NEARLY BROKE THE RECORD

Coal Output Is the Second
Largest in History.

Fifth District Inspector's Re-
port Gives Much Interest-
ing Information About Le-
high Region Mines.

William H. Davies, inspector of mines
for this, the Fifth anthracite district,
last evening forwarded to the Bureau of
Mines and Mining at Harrisburg his
report of mining in this district during
the year 1901. The report contains
much interesting data. It shows that
with but a single exception, that of
1895, the shipments from this field
during the past year were the largest in
its history. The total production for
the year was 6,374,939 tons, an increase
of 204,155 tons over the previous year.
The total for 1895 was 6,590,966 tons.

The report further shows that in com-
pliance with the new mine law all of the
coal companies in this district have
equipped their mines with medical
stores and appliances for emergencies.
In and about the mines were em-
ployed 1,700 mules and horses; 616
cylindrical boilers and 291 tubular boil-
ers, 107 steam locomotives, 11 air motors,
594 steam engines, 23 air compressors,
15 electric dynamos and 157 pumps.

The total number of men employed
outside was 6,740 and inside 9,368.
Following is a summary of the pro-
duction for the year, showing the num-
ber of tons of coal mined by each cor-
poration or firm:

jured were Hungarians, 18; Poles, 14;

French, 1.

Pittston Remonstrances.
The fight of Rev. J. K. Fletcher, of
Pittston, against eighteen saloonkeepers
there was heard in court yesterday.
Mr. Fletcher was aided by the Muni-
cipal League of Scranton and six de-
tectives who obtained evidence.
Many witnesses were put on the stand
to prove that the saloonkeeper had vi-
olated the law by selling on Sunday and
also to miners. From five to ten men
had been found drinking in each of the
saloons on Sunday night.
If successful in this fight Mr. Fle-
tcher will continue his campaign against
other saloons.
During the hearing of the remon-
strance against John Hayes, he testified
that the place where he intended to have
his hotel at Harvey's Lake was burned
down on Monday, and that he suspects it
was of incendiary origin.

Closed the Colliery.
As a result of the trouble at the Not-
tingham colliery, Plymouth, the com-
pany has posted a notice to the effect
that the colliery will be idle until fur-
ther notice. The two firemen who were
discharged for examining working cards
in the company's time called upon Su-
perintendent's Richards and Morgan and
they refused to reinstate them.
A meeting of the employees of the col-
liery was held and the result of the visit
of the firemen to the officials was re-
ported. The intention was to take decisive
action, but during the afternoon the
officials posted notices suspending opera-
tions and the employees decided to refer
the whole matter to the executive board
of the United Mine Workers.

ROUND THE REGION.

The ill-fated Ninth district of Hazle
township, which is just outside the city
limits of Hazleton, was visited by
another fire this morning. A macaroni
factory and several dwellings, all owned
and occupied by Italians, were de-
stroyed. The loss is estimated at over
\$30,000. Hazleton fire department was
not permitted to render any assistance,
as the residents of the locality refused
to allow the district to be annexed to
the city.

Word has been received in Wilkes-
barre of the death of Lady Palestine
in London on January 19. She was well
known in Pittston, having been at the
latter place when her husband was
editor of the Gazette in 1857-60. He
then returned to England, gained re-
nown and honors in politics and busi-
ness and was knighted by the Queen.
Sir John and two daughters survive.

With millions of gallons of water in
sight of their town the people of Frack-
ville are suffering from a severe water
famine. The water has been turned off
from the whole town by the water com-
pany and it is announced that it will
not again be turned on until next sum-
mer. This is owing to a dispute between
the water company and the borough
council.

The authorities of Plymouth are try-
ing to enforce compulsory vaccination.
Dr. Ashley was appointed by the Board
of Health to make a house to house
canvass with a view to vaccinating all
who have not undergone the operation.
He was violently assaulted by Mrs.
Francis Lefkanky, who struck him on
the hands and arms and broke his nose.

Treasurer Wilson Yoder, of the Ninth
United Mine Workers district, a mem-
ber of the committee to have miners
contribute \$1.50 apiece for the erection
of a hospital at Shamokin, reports that
many locals are in favor of the move-
ment, and that from \$10,000 to \$12,000
will probably be raised. The proposed
hospital is to cost \$35,000.

Wilkesbarre health authorities have
decided to raise the quarantine against
Pittston, as the smallpox there is nearly
stamped out and the danger has passed.
Business will now be resumed between
the two cities. The quarantine still
prevails against Plymouth, but it will
probably be lifted in a couple of days.
The trainmen and operators of the
Wyoming division of the Lehigh Valley
Railroad, who are now federated with
the conductors, engineers and firemen,
will, according to present arrangements,
make a demand on April 1 for shorter
hours at the same rate of pay they are
now receiving.

Plymouth citizens, by an overwhelm-
ing majority, voted Tuesday to increase
the bonded indebtedness by \$25,000.
Much of this is to be used to pay the
expenses incurred by the smallpox epi-
demic.

Samuel Charlton, of Welsh Hill, Ply-
mouth township, after an illness of about
two weeks of smallpox, died yesterday.
Deceased was 28 years of age. One new
case was reported in Plymouth yester-
day.

The hearing of County Recorder Bar-
rett on the charge of perjury and violat-
ing his election oath was postponed yester-
day until next Tuesday. The prose-
cution was not ready.

A state base ball league was formed
yesterday. Wilkesbarre, Hazleton, Scrant-
on, Reading, Lebanon and Lancaster
clubs will comprise the league.

Death of Levi Harris.

Levi Harris, aged 60 years, died at
his home in Hazle Brook yesterday
morning. Mr. Harris was ill for the
past three months with stomach trouble,
and all that medical skill could do was
administered but without result, and for
several days past the end was expected.
Mr. Harris was born in Wales, and
came to this county in 1863, locating in
Oil City. From the latter place he came
to the anthracite coal region and began
mining coal. About eighteen years ago
he located in Hazle Brook, where he
was employed as mine foreman by J. S.
Wentz & Co., which position he held
until he became ill. He was an esteem-
ed citizen and was well known in the
region.
The funeral will take place tomorrow
afternoon. Services will be conducted
at the residence by Rev. J. J. Kuntz,
after which the remains will be brought
to Freeland on a Lehigh Valley train,
arriving here about 1 p. m. Interment
will be made at Freeland cemetery.
Mr. Harris was a member of Garfield
Commandery, No. 6, Knights of Malta,
of town, and the members will partici-
pate in the funeral.
Besides his wife he is survived by the
following children: George, Daniel,
Oscar and Mattie.

A. Oswald has the agency for the cele-
brated Elysian's extracts and perfumery.
The finest goods made. Try them.

DRIFTON.

Young America is now enjoying the
fine coasting the streets of town afford.
Some of our young men and ladies have
been noticed playing children by en-
gaging in the sport of coasting down
hill and walking back.

Miss Bella Brogan, Mrs. Hugh Ken-
nedy and Mrs. James North, of Drifton,
yesterday visited the Miners hospital,
where the former's brother is recovering
from injuries.

The members of St. Ann's Cadet So-
ciety will meet at their rooms at St.
Ann's school on Sunday at the usual
time. Preparations for St. Patrick's
Day are being made.

The popular vote given by his town-
men to Patrick Higgins, the candidate
for supervisor of Hazle township, is
much appreciated by all our residents.

Mrs. William Stranix has returned to
Catasauqua after spending some time
with her parents, Mr. and Mrs. William
Welch.

Two Freeland ladies were in town
yesterday and succeeded in organizing a
soap club among the married women of
town.

Appropriate exercises in honor of
Washington's birthday are being held
in the schools at No. 2 today.

The skating dam recently constructed
by Mrs. E. B. Cox now furnishes a
place of much amusement and exercise.

The collieries at this place will work
tomorrow. The employees of the office
will observe the holiday.

The pupils of the Woodside school
leave this afternoon for a sleighride to
Rockport.

James North was elected judge of
election at the No. 2 poll over George
Sims.

Miss Edith Schaffer, of Easton, is
visiting her parents at this place.

John Gallagher, who has been ill, is
improving rapidly.

The night school at No. 2 still con-
tinues with a fairly good attendance.

Institute Program.

The following is the program which
has been arranged for the next teachers'
institute, to be held in the high school
room on Friday evening, February 28:
"Punctuality"—E. F. Hanlon.
"Spelling"—John E. Williams. Dis-
cussion, E. F. Hanlon.
"Questioning"—Miss Bid F. Timony.
"Composition"—Miss Tillie Lindsay.
"Primary Number Work"—Peter R.
O'Donnell. Discussion, Miss Mary Mc-
Gill.
"How to Teach Truthfulness"—Miss
Sarah Gallagher.
"How to Teach History"—Miss Ac-
quilla Johnson. Discussion, Miss Han-
nah McLaughlin.

Not Qualified to Serve.

J. W. Driesbach, who was a resident
of town within the past few years, was
elected an assessor in Wilkesbarre on
Tuesday. It now appears that his
residence here has disqualified him
from holding the office, as the qualifica-
tions for the position, which is an im-
portant one in that city, require that
the candidate shall have been a resident
for five years prior to the time of the
election.
Mr. Driesbach won out after a very
hard contest, and his Freeland friends
regret that he will not be able to enjoy
the fruits of his victory.

Postmaster Reappointed.

The name of Postmaster B. F. Davis
was sent by President Roosevelt to the
United States senate yesterday for con-
firmation by that body as postmaster at
this place. No opposition to the con-
firmation is looked for, and Mr. Davis
will soon begin another term in the
office.
Postmaster Davis has given entire
satisfaction to the patrons during his
past term, and the president could not
have made a selection from Freeland
Republicans which would be more pleas-
ing to all the people of town.

The Breakfast Hour.

Prospective Cook—What time do yez
hov breakfast?
Mistress—We have it at 7.
No response.
Mistress—Or half past 7 or 8 or half
past 8.
Prospective Cook—That's better.
O'll give yez a wake's trial.—Judge.

Not He.
Minnick—Oh, you're prejudiced
against him! There's this much about
him anyway—he wouldn't stand idly
by and bear a friend abused.
Slunick—Certainly not. He'd join
right in.—Philadelphia Press.

It is all but useless to plant seeds
when the springtime is gone. The bar-
vest of character must depend in part
upon planting the soil in the time of
awakening.—Ladies' Home Journal.

A Translocator's Story.
An interesting little story attaches to
the volume of Swedish fairy tales
which Mr. H. L. Brækstad has trans-
lated. Years ago a Swedish friend gave
Mr. Brækstad a book, saying, "Here
is something you will like." He turned
over the pages with the remark, "It
isn't Swedish, is it, for I know Swed-
ish?" "Not Swedish," was the reply,
"but Swedish dialect." "Ah," said Mr.
Brækstad, "can I manage to read it?"
He tried several times, not very suc-
cessfully. But one day he began to
read the dialect aloud, and then he un-
derstood it at once. It resembled the
dialect of a part of his own country,
Denmark, and had been taken down
phonetically.—London Chronicle.
