no other kidney remedies. Can produce such proof. Here is one case from the many we have: Mrs. J. Ferguson, of 505 West Cherry street, says: "I procured Doan's Kidney Pills for diabetes and they proved of the greatest value to me. The constant desire to drink, the trouble with the kidney secretions, the dry and wrinkled flesh, the dizziness in my head and the blotting which I suffered from disappeared."
