The public is cordially invited to be present.

Reynoldsville needs a cleaning up. The stummy, stagnant water in front of several business places in town is not a credit to the borough; is not conducive of good health, and there is no excuse for having mud holes along the streets, therefore, it is high time something was done to wipe out such disease-brooders from our midst. The most effectual remedy would be sewerage.

**Thigh Broken.**  
Tommy Dixon, of Prescottville, fell from a crab apple tree last Wednesday afternoon and broke his right thigh.

**A Broken Arm.**  
Jack O'Brien was thrown from a horse last Wednesday afternoon and had his right arm broken as a result thereof.

**Communion.**  
Communion will be held in the Presbyterian church next Sunday morning. Preaching in the church on Friday and Saturday evenings of this week as preparatory services for the communion.

**Gone to Europe.**  
John P. P. Geisler, son of M. Geisler, the merchant tailor, left Reynoldsville this morning for Innsbruck, Tyrol, Austria, to attend the University at that place. He expects to be absent four or five years. John is a very bright young man. He will study for the priesthood.

**State Appropriations.**  
The state appropriations for school purposes for Reynoldsville borough and Winslow township for this year are: Borough, \$2,829.65; township, \$3,040.40. The appropriation last year for the borough was \$1,132.68, and for the township it was a trifle over \$1,200.00; making an increase for the borough of \$1,696.97, and for the township about \$1,800.00.

**Returned Again.**  
Rev. E. Cressman, pastor of the Trinity Lutheran church, returned last Thursday evening from Warren, Pa., where he attended the meeting of the Pittsburgh Synod of the Lutheran church of which body he is an esteemed member. He was again appointed missionary of the Reynoldsville mission which was the seventh time that he was returned by that influential body.

**The Wicked Fly.**  
This is the season of the year when the good man taketh his paper, looketh for a shade, lyeth down and readeth; he seeketh the ways of life continually; he seeth the advertisements and glories in the enterprise of man; he shutteth his origin of sight to meditate and his snore reverberateth throughout the land; the fly cometh nigh and buzzeth; he is full of wickedness, for when he hath crept under the paper he will tickle the good man's nose.

**Catfish.**  
Catfish have been very plenty in some of the pools in Reynolds grove, but few people discovered the fact, however, and they have been feasting on the horny swimmers. It is supposed that the fish drifted into these pools the time the dam broke at Sabula. A large number of little catfish are still in the ponds, but the large ones have all been caught. The fellows who were "onto it" would stir up the mud in the pools and the fish would come to the top and were easily caught.

**A Little Sufferer.**  
Henry, the little son of Rev. W. P. Murray, died at 3.00 A. M. Tuesday, Sept. 6th, 1892. The baby was almost eight months old, and has been a great sufferer about six months of that time. The parents thought for sometime that their boy would succumb to the severe pains that he had to endure, but they had taken courage recently and had hopes of his life being spared. Sunday evening cholera infantum seized his young life, from which he suffered intense agony until he died.

**Will Try City Life.**  
Woodward Reynolds, eldest son of David Reynolds, a promising young man who has been clerking for his uncle, J. S. Morrow, in the opera house block, for sometime, left Reynoldsville this morning for Pittsburg where he has accepted a position with a grocery firm. On account of his going away from home and yesterday being his birthday, a party was given at his father's residence last evening, which was largely attended by the young people of the place.

**Brookville Fair.**  
The new management of the Brookville fair says: "No hawkers, peddlers, or sharpers with games to beguile the innocent or swindle the unwary will be allowed upon or around the grounds, and only such amusements will be acceptable as represent such legitimate desires as are inherent in all normally constituted people." The Brookville fair within the past few years has not been free from hawkers, peddlers and sharpers. It is well that a stop be put to such things at a county fair.

**A Trifle Difference in Circulation.**  
Our young friend, James W. Stevenson, a reporter on the New York World, was in Reynoldsville last week and we gave him a complimentary notice, and jokingly remarked that he furnished news for the world. The Falls Creek Herald clipped the article and credited it to the New York World. Bro. Bangert must have clipped the article without looking at the heading and mistook THE STAR for the World. We are "above the world," for news, but its subscription list is a trifle larger than THE STAR's at present.

**Support Home Enterprise.**  
Most all the fellows who travel through the country wearing "boiled shirts," high hats, and are well gifted with "gab," find men to bite at their bait of making money easy. It is wonderful how many people there are who are always ready to invest money in some scheme that is presented to them by an entire stranger. These same fellows seldom have money to invest, or a good word to say, for a home enterprise. Notwithstanding the fact that newspapers are continually publishing articles about the failures and frauds perpetrated by building and loan association and other investment schemes from large cities that offer big inducements as baits, yet some fellows are always read to listen to the statements of the agent, thinking that while other companies fail it is impossible for the one they are asked to invest their money in should prove to be a failure. Time is a sure revealer of the soundness of foreign money making schemes. Be wise and invest your money in home enterprises.

**The K. G. E. Day.**  
Next Tuesday will be a big day at Reynoldsville. On that day the North Western Association of the Knights of the Golden Eagle will hold a re-union here. A magnificent parade of Sir Knights will take place at 2 P. M. Parade will form on Broadway, West Reynoldsville, at 1.30 P. M., right resting on Pike street. The Mountain Cliff Castle will serve dinner in G. A. R. hall and also in room opposite Hotel Belnap for 35 cents, children 15 cents. Presentation of the banner will be made in the G. A. R. hall after the business meeting of the association. Delegates will meet in I. O. O. F. hall immediately after the parade. A dance will be given in the opera house. Special trains will run from Punxsutawney, Big Run, Sykesville, Stanley, DuBois, Brookville, and Bechtrees, also excursion rates can be secured on the A. V. Ry from Fairmount.

**A Kicker.**  
David Johnston, the man who drives the Reynoldsville Hardware Co. team, had a very narrow escape yesterday. One of the horses he drives gets very active with its hind legs when the line gets under its tail, and the beast gave an exhibition on East Main street of its kicking ability when circumstance permits. When the horse commenced to kick Mr. Johnston attempted to get off the seat and fell out of the wagon and his right foot got tangled in the lines and he was dragged along a short distance until his shoe pulled off. Fortunately for him he was wearing congress shoes, otherwise the result might have been serious.

**Died from Blood Poison.**  
Mrs. Christiana Troy, sister of Thomas Tapper, the liveryman, died at the home of her mother in Prescottville at eight o'clock on the evening of the 30th ult., after an illness of almost one year. Mrs. Troy lived with her husband near Luthersburg and about one year ago she had her teeth extracted and blood poison set in, since which time she has been a constant sufferer. She came to the home of her mother sometime ago and there died. Mrs. Troy was nearly forty-seven years old. Her remains were buried in the Prospect cemetery Thursday. Rev. E. T. Dorr, Baptist minister, conducted the funeral services.

**Democratic Conference.**  
The Democratic conferees of the 37th Senatorial District, composed of Indiana and Jefferson counties, held a conference at Hotel Pantall in Punxsutawney last Thursday forenoon. The Indiana conference presented the names of J. Wood Clark and John H. Hill, and the Jefferson conferees presented the name of H. H. Brosius. Four ballots were taken and then Indiana conferees withdrew their men and Mr. Brosius received the unanimous support of the conference and, therefore, is the Democratic candidate for State Senate.

**A Good Map.**  
The best map of this state ever made, in seven colors, on bond paper, in strong cover. It is handsomer, handier, than any map yet published, and better because corrected every three months. All counties, rivers, railroads, post-offices. Any man can sell them and make money fast; send 15 cents for sample copy and agency, to The Caxton Union, Room 7, 134 Water street Pittsburg, Pa.

**A Short Strike.**  
The glassworkers in the Punxsutawney glassworks struck on Tuesday morning for an advance of twenty-five per cent. in wages. After deliberating and consulting together for one day a settlement was effected. Both sides made concessions, and the men went to work this morning.—Punxsutawney Spirit.

Robinson's weapon in the battle of trade, is shoes. Best goods for a reasonable price. No time to throw bricks or sell goods at 50 percent below cost.  
Girls! Tell your fellows to buy one of them nice new neck chains just received at C. F. Hoffman's, the jeweler.

## LABOR DAY AT PUNXSUTAWNEY.

Elaborate Preparations Were Made for the Occasion.

Labor Day doings at Punxsutawney were not witnessed by the immense crowd that would have been present were it not for the inclement weather, yet at the hour of six A. M. the town of Punxsutawney appeared to be alive for one of the greatest days ever witnessed there. Committees of Labor Assemblies could be seen making preparations for the day. The town from the Bells Gap railroad to the extreme end of Clayville was decorated with bunting and flags. About nine o'clock the storm clouds made their appearance and soon the rain was falling and many brawny men's faces gave expression of disappointment, as every arrangement had been made for one of the grandest Labor parades ever witnessed in Jefferson county. Notwithstanding the rain, Labor Assemblies to the number of ten turned out headed with bands of music. Sheriff J. J. Young was chief marshal. The parades marched through the principal streets, after which they went to the Lindsey grove where appropriate addresses were made by D. C. Gillespie and D. Wrights, which were listened to attentively until the rain came down so hard they had to leave the grove.

Hon. John McBride, president of the U. M. W. of A., arrived on the noon train. The committee of arrangement procured the opera house where, at two o'clock in the afternoon, Hon. McBride was introduced to the anxious crowd by the chairman. The speaker had a limited time to speak, as he had to leave on a 3.20 train. His address was such an impressive one that it will not soon be forgotten by the Labor organizations of Punxsutawney and other places in the county that were represented.

Andrew Benowitz, of Houtzdale, Pa., was present and addressed the Slavish associations, which were represented in the parade as Knights of St. Peter and St. Paul.  
Had nature given the sons of toil one of her beautiful days Labor Day at Punxsutawney would have been one of the largest gathering of miners and laborers recorded in the county. Labor Day, however, is destined to be the day for laboring men.

## Sunday Sickness.

An exchange colloquizes as follows, which will no doubt fit a few Reynoldsvilleites:

That Sunday sickness is the worst kind of sickness. It attacks church members almost exclusively. They are quite well on Saturday night, don't feel particularly bad until after breakfast Sunday morning, when there is a sudden collapse. A peculiarity of the disease is, that it passes away almost as suddenly as it comes, and on Monday morning the sister who was felling too bad to meet with her Savior on Sunday morning, is able to do a big washing, and the brother is able to be at his usual place of business. The disease baffles the skill of the ordinary physician; he has no remedies that will afford relief or effect a cure. This all too prevalent disease is known by the name of spiritual declension. In the end it usually proves fatal to all true piety and shipwrecks the soul.

## A Good Entertainment.

The elocutionary and musical entertainment given in the Baptist church last evening by J. J. Parsons, under the auspices of the Christian Endeavor, was an excellent one, and those who attended were highly pleased with the entertainment, which consisted of selections from best authors, dialectic renditions and vocal selections. As is usual with such entertainments the attendance was small. A negro minstrel takes better in Reynoldsville.

## Did You Get One?

Some people get nervous when they are handed a telegram, especially ladies, as they expect it to contain bad news; consequently C. F. Hoffman, the jeweler, has been frightening them with his telegrams from the "Wiseman's Union Telegraph Co." which are gotten up in a regular telegraphic form and the first words that catch the readers eye are, "Come at once." It is an advertising scheme.

## Its a Beauty.

The silk banner to be presented next Tuesday to the K. G. E. Castle that has had the largest per cent. of increase in membership during the past year, is a perfect beauty. It is on exhibition in Bell Bros.' show window.
