The Elk county teachers' institute will be held at St. Marys next week. There has been much newspaper comment on holding the institute outside of the county seat—Ridgway.

Two fights occurred on Main street last week, one on Friday night and the other Saturday night. There should be some way to stop these midnight brawls.

The Patton Courier advertises for a large quantity of Chestnuts. Come now Green, you don't propose to lower the standard of your excellent paper by giving your readers chestnuts this winter, do you?

The A. V. R'y Co. sells excursion tickets to Pittsburg Exposition on Wednesdays for \$4.20 for round trip which also includes admission into the Exposition. Tickets on sale to-day and Oct. 10th and 17th.

Mountain Cliff Castle, No. 359, Pleasant Valley Temple, No. 25, and the Keystone band went to Brockwayville this morning to attend the Knights of the Golden Eagle reunion at that place. Past Chief E. Neff, will be commander of the first division in the parade.

Jasper McEntire, a member of the L. J. McEntire & Co., grocery firm, has been doing most of his walking on one foot for a few days. The wherefore of this is because he stepped onto a board with an old nail in it and the nail was also into his foot before he could stop.

John H. Kaucher, cashier First National bank, has purchased the lot at the corner of Main and Russ streets, adjoining Rufus Kirk's residence, and will build a fine frame house on the lot. Mr. Kaucher is getting plans now and expects to commence his new house this fall.

Some people may think the Reynoldsville Bi-Chloride of Gold Institute is not doing any business, but the Institute has a patient occasionally. An effort will be made to double the work of the Institute. It is a good thing and should be patronized by quite a number of Reynoldsville people.

The Paradise ball club came to town Saturday afternoon and proceeded into a contest with the Reynoldsville club to see which nine could chase the most runs into home base in nine innings. The Paradise boys can play, but they were not "in it" Saturday. The score was 18 to 6 in favor Reynoldsville.

The Pittsburg Exposition is more attractive this year than any previous year. Among the attractions are the following: 65th Regiment Band of New York; 13 pieces, greatest band in America; magnificent art gallery; beautiful fishery; model cake plant; electrical effects; mechanical novelties; Exposition chorus 250 voices. The Exposition is worth going many miles to see.

If you want to save your money, invest it in the German National Building and Loan Association of Pittsburg; it has advantages that no other association in the state gives. Inquire of Henry A. Reed, the shoe man, for particulars. Remember there is no entrance fee. It will pay you to consult Mr. Reed as he is thoroughly posted in Loan's and can show big inducements to the investor and borrower, and give printed matter fully explaining the workings of the Association.

The Reynoldsville base ball team went to New Bethlehem Monday to play two games with the club at that place. Our boys came home without even a small victory on their bats. The morning game was 21 to 6 in favor of New Bethlehem, and the afternoon game resulted in a score of 10 to 3 in favor of the winners of the first game. It was rumored at New Bethlehem that Reynoldsville was going to have a Philadelphia battery with them. The New Bethlehem club imported three players Franklin, one from Oil City and two from some other town for the occasion.

Jackson St. Too.
If the "borough dads" can bond the borough for the amount required they will likely not only extend the paving on Main street, but will also pave Jackson street.

Court Says "Not Guilty."
Lavern Rumbaugh, the West Reynoldsville lad who was arrested the 15th of last August for attempting to wreck a train on the A. V. R'y near Fullers station in March of this year, was cleared in the Jefferson county court last week.

Just The Thing.
The town council is going to pass an ordinance at its next regular meeting prohibiting children from being on the streets after 8.00 P. M. unless accompanied by their parents. This will certainly be a good ordinance, although the boys may think otherwise. Entirely too many boys of tender years are allowed to run the streets after night. Under the cover of night boys are lead into devilishness and learn bad habits that does not have a tendency to make for their good in after years. It is far better for the children that they spend the evenings under the parental roof.

Heiner It Is.
D. B. Holner, of Armstrong county, was nominated at Brookville Monday forenoon as Republican candidate for Congress in the 21st district. The congressional conference met twice at Jeannetta, Pa., without making a nomination. The conference met at Brookville on Tuesday of last week and was unable to make a nomination until the above mentioned time and only then by F. A. Weaver, Jefferson's candidate, withdrawing and the Jefferson county conference joining with Armstrong and Indiana in supporting Heiner. The nomination was made on the three hundred and twenty-fifth ballot.

Second Edition.
This paper, with a number of exchanges, herald the news that a special passenger train on the B., R. & P. R'y made a run of ninety miles in as many minutes, from Bradford to Falls Creek, during the G. A. R. encampment week at Pittsburg. It has since been learned it was only a railroad joke on the newspapers. The distance is less than 84 miles instead of 90 miles, and the run was made in something like three hours. Not quite so fast as first reported. The story was told the Bradford Era man and he gulped it down so easily that it was told to other newspaper men and they also were easy victims. See!

Ubiquitous Tramp.
The tramp is an independent genius, if he does not possess enough of the "coin of the realm" to entitle him to an upholstered seat in a passenger coach, he can crawl under the train and perch himself on the trucks and travel just as fast as the honest man who rides in the coach. The A. V. R'y has become strict about allowing tramps to ride on freight trains and this class of tourist, who are ever and anon agoing and don't know where to or what for, have adopted the passenger-train-truck mode of going from place to place. Two young fellows were too slow in getting under train No. 1 at the Reynoldsville water plug Saturday and missed a ride. Another way the tramp has of getting over the country is to ride on top of coaches and baggage cars on night trains.

Give In Your Name.
The Reynoldsville Lecture Association met last Thursday evening in the gas office and re-organized with the following officers and members of the Association: President, F. M. Brown; secretary, C. A. Stephenson; treasurer, Dr. B. E. Hoover; G. W. Palen, L. M. Simmons, W. C. Elliott, H. Alex. Stoke and Jos. S. Hammond. The town will be canvassed to see how many people will take season tickets as a guarantee so the Association can engage lecturers for the course. It is not a money making scheme for those who belong to the Association, but it is to give our people the privilege of hearing good lecturers. All our neighboring towns have lecture courses and there is no reason why Reynoldsville should not have a course. It would save the committee considerable work if those who will take tickets will notify any member of the Association. Don't wait until you are asked.

Caused by a Rat.
Frank J. Black, proprietor of Hotel McConnell, took a tumble last week which deprived the guests of that hostelry of his smiling countenance and genial presence for three or four days. When the accident happened Mine Host was busy looking after some guests and his dog Fannie was busy looking after a rat that had wandered from its accustomed haunts and had visited the hotel office. Just as Frank was hurriedly coming from behind the office bar the dog was going in the opposite direction in hot pursuit after the file-tailed rodent and the canine got tangled up with the proprietor's feet. Frank made some wild gestures and frantic efforts to retain his equilibrium, but all to no avail, for down he came. There were no windows broken in the house by the fall, nor did Mr. Black sustain any broken bones, but he did injure his left hip so badly that he could hardly take a long breath for several days and was confined to his bed for three days.

Want a New County.
The Falls Creek Herald contained a half column editorial last week agitating the forming of a new county out of part of Elk, Clearfield and Jefferson counties and making Falls Creek the county seat. The Herald cites the disadvantages the people of Punxsutawney and Brockwayville, in Jefferson county, and Sabula and Penfield, in Clearfield county have to contend with in getting to their respective county seats, and then speaks of the conveniences of having Falls Creek for a county seat.

The Dubois Courier took it up Saturday morning and said, "those who noticed the Herald's article here yesterday morning looked upon it as incorporating some very ridiculous ideas, particularly that of making Falls Creek the county seat of a new county." The morning paper also adds that "the Herald is the organ of a land syndicate which has for its head the Hon. A. C. Hopkins, one of the most far-seeing men in the state, or in the country anywhere, and he is as keen as Bessmer steel, and it is assured that he has anticipated the new county possibilities and through his influential relations with men in the State who exercise power at Harrisburg, expects to make Falls Creek a county capital."

The Courier of course thinks Dubois is the town for the new county seat, but if it must go to Falls Creek, then Dubois is willing to adopt Falls Creek and honor it with the name of Dubois. By the way, the new county is only newspaper talk yet.

School Notes.
Night school opened in the public school building Monday evening with over eighty scholars. Prof. Hilliard had charge of the school that evening but it was found necessary to open another room and Prof. Postlethwait took charge of the second room last night. It is thought that there will be so many scholars that another room will have to be opened and if so it is likely that Bert Woodward will have charge of it.

There were 724 scholars enrolled in the borough schools the first month, with an average daily attendance of 640. Three hundred and twenty-three pupils did not miss one day of school the first month, and one hundred and fifty others only missed one half day each.

Noon hour for the pupils of the borough schools has been shortened. School takes up at 1.10 P. M. instead of at 1.30 P. M. as heretofore.

Presco Change.
Clarence H. Patterson, ex-clerk at Hotel McConnell, of this place, and recently clerk at the Commercial Hotel at Brookville, resigned his position at the Commercial last week. He has since been offered a position as clerk at the Central Hotel in Brookville, which he has accepted. He is spending this week at Reynoldsville but will assume his duties at the Central sometime next week. Clarence is a very accommodating young man and quite a favorite with the traveling public, and will be a good addition to the already popular Central Hotel. This hotel has been recently remodeled and renovated and greatly improved and it bids fair to become more popular with the commercial tourists and traveling public in general as the days go by. The Central runs a free bus to and from the trains. Sam'l Arthurs, proprietor, understands the hotel business.

A Wise Bird.
Last Friday as the somber shadows were chasing daylight from our town a pheasant flew up Main street and fell to the ground in Sam'l Reynolds' front yard. Frank Sutter swooped down on the innocent bird and caught it. Casper Hoffman, the jeweler, has the pheasant at his store. It is likely the pheasant is posted on the game law and knew the season opened on the 1st inst. and it thought the best plan for it to adopt was to come into town before the season opened and hunt some store that does not advertise and thus have a quiet and safe place to spend the season during which it is lawful to kill pheasants. It was certainly a wise bird but it failed to reach some store that does not advertise before it was caught.

Photographs \$1.50 per Dozen.
Now is the time to have your pictures made. W. E. Lenney, of Newport, Pa., has returned to Reynoldsville and is making those beautiful \$3.50 pictures for \$1.50 per doz. for just 21 days, ending Saturday, Oct. 20th. You are all aware that W. E. Lenney turns out as good work for \$1.50 as can be gotten anywhere, so don't miss this opportunity before prices go up, but have your pictures made at once.

Fell Down Stairs.
Mrs. George Sprague, an old lady almost three score and ten, fell down a flight of steps into the cellar at her home yesterday afternoon, and besides sustaining a few bruises and a nervous shock one bone of her left wrist was broken.

For Sale.
A store and valuable property for sale on Main street, opposite Burns House. Inquire of William Copping.

At King & Co.'s you will find baled hay, salt, flour and a full line of general merchandise.

Town Council.
All the members of town council with exception of Dr. S. Reynolds, attended the regular monthly meeting held in the council chamber Monday evening and disposed of the following business: Council was asked to open east end of Grant street. Street committee was instructed to investigate the matter and report at special meeting to be held Oct. 9th.

J. C. Burns presented a petition signed by 286 tax payers asking council to extend the paving on Main street from Presbyterian church to Tom Reynolds' dwelling on east Main street. Council appointed a committee to wait on borough attorney and ascertain to what amount council can bond borough. The petition is to be held over until special meeting night, Oct. 9th.

Burgess reported fines, licenses, permits, etc., for August and September amounting to \$22.00.

The following orders were drawn: Thos. Shields \$10.00 for police services for five Saturday nights at \$2.00 per night; Dr. A. H. Bowser, president Board of Health, for one year's services \$100.00, less amt. already received as reported; E. L. Evans, sec. Board of Health, for one year's services \$25, less amt. received as reported.

The following amounts were reported paid into Board of Health for the year, which was applied on salaries of Board of Health officers: Dr. Bowser received on burial permits, \$30.00, transit permits \$1.50, disinterment permits 50 cents, hog permits \$3.25; total \$35.25. E. L. Evans, hog permits \$11.25. A few other bills were ordered to be paid.

Council decided to build a new bridge over Soldier Run on Worth street. A motion was made that Eph Foster's bid to furnish stone and build abutments for Worth street bridge at \$3.50 per perch, providing Mr. Foster signs an agreement to build wall three feet thick, battered 4 inch to the foot from low water mark; said wall to be 16 feet long with two five foot wings on each side of each abutment, and that a top course be laid of two foot stones not less than one foot thick in order to bind balance of the wall.

Sam'l Tilton Reynolds asked council how many arc lights the borough would take at \$90.00 per year to light the streets; said lights to burn all night? It was held over for future consideration.

Ordinance committee was authorized to draw up an ordinance to keep children under 12 years of age off the Main street after 8.00 P. M., unless accompanied by their parents or guardians.

Thos. Shields, who had been appointed to look for a location and prices for getting a room for Hose Co. No. 2, reported as follows: Borough can purchase Burns property, formerly occupied by D. W. Atwater, for \$2,500.00; Nolan lot opposite school house, \$400.00; Jerry Hoekman property, two lots and house, \$1,150.00. A committee was appointed to view the lots and report at special meeting.

Street Commissioner reported work done on streets in September to the amount of \$51.86.

Five of them, Gratena, Joe and Leonard Macro and one other for keeping a bolterous house on East Main street, and Andonio Colosondo, for shooting two shots into plaintiff's house. The warrants were issued by Justice Wilson at Punxsutawney and served by Constable R. B. Chambers, of Big Run, assisted by Constable North of McCalmont township and the Italians were taken before Esq. E. Neff for a hearing. They waived a hearing and gave bail.
