In our last issue we made three typographical errors in our report of the teachers' institute and we wish to correct these errors because they were of such a nature as to entirely change the meaning of the sentences in which they occurred. We therefore give them correctly as they were given us by the reporter. In Hon. Mr. Alney's speech "the honor of war" should read "the horror of war." In Dr. McFarlane's description of a trip across the Rocky Mountains the account should read "we climb and climb and sin drops behind." In Supt. Pietrick's discussion, "A Law of Teaching" a sentence should stand: "It is not fair to magnify the weaknesses of the children and hold them up before them."

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.
