—One of our local auto enthusiasts, whose business is dedicated to the "Goddess of Music," was touring in the vicinity of Callicoon on Monday and stopped at one of the numerous (?) gasoline tanks (or garages) for more fuel. After receiving what he supposed was the required "juice" he proceeded to —. We almost said Honesdale, but he only proceeded a few miles when, for some reason or other the machine refused to work, and upon examination showed that the fuel was kerosene instead of gasoline. It is said that if the musician had had one of his Victor phonographs or one of Detective Burns' dictographs along, that the record of what took place while that machine was being cleaned and set in order would have made an Epic. At any rate they say that the dissolved (?) Standard Oil Co. gets a pretty good price for kerosene in Callicoon.

—The woodwork on the Presbyterian chapel is being refurnished by a coat of paint.

—Isaac Ludwig, of Equinunk, has joined the army of automobilists, having purchased a Torpedo Ford runabout of E. W. Gammell.

A cordial invitation is extended to the public.

—There was an assault and battery case before Esquire R. A. Smith, Thursday morning. Mrs. Fred Cory brought action against her husband Fred Cory, for non-support and assault and battery. P. H. Iloff, Esq., represented Mrs. Cory, while E. C. Mumford, Esq., represented Mr. Cory. Owing to Mrs. Cory being unable to secure her witnesses, the case was continued until Wednesday morning next.

—Mr. and Mrs. M. J. Mitchell of 1731 Jefferson avenue, Scranton, on August 28 will celebrate the fiftieth anniversary of their marriage. They will be at home to their friends on the afternoon and evening of that day. Mr. and Mrs. Mitchell were married in Hollisterville on Aug. 26, 1862, and made that place their home until about twenty-seven years ago, when they went to Scranton and entered the restaurant business.

—C. S. Haverstiek and P. C. Herbrich, of Philadelphia, representatives of the Fred Havens Company, who have the contract to erect the new building of the Gurney Electric Elevator Co., are in town. Mr. Herbrich will be the Superintendent of construction, while Mr. Haverstiek is here for the purpose of looking over the ground and ascertaining whether or not they can get sufficient labor and material to erect the foundation of the building.

—William C. Norton, of Aldenville, was in Honesdale Wednesday in the interest of T. J. Foster, of the International Correspondence Schools of Scranton. Before leaving Honesdale, Mr. Norton will visit the different dairies of full blooded Jersey cows with the purpose of purchasing a herd of fine cows for Mr. Foster's dairy at Dalton. Mr. Norton says that Wayne county has produced some good stock and therefore he claimed he knew where to come for it.

—The Business Men's association held their regular meeting Wednesday evening, at which time they donated \$25 toward the Wayne County Celebration. They also expressed their appreciation to the Erie Railroad for the present good train service. The railroad committee of the association was instructed to take up the matter of coal storage, so that the farmers and town people will be insured of having a sufficient amount of coal during the winter, and not running short, as was the case last year.

—John, young son of Mr. and Mrs. William Bunting, of Thirteenth street, cut the muscles of his right arm in twain by falling on some glass near the Maple City Green houses Wednesday evening. He and other boys were playing tag and in an effort to get away from being tagged John fell, cutting his arm and little finger quite badly. The father accompanied his son to Dr. P. Griffin's office, on Eight street, where the doctor was compelled to take eight stitches in the muscle of the lad's arm. The children were playing in a valley between two glass roofs of the green houses, when John fell.

—There are about 190,000 dairies in Pennsylvania. Ten per cent. of these, or about 19,000, are pronounced by Dr. C. J. Marshall, state veterinarian, "so filthy that they are a menace to health." Three times as many, or 57,000, are near being nuisances, while only 60 per cent. are ideal. Dr. Marshall tells the newspaper people that he intends to have the dairies now in operation in the state inspected and all that do not come up to the required standard will be closed. He declares that no dairy will be permitted to do business that is not properly equipped. By this he means that the dealer must bottle his milk and keep it on ice, while the returned bottles must be thoroughly sterilized before being filled again. Milk is the most important article of human food. It is likewise one of the easiest adulterated. For that reason no precaution can be too great.

—Lightning struck and set fire to the Presbyterian church at Elmhurst during Wednesday afternoon's storm and the building was burned to the ground. The flames spread to the parsonage. There was \$500 carried on the church.

—Thomas Caffrey died at his home in Bramans, Pa., last Monday night, aged about 59 years. Mr. Caffrey had been in poor health for a number of years, his ailment being stomach trouble. He leaves a wife and two sons, and was a brother of Mrs. Martin Moran of Hancock, N. Y.

Miss Anna P. Baker is convalescing, after being confined to her home by illness the past ten days. This form of illness seems rather epidemic with us just now. It is accompanied with high fever, chills, and cough, and variously called lagrippe, mild pneumonia, etc.

WHAT HELPS TO MAKE COST OF LIVING HIGH.

While Roosevelt was President he ordered the North Atlantic fleet to proceed to Oyster Bay to be reviewed. This was done to amuse and please his family and a few friends. This amusement cost the taxpayers of the United States over \$250,000. \$250,000 will buy 50,000 barrels of flour. 50,000 barrels of flour will make 10,000,000 loaves of bread. There are 5,000 families in Wayne county. This bread distributed among them would supply them with that article of food for over eight months. Do you suppose that if the "peepul" whom Theodore wants to rule with him as Ruler would stand this economic policy very long?

Church Notes

Choir rehearsals occur almost nightly, in preparation for the Summer night concert to be given on Friday evening, August 23. Everybody should plan to attend this concert which will be one of the great musical events of the year. The tickets have been placed at the popular price of twenty-five cents so that all can afford to attend and the one thing that you can not afford to do is to miss this concert.

FARM NOTES.

To fatten and fit up farm horse stock for sale is not a difficult task. Scatter the manure as you haul it, don't put into little piles all over the land.

The flower garden is a thing of beauty and has a place on every farmstead.

WAYNE COUNTY MAN DOPED?

Chris, Karcher Injured in Runaway Monday—Lost Money.

Last Monday afternoon while returning from Hancock, Chris, Karcher of Scott Center, Pa., was quite seriously injured. Near the home of John Smith, a short distance above Winterdale, his team became frightened and ran away, throwing him from the wagon. He was rendered unconscious by the fall, and Mr. Smith, who witnessed the accident, carried the injured man to the house, notified his family and summoned a doctor from Deposit.

Mr. Karcher brought a load of sheep to Hancock for Butcher Blencoe, and when settling with him Mr. Blencoe noticed that he acted strangely, in fact as if he was under the influence of some opiate. After receiving the check he drove aimlessly about town for a time before starting for home.

In addition to the check received from Mr. B. he had \$40 in cash in his pocketbook, but when he finally reached home the money and check were missing. Search was made Monday night about the spot where he was thrown from the wagon, but they could not be found. Upon a resumption of the search Tuesday morning the check was found, but no trace of the money. The peculiar part of the affair is that notwithstanding the fact that it had rained during the night, the check was not wet, and was found lying in the wagon track where search had been made the night before.

Members of his family state that his condition was normal when he left home in the morning. At the hour of going to press Mr. Karcher had not recovered sufficiently to tell what befel him after starting for Hancock, or account for the loss of his money.—Hancock Herald.

SCRANTON WANTS TO PLAY HONESDALE.

The Scranton All Stars would like to play Honesdale some time during the Wayne County Celebration. The Scranton All Stars is considered a crack team, having lost but one game out of fifteen played this season, and that was with Forest City. If Honesdale accepts the S. A. S., the manager is requested to correspond at once with Edward Gerrity, care the Scranton Times, to make arrangements for the game.

The following is taken from the Scranton Times: In a game that was hotly contested and replete with fast plays, the Scranton All Stars went down to defeat yesterday afternoon before the strong Forest City team on the latter's grounds. More than 3,000 people witnessed the contest. The final score was 10 to 9. It was not until the last man was out that the game was decided and so intense was the excitement that the fans' shouts for the home team could be heard for blocks.

When the ninth inning for Forest City rolled around they were three runs behind the visitors, but they kept up their lively spirit and by two hits and an error managed to send four runners over the plate. Dougherty began for the All-Stars but after the second inning was forced to retire on account of a sore arm. "Shanks" Murtha took his place on the mound and pitched excellent ball for the remainder of the game. Mike Boles' iron arm caught many of the Forest City lads when they attempted to pifer. The Scranton infield was a stone wall and it was but once that a ball managed to escape through it. Miskell pitched a steady game for Forest City, while his team mates played ably behind him. A triple play started by Dougherty of the Stars was the real big feature of the game.

SCHUERHOLZ PITCHING STRONG GAME.

Fred Schuerholz, of Honesdale, known in baseball as Madam Sherry has finally struck this 1910 stride and after a number of hard bumps in the International and Tri-State leagues, is again a winning pitcher. Failure to get into condition was probably the cause of the big fellow's failure in the International, where he pitched good ball for Providence, which club was a loser in 1911. Sherry threatened to quit the game when Manager Lake offered him a cut in salary this year and did not make the training trip, reporting when his terms were met a few days before the season opened. He fell down in Allentown and got a bad start at Youngstown, but he won his last four games, allowing less than eight hits in all of them.—From the Scranton Times.
