and the Paper Proves It.

You have only to see Pittsburgh Paper to realize that the leading artists of the world conceived and executed these beautiful and decorative ideas. No other line of wall decorations have the uniform excellence of design and color effects. Every pattern is a beautiful work of art. Yet not too fine nor delicate for practical use. No matter what the quality, the same amount of judicious artistic sense has been exercised. The desired effect has always been attained—beauty and utility. Pittsburgh Wall Papers are sold in Reynoldsville only by H. ALEX STOKES.
