Is a Humming Bird.

Gossip is a humming bird with eagle
wings and a voice like a foghorn, says a
western editor. It can be heard from
Dan to Beersheba and has caused more
trouble than all the bed bugs, ticks,
fleas, mosquitos, coyotes, grasshoppers,
chinch bugs, rattlesnakes, sharks, sore
toes, cyclones, earthquakes, blizzards,
smallpox, yellow fever, gout and indig-
estation that this great United States
has ever known or will know when the
universe shuts up shop and begins the
final invoice. In other words it has got
war and hades both backed up in the
corner yelling for ice water.

A Real Wonderland.

South Dakota, with its rich silver
mines, bonanza farms, wide ranges and
strange natural formations, is a verit-
able wonderland. At Mound City, in
the home of Mrs. E. D. Clapp, a won-
derful case of healing has lately occur-
ed. Her son seemed near death with
lung and throat trouble. "Exhausting
coughing spells occurred every five
minutes," writes Mrs. Clapp, "when
I began giving Dr. King's New Dis-
covery, the great medicine, that saved
his life and completely cured him."
