IRVING BOULEVARD.

The project to beautify Main street from State Bridge to the Town Limits by turning it into a boulevard with driveways on either side, as suggested by State Highway Commissioner Joseph W. Hunter, is one worthy of serious consideration by all public-spirited citizens of the city of Honesdale.

and at times even descending to coarseness in a sense, has never been unclean. At its worst it has been refreshingly free from gross indecencies, or, what is even more objectionable, from questionable expressions capable of a double meaning.

If, then, the quality of American humor has not fallen into complete decay, the cheap wit of the postal card must shortly live out its time. Of course, any right-minded person would as soon think of mailing one of these specimens of degraded art as he would of mailing any other sort of vulgar picture.

HARRISBURG LETTER.

Harrisburg, Nov. 26.—Preparations are going forward for the assembling of the Legislature in January, and the chambers occupied by the House and Senate are being cleaned so as to present a tidy appearance.

One of the first things before the Legislature will be the election of a United States Senator to succeed Hon. Henry W. Oliver. While he does not at present seem to have the united support of the Republican party, Senator Oliver will undoubtedly be re-elected, as it will be impossible to crystallize the opposition on any strong candidate against him.

Governor Tener has not indicated as to his choice of a Cabinet, but he will retain Secretary McAfee beyond a doubt, as his chief adviser. Mr. McAfee thinks and does a whole lot, though he talks but little.

Governor Tener will have the naming of an Attorney General to succeed Mr. Todd, and this office will probably go to a Westerner. There are also Factory Inspector, Commissioner of Banking, Adjutant General, Secretary of Agriculture, Superintendent of State Police, State Librarian, Head of the Department of Mines, Superintendent of Public Grounds and Buildings, and a lot of others, with their deputies, and clerks, several hundreds.

The race problem is becoming an acute one in our country. All exhibitions of the temporary supremacy of one race over another only tend to intensify the feeling of bitterness already existing between the sons of Ham and the sons of Japheth.

OFFENSIVE POSTAL CARDS.

Recent action on the part of the District authorities to suppress the display of offensive postal cards emphasizes a menace to good taste as good morals that has of late years spread to an alarming extent. The Federal powers are called into service when the prurient picture card has once been mailed, according to the Washington Post, but the prevention of its public display lies outside their jurisdiction.

About the only comfort that can be drawn from a consideration of the picture postal card nuisance is that it represents tolerance rather than choice on the part of the American people. Certainly the perverted sense of humor disclosed in these questionable prints is not characteristic of the country.

JOINT POMONA GRANGE SESSIONS

Hope Grange Wins Banner For Most New Members---Prizes Awarded For Fine Corn---Seven Candidates Initiated---Interesting Sessions.

Wayne County Pomona Grange No. 41 convened with Beech Grove Grange No. 1089. Grange opened in the usual form in the fourth degree at 10 a. m. with Worthy Master M. G. Noble in the chair.

Reading of the minutes of the previous meeting. Reports of subordinate granges were next called for and read. For some unaccountable reason the reports came in slow, some of them several days after the meeting, notwithstanding the secretaries had about three weeks to report in and the postage prepaid. The reports in the secretaries hands show that Hope Grange had received the largest number of new members for the quarter and the banner was awarded to them.

W. W. Baker, of Honesdale, being present, gave an instructive talk on agriculture, and Grange adjourned for dinner.

The ladies of Beech Lake anticipated that a large number of patrons would be present and in this particular they were not disappointed. Every thing was in readiness and no time was lost in providing for the needs of all present. An excellent dinner was served and much credit is due the ladies and members of this prosperous and enterprising Grange.

AFTERNOON SESSION.

At 2 p. m. Grange came to order and the regular routine of business was taken up.

The following committees were appointed: Time and Place, John Knorr, O. E. Bunnell, H. R. Samson.

Soliciting, R. E. Ransom, George Erk, Viola Knorr. Resolutions, F. L. Hartford, G. A. Curtis, S. Saunders.

Worthy Lecturer now occupied the chair and gave the address of welcome while the Worthy Master, M. G. Noble, gave the response.

The question arose, "How Can We Make Pomona Grange More Helpful to the Subordinate Granges and the Farmer?"

The subject of corn culture was next introduced and some valuable information gleaned relative to the growing of good crops of corn.

Song by the Grange. A short recess was taken after which Grange

came to order when the subject of "Pop Dressing" was introduced. A general discussion followed and many valuable suggestions brought out.

Several varieties of fine corn were on exhibition in the hall consisting of ten ears of each variety, grown by members of Beech Grove Grange. Judges were at this time appointed and the corn judged when prizes of one dollar each were awarded by Beech Grove Grange to the following persons:

F. W. Stephens on flint corn; Edward Blake on pop corn; Edward Blake on dent corn.

EVENING SESSION.

A fifth degree session was called to order. The soliciting committee reported seven candidates for this degree and they were obligated in the degree of Pomona.

The committee on resolutions offered the following:

Resolved, That we endorse the position of the State Grange in regard to parcel post; the initiative and referendum and the election of United States Senators by the direct vote of the people, also

Resolved, That we petition through the legislative committee, the governor and legislature of Pennsylvania to appropriate the sum of \$10,000,000 per year for popular education and that a special amount shall be set aside to aid the sparsely settled school districts of the state.

That we approve of the introduction of elementary agriculture in the public schools.

F. L. HARTFORD, G. A. CURTIS, SAMUEL SAUNDERS, Committee.

Song by the grange. A very interesting and instructive talk on elementary agriculture in the public schools was given by County Supt. J. J. Koehler.

A musical selection by Adam and Miss Viola Knorr.

An able address by W. E. Perham on the Pennsylvania Dairy Union was listened to with marked attention.

Recitation by Miss Flora Loomis. Song by Homer Near. Song by H. R. Samson.

Select reading by Mrs. E. E. Kinsman.

On motion a rising vote of thanks was extended to the members of Beech Grove Grange for their generous hospitality and kind entertainment.

EDISON INVENTS AEROPLANE.

But He Doesn't Want Much Said About the Machine.

West Orange, N. J., Dec. 1.—Thomas A. Edison has admitted that he had invented a heavier than air flying machine, but begged his interviewer not to enlarge upon the subject.

"I am sick and tired of hearing questions on both these things, and, for goodness sake, don't speak of them!" he implored.

"Every morning I get a stack of letters a foot high from aeroplane cranks who are worrying their heads off because I have neglected to manifest an interest in aviation. They offer suggestions and want my help in working out their problems.

"I admit that I have a little patent along aeroplane lines. It is a simple thing that I sent to Washington with some other patents a long time ago."

Briefly described, the invention consists of a basket hung on a vertical shaft, on the upper end of which revolve box kites or other form of aeroplanes at sufficient speed to lift the whole affair. Its chief merit is that the center of gravity being low keeps the machine in automatic balance.

Indigestion Goes

G. W. Peil Sells Best Prescription on the Money Back Plan.

Almost everybody knows that sick headache, nervousness and dizziness, are caused by a disordered stomach. Upset stomach and indigestion happen just because the food you eat does not digest—but lies in the stomach and ferments or turns sour.

You can stop fermentation and stomach distress in five minutes by using MI-O-NA stomach tablets, a prescription that has done more to cure indigestion and put the stomach in fine condition than all the specialists on earth.

A large 50 cent box of MI-O-NA stomach tablets is all you need to get quick and lasting relief. G. W. Peil guarantees them.

Mrs. Aitie Etson, of 93 Dun Road, Battle Creek, Mich., used MI-O-NA and within two months was in as good health as ever, and has a strong stomach and eats anything she likes. She attributes her good health to MI-O-NA.

If you have heartburn, belching of gas, heaviness or any stomach trouble no matter how chronic, try MI-O-NA stomach tablets on money back plan. Sold by G. W. Peil and leading druggists everywhere.

COLD WAVE TRAPS MANY.

Poor Chicagoans, Caught Unawares, Are Suffering.

Chicago, Dec. 1.—Old fashioned winter weather, the kind most persons detest, but a few superheated individuals rejoice in, has struck Chicago. Many poor people, caught unawares, are suffering.

Up in the northwest the cold wave is increasing in intensity and advancing eastward, below zero temperatures being reported from Montana, North Dakota and the British northwest. At Devils Lake, N. D., the mercury dropped to 4 below, while at St. Paul it was only 8 above zero.

Attell Wins From Moore.

New York, Dec. 1.—Abe Attell, the American featherweight champion, proved too scientific for Pal Moore, the eighteen-year-old Philadelphia boxer, in a one sided ten round bout at the Fairmont A. C.

Pennsylvania Earning Less.

New York, Dec. 1.—The Pennsylvania railroad has issued a statement showing a decrease of \$198,000 gross and \$572,000 in net earnings for the lines east of Pittsburg and a decrease of approximately \$1,500,000 in net earnings for the system as a whole.
