## LOCAL MENTION.

—The largest vote ever polled in Honesdale was at last Tuesday's election, 698 being cast, of which 109 were straight Democratic, and 95 straight Republican.

—The Honesdale National Bank has now on deposit \$8,000 of the general fund of the State, and the Wayne County Savings Bank \$25,000 of the sinking fund.

—The cold snap is bringing long disused furnaces into requisition. Parties starting fires in them and using the steam or hot water system of heating should be careful to have the necessary amount of water in the boilers, otherwise a serious accident may occur.

—THE CITIZEN, giving a summary of general and local election news, and announcing the results as to all District and Wayne county candidates, was issued at five o'clock on Wednesday morning. The entire out-of-town edition was in the mails and on its way to subscribers in the early trains leaving Honesdale; and town and suburban subscribers found the news on their breakfast tables. The political section was printed in a different color from the body of the paper, an innovation which attracted much attention and won many encomiums.

—Mrs. Charles A. Dunkelberg, of Seelyville, fell last spring, and injured her right shoulder. It pained her considerably, but she did not pay much attention to it. Finally she could stand it no longer, and was taken to a Scranton hospital for treatment, some four weeks after her fall. Being placed under an X-ray, it revealed the fact that her arm was broken close to the shoulder joint. Last Sunday, while returning from St. John's Lutheran church, she tripped on a dead limb on the sidewalk, and fell again, breaking the same arm, and in the same place.

—State Fish Commissioner Meehan has completed his work with the Tri-State Fish Commission and expects that the legislation to be adopted this winter by the Legislatures of three States will prove very valuable to the Delaware river. Game and food fish are well cared for and different regulations made for the river below Trenton. Mr. Meehan says that he believes the suggestion that appeals be allowed from the convictions in magistrates courts and the abolition of the system of giving half the fines as rewards for informers or special wardens will meet general favor, as they will remove causes of vigorous objections from fishermen throughout the counties where numerous arrests have been made. The provision for thirty wardens is justified by the department on the ground that it will concentrate all of the business under one responsible head and do away with the special wardens to a great extent. At present there are nine wardens, although the Commissioner is authorized to name twelve.

—In our Wednesday's edition mention was made by our Steene correspondent of remarkable yields of corn raised by J. E. Haley, of that place, and Albert Odell, of Clinton. These farmers and any others who can boast of their success in the production of this crop, should not fail to select ten ears to show at the third annual corn show to be held by the Pennsylvania Live Stock Breeders' Association at Harrisburg, Jan. 26-29 next. Eight silver cups, ranging in value from \$25 to \$50, will be offered in the various classes and 45 cash prizes in addition. A \$50 cup is offered for the best show of 100 ears made by any subordinate grange in the State. Save your best corn for this show! The annual meeting of the State Board of Agriculture, the Pennsylvania Dairy Union and the Pennsylvania Live Stock Breeders' Association will be held on these dates, and the best talent in the country will be on hand to give instruction and demonstrate. Exhibits of dairy products for which liberal prizes are offered, will be a feature, and the Pennsylvania Experiment Station and the State Live Stock Sanitary Board will also make exhibits worth seeing. For corn entry-blanks, prize lists, etc., address Secretary E. S. Bayard, East End, Pittsburg, Pa. There are no entrance fees. All Pennsylvania corn growers are invited to participate in the show, which is free in every particular.

—Handsome postal cards of the exterior of the Lyric Theatre, including two views of the stage, have been printed and are offered for sale between the acts.

—Sheriff-elect M. Lee Braman has sold the fine saddle horse "Hector," which he purchased of H. Z. Russell some time since, to Attorney W. F. Boyle, of Scranton. It is understood that the animal fetched a handsome price.

—The Erie freight house at Hawley has been torn down and the lumber taken to West Hawley, where a new freight house is in process of erection. The intention of the company seems to be to move the freight and express work to West Hawley to avoid the detention of coal trains caused by the loading and unloading at that point. The present station will be maintained at the Eddy since the company is under covenant to do so.

—Details of State Constabulary have been assigned to many different stations throughout Pennsylvania. Wayne county is to be left out this winter, the nearest stations of troopers being at Mayfield in Lackawanna county, Tobyhanna and Montrose in Susquehanna county, and Tunkhannock in Wyoming. But few of the places where troopers have been stationed in the past, will again be thus honored, unless necessity should require it. The detachments will all be sent to few towns, in order to give the people an opportunity to judge of their value.

—A sad incident occurred in Towanda on Monday last, which will especially appeal to the sympathies of the members of the Bench and Bar of Wayne county. Charles Hall, who made friends of all he met while serving in our courts on different occasions as a stenographer, and who was the Democratic candidate for the office of Prothonotary in Bradford county, dropped dead on Monday, while caring for the furnace at his home in Towanda. He was a robust man and was apparently in the best of health. Early Monday morning he descended to the cellar of his residence, to fix the furnace, and while there was stricken with heart failure, death occurring instantly. The ballots for the election, bearing his name as a candidate, had been distributed, and it was impossible to change the ticket.

—Bishop David H. Moon, of Cincinnati, is to preside over the next session of the Wyoming Conference of the M. E. church, which will meet in Plymouth, Luzerne county, early in April, 1909. He is a veteran of the civil war, and was for several years editor of the Western Christian Advocate.

—John T. Ball left Honesdale some four weeks ago for Westtown, N. Y., for a visit with an old friend, Homer C. Down, formerly of Tafton, Pike county. Last Saturday he received a slight stroke of paralysis, followed on Monday by a more severe one. He is now helpless and speechless, and in an extremely critical condition.

—Mrs. Eliza Babeock and daughter, Miss Jeanette, were in Honesdale on Tuesday last, on their way to Beach Lake. While here Miss Babeock, who is a candidate for one of the Tribune Bernuda Tour prizes, did a little canvassing for subscriptions for the paper and the consequent votes. At present she stands fourth on the list of District No. 11 contestants, with a total of 30,695 votes.

—Married, in St. Mary Magdalene's church, Nov. 4, 1908, by the Rev. Wm. Dassel, Miss Mary Theresa Sotte, to Edward T. Murtha, both of Honesdale. Their attendants were Miss Sadie Connolly and John B. Murtha. The bride's dress was of blue, and that of the bridesmaid, green. A wedding supper followed the ceremony. There was a large display of gifts to the bride. They are to go to housekeeping on Ladywood Lane.

—Rev. Father William Dassel, whose thirty years incumbency of the pastorate of St. Mary Magdalene's Catholic church of this place was celebrated a few days since, came to Honesdale from Wilkes-Barre, where had been for five years assistant at St. Nicholas's church. He was raised to the priesthood at Scranton Cathedral, Nov. 4, 1873, by Bishop O'Hara. Father Dassel succeeded Rev. Father Francis Buthe, whose death occurred in 1878. The parish is one of the oldest and strongest in Honesdale. The church's history, locally, dates back to 1833, when Rev. Casper Mueller perfected an organization and served as its first pastor.

I was in Columbia and Luzerne counties 6th to 20th, and found much the same conditions as here, better crops for such a dry season than expected, especially on best farms, corn ripened sound and a large share husked, and apples gathered while I was there, and in better condition than last year. All streams were low and fish scarce. I visited a few natural spawning beds for trout, and only found one misnamed pair—6 and 8 inches—depositing eggs. Forests were green there 6th, and most of leaves fallen 20th. Trees all bare here at close of month.

### Sterling Jubilee Singers.

No attraction is so sure to draw a good crowd and please everybody as a first class jubilee company. The Sterling Jubilee Company have proven themselves to be the most popular organization of the kind that has been offered on any concert course. In addition to their regular program, they will introduce their new plantation melodies with banjo, guitar, and mandolin accompaniments, dividing their program into two parts—the first representing the negro in the old plantation days in the south, the second, the negro after coming north. This will certainly prove a very attractive feature of their program. At the Lyric Theatre on Tuesday evening, Nov. 10th.

### Hunting Without a License.

Over fifty foreigners were arrested last week by agents of the State Game Commission for hunting without a license as required by an act of Assembly, which demands that unnaturalized persons as well as non-residents, take out official papers to shoot. In almost every instance the men were fined \$25.
