LOCAL LACONICS.

No school next week.

Thanksgiving November 24th.

All kind of Rubbers at Robinson's.

Thanksgiving Day cometh on apace.

A new roof is being put on Centennial Hall.

A large owl is now a boarder at Hotel McConnell.

A full line of high cut shoes at Robinson's.

Disipation is the devil's allurements to destruction.

A novelty store has been opened in Centennial hall building.

The DuBois Courier appeared Monday morning with a new head.

For envelopes, note heads, invitations, &c., call at THE STAR office.

A social dance was held in the club rooms last Thursday evening.

New Winter Millinery goods at Mrs. Kate S. Smeltzer, East Jackson st.

A new schedule will likely go into effect the latter part of this month.

"Widow Murphy's Goat" at Reynolds opera house on Thursday, Nov. 17th.

The new sixty-horse power boiler at the water works was fired up last Friday.

There were two mild cases of diphtheria reported in Reynoldsville last week.

A. T. McClure, of Pancoast, is minus four sheep that were necked by several canines last month.

Thomas Mahoney has opened a branch meat shop in the Foster building formerly occupied by Galvin's store.

L. W. Gardner has planted his photograph car for the winter in the vacant lot near Dr. Bowser's new residence on Main street.

Rev. H. G. Furbay being absent Rev. A. W. Hays, of Allegheny Seminary, filled the Presbyterian pulpit Sunday morning and evening.

Rev. P. J. Slattery, pastor of the M. E. church at this place, will preach in the M. E. church at Rathmel, Sunday, Nov. 13th at 3:30 p. m.

The Epworth League gave a "Peanut Social" in the lecture room of the M. E. church last Thursday evening. Part of the evening was spent in singing.

During the dry season Reynoldsville people were sufficiently supplied with good water. The water works at this place are something to be proud of.

Next week the teachers' institute will be held at Brookville and in consequence thereof, there will be no school from the 11th until the 21st of November.

Two weeks from to-morrow, Thursday, is the day named by President Harrison as a day of national thanksgiving. The Thanksgiving service will be held in the Presbyterian church.

Mrs. William Barkley had a sore and badly swollen hand last week which was caused by a scratch on one of her fingers while washing colored clothes and was poisoned thereby.

Allen Burtop, of Washington township, will have public vendue at his farm on Friday, Nov. 11th, to sell cows, calves, sheep and a two-year-old colt. Sale to commence at 1.00 P. M.

There will be a temperance meeting in Centennial Hall on Saturday evening. A good program, consisting of songs, recitations, &c., has been prepared for the occasion. Admission free.

Isaac Stevens, the one legged man who wanders into this place occasionally, will either be given into the hands of the poor overseers of Winslow township or Reynoldsville borough.

We received a very neat invitation Monday from "The Youth's Companion" to call at their "New Home" whenever in Boston, Mass. It is a cute scheme for getting a free "send-off."

The Courier gave a report of the League convention held at this place last week and as usual with the bigoted sheet, said the most interesting topic of the session was presented by a DuBois man.

Sandy Valley has four mails daily, two from the east and two from the west. A letter can be mailed here in the evening for Sandy Valley or Pancoast and receive an answer in the morning.

The DuBois Courier says Nelson Swanson and Miss Ada Walker, of Reynoldsville, William H. Morshead, of Eleanor, and Miss Fanny Phipps, of Reynoldsville, were married at DuBois last Saturday.

J. C. McEntire, the blacksmith, met with an accident Saturday that might have cost him the sight of one eye. While engaged at his work a piece of hot iron struck him on the eye and burned it severely.

Election returns were received at Centennial Hall last evening. Tickets of admission were sold for twenty-five cents apiece to meet the expense incurred to get the returns, which amounted to thirty dollars.

The Republican meeting held at Punxsutawney last Thursday evening was largely attended. A special train of four coaches was run from Reynoldsville and about three hundred and fifty people went from this place.

Perry Brink, a noted old man who was formerly numbered with the denizens of "Poverty Flat," but who has been living in Indiana county for about two years, was in Reynoldsville last week. Perry attempted, at least, to make a good appearance with his grey nag and buggy not recently new.

The May Davenport Burlesque Co. appeared at the opera house last night to a fair-sized crowd. Such shows are demoralizing and should not be patronized, and yet we have been informed that there were old grey-haired men there. Notwithstanding the crowd, it was difficult to find any one this morning who was there.

Among the delegates to the Epworth League convention last week was R. Rulofson, of Strattonville, who is over seventy years of age. He is a very active and energetic man, and a good talker. He is remarkably lively for one of these score and ten and his appearance does not bear out the statement of his age.

The Ridgway Democrat says: "The Oil City Fuel Supply company are laying lines of six inch pipe from each of their Millstone wells to connect with the main line at the old Wyncoop home-stand, where they have lines to DuBois, Reynoldsville and other points. They have between fifty and sixty men at work grading, ditching and laying pipe."

The School Directors' Association of Jefferson county will meet in the court house at Brookville on Thursday, Nov. 17th, at 10:30 a. m. Important topics will be discussed by able men. It is hoped that every school board of the county will be represented in the convention by one or two delegates, whose expenses should be paid by the board out of the funds of their district.

The councilmen held their regular monthly meeting at Thos. H. Scott's office Monday evening. A petition was presented asking that the borough request the water company to extend the pipe from Ed. Clark's, on Main street, to borough line. The burgess reported \$28.00 as the amount collected by him during the past two months. As the burgess is unable to catch all the peddlers who come to town, he was authorized to appoint four more police, they to be paid out of the arrests they make. A number of small bills were presented and ordered paid.

Tuesday was Mrs. Jacob Deible's birthday and a number of friends gathered at her home on Grant street and honored her with a birthday surprise party. Mrs. Deible was at Dick Jennings' for supper and was greatly surprised to find about thirty-five people at her home when she arrived there. Good cheer flowed freely during the entire evening and substantial refreshments were served. The "surprise" was the recipient of a rocking chair and other presents. Mrs. Deible was well pleased with the actions of her friends.

Rev. T. Brady, of the Catholic church, tied the nuptial knot four times this week. A double wedding Monday morning, Misses Mary J. and Gertrude Liebeton, of Prescottville, were married to two Rathmel gentlemen. Tuesday morning John Shannon and May Austin took the marriage vows, and this morning John Tohey and Miss Mary Martin, daughter of Michael Martin, entered into the state of matrimony. We are unable to say whether Father Brady has been engaged to perform the marriage ceremony for any person to-morrow morning or not.

Hall & Vaughan's large tannery at this place is lighted with electricity, requiring seventy-five 16 candle lights to illuminate the works. The wires which have been in use for five or six years have burned out and the plant is being re-wired this week and in consequence thereof the whistle has been blowing at five minutes of seven o'clock in the morning, half past twelve at noon and twenty-five minutes after five o'clock in the evening. This cuts the dinner hour fifteen minutes shorter than usual. When the electric light is in working order again the whistle will blow as before, 6.45 A. M., 12.45 P. M., and 5.35 P. M.

Looks Democratic.
As we go to press all returns are strongly in favor of Grover Cleveland as President of the United States. Of course it is not conceded yet, but there is little doubt of his election now.

"It Was the Cat."
A Grant street lady, prominent in one of the churches of this place, baked four pies Sunday forenoon and set them out to cool and the cat ate one of them. Her conscience was more trouble to her than the cat was.

A Driver Injured.
(Falls Creek Herald.)
A driver at London mine was quite seriously injured Wednesday night about twelve o'clock. His name is John Lane and he was taking a door in the mine on a car. The door struck something and was thrown back striking him in the face, cutting his nose and injuring his eye. Dr. Henry of this place was first called and rendered assistance and later Dr. Free of DuBois was also summoned. The probabilities are that he will be getting along all right in a few days.

What is a Newspaper?
Bill Nye's definition: "It is a library, it is an encyclopedia, a poem a history, a dictionary, a time table, a romance, a guide, a political resume, a ground plan of the civilized world, a low priced miltum in parvo. It is a sermon, a circus, an obituary, a shipwreck, a symphony, in solid brevity, medley of life and death, a grand aggregation of man's glory and his shame. It is, in short, a bird's eye view of the magnanimity and meanness, the joys and deaths, the pride and poverty of the world, for a few cents."

A Terrible Warning.
(New Bethlehem Vindicator.)
James Haley, Esq., died at his home in South Bethlehem at about one o'clock on Monday morning. Excessive indulgence in intoxicants was the cause. He got up about an hour previous to his death and came down stairs, which awoke his mother who got up and ministered to his want by preparing the lounge for him and making him a cup of tea. After lying a short time he got up and attempted to walk to the door, but fell upon the floor, dead, before reaching it. Mr. Haley was about thirty-five years old, a good-hearted, clever fellow, who had many friends and one great enemy, whom he was unable to withstand. He had made many efforts sometimes appearing to get the mastery over his foe for many weeks, when he would relapse his vigilance when in the company of congenial friends, only to be pulled deeper into the quick sand into which he was sinking. "Poor, kind hearted Jim Haley is dead," was the word passed around on Monday morning.

Shoe Social.
The Daughters of Rebeckah gave a "shoe social" in the Odd Fellow's hall last Monday evening, which was a complete success for pleasure, if not financially, and yet the ladies found their treasury increased almost twenty dollars after the affair was over. The forepart of the evening was spent in enjoying singing, recitations, &c., but when the "shoe social" proper was inaugurated then the fun commenced. The ladies had hung a curtain across one part of the room almost touching the floor, and the fair sex all got behind that and stuck the tips of their shoes out under and were auctioned off. The highest bidder for the pretty feet that appeared under the curtain had the pleasure of helping devour the contents of a well filled box of edibles which the lady had prepared. The smallest feet was no indication that there would be a shortage in supply of good things to eat. The social was pronounced an enjoyable affair by all those who attended. There were fifty present. The Daughters are a kind hearted class of ladies and some of them thought of sending the print shops some of the good things, but their courage failed before the box was prepared.

Better Passenger Service.
We mentioned last week that the officials of the A. V. R'y were thinking of giving the patrons of the road a better passenger train service. It is now a settled fact, but just when the change will be inaugurated we are unable to learn, yet it will be ere long. The evening train will be run through to Driftwood, as stated by THE STAR, to connect with the east bound mail on the P. & E., and the Brookville accommodation will likely be run to New Bethlehem instead of stopping at Brookville, as it now does. This change will make the run from Driftwood to Red Bank and return in one day such a long one that an extra crew will be put on. This will promote M. J. McEnteer, conductor, of Reynoldsville, and Pat. Horn, engineer, to regular passenger runs. There is no doubt but what the above named gentlemen will take charge of the Brookville accommodation, and Daniel Foust, conductor, and James W. Montgomery, engineer, who now run the accommodation, will assist in running the mail trains. The new trains will be convenient for the travelling public. Driftwood people can then leave home at 5.00 A. M. and get to Pittsburg at about 1.00 P. M.

Borough and Township Vote.
There were 576 votes polled in the Borough yesterday, an increase of 52. The new law worked very nicely and there were only about eight who spoiled their ticket and had to ask for the second one. The vote in the Borough and Winslow township was as follows:

An Excellent Opportunity for Miners to Qualify Themselves for Better Work.
By reference to the advertising columns of THE STAR an announcement will be found setting forth a system of home study in mining and mechanics. The system was established by the Colliery Engineer, a periodical published at Scranton and devoted to mining interests. The school was started about a year ago, and up to date over one thousand pupils have been enrolled. The course of study is pursued somewhat after the famous Chautauquan plan. It is carried on by correspondence, and the only qualifications necessary to enter it is to be able to read and write. Question papers are mailed to each student which are filled out and returned for examination. The papers supply the place of text books, and no student is put to the expense of providing himself with a costly set of books at the start. The scholarship embraces: Arithmetic, Ventilation, Geology, Search for Coal and Other Minerals, Modes of Working, Surveying and Mapping, Mechanics, Ambulance, Mine Legislation and Mine Accounts. Other subjects are taught and an advanced course can also be taken. The corps of instructors are all practical men having both experience in the mines and the schools. The terms for the course are \$5 in advance, or \$40 payable in installments. The only other necessary outlay is for postage and stationery, which is trifling. A scholarship can be secured at THE STAR office very reasonable terms. Call and see.

Herald is Mistaken.
Bro. Bangert, of the Falls Creek Herald, thinks we have eyes for only one side of the fight between the Herald and Clearfield Journal, or that we are a warm friend of the Journal man. We do not even exchange with the Journal of Clearfield, but do not believe the Falls Creek Herald was justified in using the language it did in attacking the editor of the Journal. If one editor forgets the respect his readers demand of him, is no excuse for another editor to overlook the position he holds and use obscene language to retaliate. We were not objecting to Bro. Bangert attacking the Journal man, but it was the language he used that led us to say the "rankest article we have seen in many a day." We are a warm friend of the Herald man, but if McQuown is guilty of over-stepping the bounds of common decency and using obscene language, it does not excuse the editor of the Herald. Bangert is a real live and energetic young man and gets out a good paper, but when writing the article referred to his temper must have surely gotten the better of him.

She Took Poison.
A sixteen-year-old maiden of DuBois took a half ounce of bedbug poison Sunday night in the presence of the young man who had informed her that they would call it quits. The girl had become entangled in the silken threads of love and to be so unceremoniously jilted by her sweetheart was more than her tender years could stand and on the impulse of the moment she preferred death rather than to tread this mundane sphere without the man she loved so intensely. A doctor was quickly summoned who prescribed for her and the foolish girl will doubtless get well and live long enough to love a half dozen fellows with the same calf love which was bestowed upon the fickle youth who cast her aside.

Want a New Station.
Kittanning wants the A. V. R'y to build a new depot at that place. Probably the fine one at New Bethlehem has just revealed the fact that the depot at Kittanning is a "disgrace to the railroad company, as it is dark, dingy, ill ventilated, small and inconvenient," according to the Times' story.

EPWORTH LEAGUE MEETING.
Four Interesting Sessions—Many Delegates Present.
The first Epworth League convention of the Clarion District was held in the M. E. church at this place on Wednesday and Thursday of last week. Hereafter the convention will be held semi-annually. The young people of the Reynoldsville League made a special and successful effort to make the delegates feel welcome and have a pleasant time while here. The reception committee met the delegates at the trains and the ladies were hauled to the church in Hotel McConnell bus. The church was beautifully decorated with flowers and evergreen, and the Leaguers received a hearty welcome. The first session of the convention opened at 2.40 p. m. Wednesday, with the District president, Rev. J. C. Gillette, presiding. After singing and prayer Miss Verna E. Bing, in her usually graceful and pleasing manner, delivered an excellent address of welcome, which was responded to by Rev. J. G. Harshaw, of Salem. The president made a brief statement of the object of the convention. The program called for three "Looks" at the Epworth League, "Its Back-Look," "Its Out-Look" and its "Up-Look." The first, "Back-Look," was presented by Elmer Hipple, of New Bethlehem. According to his statement the League membership now numbers 500,000, and the district membership is 9,000. A general discussion followed. The "Out-look" was presented by W. W. Clawson, of Punxsutawney. R. Rulofson, Rev. D. A. Platt and Rev. Harshaw talked encouragingly on the League's "Out-Look." The "Up-Look" was not presented as the Highland Chapter had charge of that topic and failed to send the delegate who was to present it. The next on the program was "The Epworth League Platform." A committee on resolutions were appointed. M. Fred. Reed was appointed to solicit funds to erect an Epworth League building at Strattonville. R. Rulofson subscribed \$100.00 to the new building. The delegates were assigned to the places where they were to be entertained and the convention closed until 7.30 p. m., when Rev. W. H. Bunce, of Greenville, delivered an able and eloquent lecture, using as a nucleus, "Two Pearls," the "Pearl of Trust" and "Pearl of Service." The church was packed with people who were not only delighted with the lecture but were also glad to see the lecturer, who was pastor of the M. E. church here for four years.

The Thursday morning session opened with a prayer and consecration meeting conducted by Rev. P. J. Slattery. The minutes of the previous session were read and approved, and the first subject on the program was taken up, "The District League, How may it be made most useful?" It was opened by Mr. Conrad, of Brookville. Miss Minnie Miles, of Ridgway, gave an interesting talk on "Junior League Work." The next subject discussed was "League Workers and Shirkers," which was opened by Elmer Kritzer, of Luthersburg. And, judging from remarks that followed, there are more shirkers than workers. District League meeting was next. At this part of the convention there were some lively discussions that had not been mentioned on the program. The president read the reports that he had received. Miss Minnie Miles was elected corresponding secretary. The next convention is to be held at New Bethlehem. The time of the convention will be fixed by the program committee. J. O. Lenkard, of DuBois, read an excellent paper on "Young People's Devotional Meetings." Mr. R. Rulofson did justice to the subject of "Socials and Social Entertainments." The reports show Ridgway Chapter to have the largest membership in the district.

The fourth and last session opened at 1.30 p. m., Thursday. After singing, prayer and adoption of the minutes, the "Epworth League from a Business Man's Standpoint," and "Some Difficulties in the League and how to overcome them," were discussed and proved very interesting to all Leaguers present. "The Epworth League," 1st, "The end to be attained;" 2nd, "Responsibilities of Officers;" 3rd, "Responsibilities of Members," were discussed by four or five delegates. The resolutions were read and adopted, and in substance were as follows: Advocated temperance, commended the Epworth hall at Strattonville, that one person be chosen from each League to solicit funds for the Strattonville building, tendered a vote of thanks to Rev. Bunce for his lecture, to the president and secretary, to the League, to the choir, and people of Reynoldsville for their kind entertainment. The first League convention, which was pronounced a grand success, adjourned at 4.30 p. m. sine die.

Here's Your Chance.
The following epistle was found written inside a grape basket at Schultze's store the other day:
BROOKTON, N. Y., Oct. 17, 1892.
MY DEAR FRIENDS:—If any young man wishes to correspond with a dandy grape packer, as they call us, just write to me. My complexion is dark, dark eyes, black hair, age only seventeen. I should be delighted to write to some young man my age. My home is in Dayton. Write to
MISS M. E. MULDOON,
109 Terrace St., Dayton, Ohio.
