A cordial invitation extended to all to call and examine goods and learn prices.

MEDICAL.

SANFORD'S

RADICAL CURE

FOR CATARRH

INSTANTLY RELIEVES.

600 FEET ABOVE THE SEA.

The following testimonials are from Messrs. J. O. Bosworth & Co., Denver, Col., large and influential druggists. They report unhesitatingly large sales and universal satisfaction. No other disease is so alarmingly prevalent in that region. They speak of the following gentlemen as among their best clients:

SORELY AFFLICTED.

J. O. Bosworth & Co., Denver, Col.: Gentlemen—Prompted by a fellow-feeling for those afflicted with Catarrh, I wish to add my testimony in behalf of SANFORD'S RADICAL CURE FOR CATARRH. I have been sorely afflicted with this fearful disease for four years, and have tried every known remedy without avail, until I bought a bottle of the above CURE from you, which gave me almost instant relief. It being a constitutional as well as a local remedy, I believe it to be all that is claimed for it, a Radical Cure for Catarrh.

Very truly yours, WM. AMETIVE, Denver, Sept. 26, 1878.

GREATLY AFFLICTED.

Messrs. J. O. Bosworth & Co., Denver: Gentlemen—I take pleasure in recommending SANFORD'S RADICAL CURE FOR CATARRH to all who are afflicted with this disease. I was greatly afflicted with it for a long time, and cured it with two bottles of the above CURE. About a year afterward I was again taken with Catarrh quite severely, and immediately sent for another bottle which I used, and it gave me relief from the first dose. I am confident that this remedy will do all that is claimed for it, and more so. Wishing you success in its introduction, I am very truly yours, A. W. SMITH, of Smith & Dull, Denver, Oct. 4, 1878.

TRIED EVERYTHING.

Messrs. J. O. Bosworth & Co., Denver, Col.: Gentlemen—I have used SANFORD'S RADICAL CURE FOR CATARRH, and it has given me perfect satisfaction. I have tried almost everything, and it is the only thing that has given me relief. I therefore take pleasure in recommending its use to all afflicted with Catarrh of any kind, and offer this as my testimony to its benefit.

Very truly yours, W. S. DECKER, Denver, Oct. 1, 1878.

REV. J. H. WIGGIN SAYS:

One of the best remedies for Catarrh, nav, the best remedy we have found in a lifetime of suffering, is SANFORD'S RADICAL CURE. It is not unpleasant to take through the nostrils, and there comes with each bottle a small glass tube for use in inhalation. It clears the head and throat so thoroughly that, taken each morning on rising, it cures the most obstinate cases, and is a disagreeable hacking during the entire day, but an unrepresented clearness of voice and respiratory organs. Each package contains Dr. Sanford's Improved Inhalant Tube, with full directions for use in all cases. Price \$1.00 for sale by all wholesale and retail druggists and dealers throughout the United States and Canada. WELLS & KERTH, General Agents and wholesale druggists, Boston, Mass.

W. S. DECKER.

NATIONAL NOTES.

PRESIDENT HAYES' RECKLESS USE OF THE PARDONING POWER—AN ARMY OF FELONS TURNED LOOSE IN A FEW MONTHS.

WASHINGTON, August 11.—In compliance with Congressman Beebe's resolution at the last session of congress, the Attorney-General transmitted to the house a list of pardons issued by the President between March 4, 1877, and May 29, 1878. The list has been recently issued from the Government printing office. The report shows that during the time specified Mr. Hayes pardoned 284 offenders. Of the number of pardons issued ninety-two are for minor offenses against the internal revenue laws relating to distilled spirits; thirty-six for cases of larceny and assault in the District of Columbia, in which more or less imprisonment was suffered; thirty-one were for restoration to citizenship on expiration of imprisonment; seven for commutation of sentence, five of which commuted sentence of death to imprisonment for life, and thirty-seven on account of critical condition of health, with danger to life from continued imprisonment. A large number of counterfeiters and forgers have also been pardoned.

The petition for the pardon of Michael Tobin, the West Point soldier, convicted of murdering Peter Albers, has been referred to the District Attorney in New York for his recommendation.

THE FITZ JOHN PORTER CASE. Professor Gardner, recorder in the Fitz John Porter Board of Inquiry, and General T. C. H. Smith, returned yesterday from a tour of inspection of the Bull Run battle field, especially that portion of the ground that was occupied by Fitz John Porter. The trip was made at the instance of Professor Gardner, who in view of the many conflicting statements made by witnesses was anxious to familiarize himself with the topography of that portion of the field upon which the turning point of the case rests, in order that he might intelligently cross-examine witnesses upon this portion of the case. It is expected that before final action of the board shall be taken, they will revisit the battle field in a body, and go carefully over the whole country, making careful comparison with all that part of the testimony which relates to the position occupied by Pope, Porter, and such portion of the rebel forces as have had an important bearing in the consideration of the case.

THE EASTERN QUESTION.

CONCESSIONS TO CRETE. CONSTANTINOPLE, August 11.—The Porte has resolved to grant very large concessions to Crete, such as will be calculated to pacify the inhabitants; but has determined to refuse the demands of Greece, deeming them unjustifiable.

SETTLEMENT BETWEEN TURKEY AND AUSTRIA. The Porte Saturday telegraphed that an agreement had been reached with Austria upon the basis that the Austrians enter the Turkish provinces as friends, and any offer of resistance will be to no purpose.

THURSDAY'S BATTLE. VIENNA, August 11.—The official report of the battle on the 8th inst., places the number of insurgents at considerably over 6,000, with four cannon and a rocket battery. The fighting lasted eight hours, the insurgents obstinately holding a succession of strong positions, and the Bosnians lost 300 killed and wounded and 700 prisoners.

AUSTRIAN ADVANCE. Friday the Austrians advanced against the strongly entrenched position of Vrandak.

BOSNIANS FORTIFIED. LONDON, August 11.—A Vienna dispatch says that 12,000 insurgents are concentrated near the difficult pass of Vrandak to oppose the further advance of General Philippovich. Preparations for a desperate resistance to the Grand Duke of Wurttemberg is also being made at Djulesero.

EXCITEMENT OVER THE SENTENCE OF Nihilists. ODESSA, August 11.—The sentence of death was passed upon one of the Nihilist agitators and four others were condemned to hard labor for life. In the excitement which followed the crowd fired upon the troops, wounding four. The fire was returned and twenty-one rioters were killed.

RUSSIA'S AIMS. LONDON, August 11.—A Berlin dispatch says: The Russian expedition to central Asia aims at the occupation of Lex Minor Khautates between Amu Darya and the mountains of Hindoo Koosh. One of these, Vakhana, is tributary of Afghanistan. This occupation would reduce the distance between Russia and India to 325 miles.

STRENGTH OF THE BOSNIAN INSURGENTS.

BUCHAREST, August 11.—News received from insurgent forces is to the effect that the opponents to Austrian occupation consisting of Romans, Turkish troops, Armenians and Albanians, number over 100,000 men well armed. All strategic points on the road to Sarajevo are occupied and entrenched. Both the insurgents and Austrians are being reinforced daily.

GRANT ABROAD.

HIS RECEPTION AT ST. PETERSBURG AND TALK WITH THE CZAR.

NEW YORK, August 11.—A Herald's special from Paris by cable says General Grant arrived at St. Petersburg on July 30, where he was met by Minister Stoughton, the emperor's aide-camp, Prince Gortschakoff, and other high officials of the imperial court called immediately, welcoming the ex-president in the name of the czar. The following day General Grant had an audience with the Emperor Alexander, which was of a pleasant nature. The imperial yacht conveyed the general to Peterhof, where fountains were played in honor of his visit. Subsequently General Grant visited the great Russian man-of-war, Peter the Great. The band played American airs and a royal salute was fired. The imperial yacht then steamed slowly among the Russian fleet, many of the ships running out American colors and the sailors cheering. It is believed in St. Petersburg that General Grant will go to India in November.

A DREADFUL PLAGUE.

GREAT NUMBER OF PEOPLE STRICKEN DOWN AT GRENADA, MISS.—THE DISEASE PROBABLY YELLOW FEVER—AID BEING SENT FROM MEMPHIS.

MEMPHIS, Aug. 11.—Notwithstanding the apparently contradictory reports of the existence of yellow fever at Grenada telegraphed yesterday, a number of private telegrams received by citizens this morning all bear testimony to the place having been struck by a fearful malady of some character that is baffling the medical talent. Thousands of refugees from New Orleans fled to Grenada, some of whom have been stricken down, and the natural supposition is that it is yellow fever of some form caused by climatic difference. The news comes this morning that within a radius of a few hundred feet fifty or more citizens of Grenada have been suddenly seized of the malady and the physicians are unable to cope with it. The mayor of Grenada telegraphed the chief of police of Memphis this morning to send such disinfectants as are used in Memphis. The chief immediately sent per express a quantity of carbolic acid and coppers.

A telegram was also received by the board of health requesting that a skilled physician be sent immediately to diagnose the disease, in response to which Dr. Brown, the secretary of the Memphis board of health, has just left for Grenada. Dispatches were also received from the Masonic and other societies for yellow fever nurses and such other assistance that could aid in their present calamity. The Memphis Howard association is organizing a corps of nurses, which will be sent down in charge of members of the association on a special train this evening.

The news from Grenada is creating considerable excitement in Memphis, being almost at our doors. Yet the sober-minded are sanguine of security here, both from the rigid enforcement of the laws of quarantine and the active exertions of the board of health to place the city in good sanitary condition. The railway authorities and the various packet lines have declared their intention to observe all restrictions placed upon them, and will do all in their power to aid the health authorities in preventing the spread of the disease from one point to another. Our business interests are beginning to suffer on account of the embargo on transportation, but there is no grumbling, because every one appreciates the importance of keeping the disease away from Memphis if possible.

LATER. News is just received that seven deaths occurred at Grenada to-day and fifteen or twenty new cases are reported. A special train has left Memphis for Grenada, with a corps of nurses, in charge of Gen. W. J. Smith and Col. B. P. Anderson of our Howard association. Reports come from various sources that the citizens of Grenada are in great panic and are leaving the town, taking up their abode in the woods and anywhere they can find shelter. Superintendent Burke of the Mississippi and Tennessee railway has issued orders stopping all trains coming into Memphis, and the sanitary officials are taking every precaution against any one coming into the city clandestinely. The people here are almost on the eve of a panic.

YELLOW FEVER SURE. Dr. Brown, who was sent to Grenada by the board of health to-day, telegraphs Dr. Saunders, president of the Memphis board of health, at 9:45 to-night as follows: "Yellow fever, and no mistake. Fifty cases down, with five deaths to-day."

TEXARKANA. There is no truth in the report circulated through the North that Texarkana is quarantined, except against New Orleans. Passengers or freight coming from the North meet with no detention whatever.

AT NEW ORLEANS. New cases of yellow fever 22; deaths 14. At Port Eads to date, 25 cases and 5 deaths are reported.

Rev. Father Lamey, president of the Lazarist order, late professor at Cape Girardeau college, Missouri, died in the Hotel Dieu to-day of yellow fever. He came here a few weeks ago to spend the vacation.

A LOST COLONY.

ROMANTIC STORY OF THREE CENTURIES AGO. The discovery of a mound in North Carolina with a number of well-preserved corpses of unknown nationality has revived a hope of Sir Walter Raleigh that some trace might yet be found of the famous Roanoke colony. The remains and contents of the mound are undergoing careful examination, and it is possible to decide that they are the Roanoke colony—lost found—no doubt it will be done. The human mind dislikes an unsolvable mystery, especially one three centuries old. It was in 1585 that the famous lost colony, the subject of so

much search, speculation and romance, landed at Roanoke and formed a

friendship with Manteo, who was made a Christian, a feudal baron, as the lord of Roanoke, the first gentleman in America. It was that colony that gave birth to Virginia Dare, the first born of English parents on United States soil—a female, by the way, who would have entitled woman to some rights of priority if she had not been unfortunately lost, without perpetuating herself in posterity
