3 BURNED TO DEATH

Dog Upsets Lamp and Children Perish in Blaze.

CANINE WAS AFTER SOME MEAT

Pet Animal Was Guardian For Tuberculosis Sufferer, Who Slept in Tent in Yard—Jumped Upon Table, Overturning Lamp, Which Causes Death of Three.

New Brighton, Pa., Aug. 20.—Three children were burned to death and their parents severely injured in a fire caused by the explosion of a lamp upset by a dog when it leaped to a kitchen table for a piece of meat. The dead children are Edward Taylor, six months old; James Taylor, two years old, and John Taylor, four years old. Stanley Taylor and Mrs. Margaret Taylor, the father and mother, were seriously burned.

The dog was the guardian of Catherine Taylor, seven years old, who, suffering from tuberculosis, slept in a tent in the yard. Mrs. Taylor heard the explosion and, believing something had happened to her daughter in the yard, dashed out the front door of their two room cottage. Finding nothing wrong, she opened the kitchen door and flames enveloped her. The children were sleeping in the kitchen. The father tried to crawl through a window in a vain effort to save them.

Philadelphia, Aug. 20.—For the first time in the history of the Philadelphia police department it has been found necessary to employ Chinamen in a search for one of their countrymen who escaped immigration officials and is believed to have come here. Two Chinese are scouring Chinatown.

Lieutenant Little, commanding the district, denied that he had Chinamen working under him, but it was learned elsewhere that such is the case. Formerly there were special policemen, who, knowing every resident of Chinatown by sight, could pick out a strange face easily. They have died or been transferred to other districts.

PRESIDENT ON CANAL BILL.

Urges Resolution That United States Doesn't Intend Treaty Violation.

Washington, Aug. 20.—President Taft sent to congress a special message on the Panama bill. He urges the passage by congress of a joint resolution which will make it apparent before the world that the United States had no intention of violating the Hay-Panncote treaty.

This resolution, in the president's opinion, should take the form of a declaration that the present legislation will not supersede any treaty rights conferred by the Hay-Panncote convention. The president would leave it to the United States supreme court to construe the treaty and determine whether or not the granting of free tolls to American ships in the coastwise trade constituted a violation of it. The free tolls provision is the only objection that the president cites to the bill as it has been laid before him. The Democratic leaders of the house will refuse to support a resolution such as the president proposes, and his efforts along this line will ultimately fail. What the president will do when congress turns down his joint resolution has not been definitely settled.
