OFFICIAL PAPER OF THE CITY AND COUNTY. Only Morning Daily in Southern Illinois

Thos. Nally, Editor.

Democratic Nominations.

FOR STATE TREASURER. EDWARD L. CRONKRITE, of Stephenson. FOR SUPERINTENDENT OF PUBLIC INSTRUCTION, SAMUEL M. ETTER, of McLean.

DEMOCRATIC ANNOUNCEMENTS.

HON. WILLIAM J. ALLEN. Columbus, Pope county, Monday September 9th Azotes Church Grove, one and a half miles back of Bay City, Tuesday, September 10th.

HON. W. W. BARR AND COL. E. B. WATKINS

will speak to the people at the following times and places: Du Quoin, Tuesday, September 10th 7 p.m. Tamaroa, Wednesday, September 11th at 7 p.m.

MR. ROBERT BONNER, the newspaper man,

refuses to be a candidate for mayor of New York City.

HON. WILLIAM J. ALLEN, Democratic candidate for congress,

is industriously working among the people. Wherever he goes he receives from Republicans assurances of support.

THE Democratic ticket of Union county is:

For Sheriff, George Barringer; for county commissioner, William Eaves; for coroner, Willis Angell. This is a strong ticket, and will be elected by a large majority.

THE Farmer and Fruit Grower of Anna,

under a portentous heading, says: "The county fair will be held as advertised, and the great show will be at Jonesboro as stated. There is no danger of the yellow fever, as our latest advices state there is not a case in the State of Illinois. Therefore, all sensa-

tional reports to the contrary are without foundation. Everybody can attend the fair this week with the utmost safety."

On Monday last two inches of snow fell in Wyoming Territory. One inch—a half, or even a quarter inch from Cairo to the Gulf would make millions of hearts happy by arresting the progress of the yellow fever plague.

The Benton Standard, of the 7th inst., contains the following:

Mr. Josh Mann's boy, Robert E. Mann, aged about 8 years, died very suddenly on last Monday. The boy was taken with a chill, and did not seem to be very sick. He laid down on the bed, and soon afterwards raised up to vomit. He vomited pure blood, and when his mother laid him back on the pillows he was dead.

If that case had occurred in Cairo the alarm of yellow fever would have spread with the rapidity of lightning.

The Benton Standard is indulging pleasant dreams of the prosperity to be bestowed upon that place by the Belleville and Eldorado railroad, now in process of construction. That the Standard may not be disappointed—may not learn to its sorrow that such dreams "go by contraries"—we sincerely hope.

The doctors of Memphis have been disagreeing about the disease now prevailing in that city. Some of them contend that it is nothing more than malarial fever. In a communication to the Avalanche, Dr. White says that Memphis has "a yellow fever epidemic, and also a more fearful one still of what authors now call splenic fever, known in Texas as black jaundice and in lower Mississippi as the yellow disease, etc."

The sickness in the Porter family, living in a swampy location about two miles from this city, has created considerable excitement and alarm among our people. Many of them believe it genuine yellow fever, but this conclusion does not seem to be altogether justified by a scientific diagnosis of the cases and a consideration of the peculiar surroundings of the family.

The man who settled the place lost nearly all his family by malarial fever, and his colored successor was driven from the place by persistent assaults of bilious fever on himself, wife and children. Mr. Porter nearly died from the effects of a malarial attack since he became the occupant of the place, and his family are now falling victims of the same disease.

SMOKERS, if you wish a fine "Key West" or "Imported" cigar, call at Kormeyer's cigar store. It is the only place in the city almost daily in receipt of fresh goods.

OYSTERS.—Harry Walker receives in good order daily by express the best Select Baltimore Oysters, which he is ready to serve in any style day or night. He will also dispose of them by the can at the lowest prices. Do not fail to call at the Crystal Saloon.

TWO NOTED GRAVE ROBBERS.—Our readers will remember the account given in these columns of the robbing of the grave of the Hon. Scott Harrison, in Ohio, last May, the body being found in the dissecting room of the Ohio Medical College. Public indignation justly brands any man as a scoundrel who will rob the grave of the dead.

ASSETS, JUNE 1, 1878, (No Premium Notes.) \$33,398,999. Surplus over Six Million Dollars.

The Most important question for those insuring their lives is "WHICH COMPANY IS STRONGEST?"

The strongest company is the one which has the MOST DOLLARS OF WELL INVESTED ASSETS FOR EVERY DOLLAR OF LIABILITIES.

Of the seventeen largest Life Insurance Companies of the United States, the ratio of assets (excluding premium notes) to liabilities, the Equitable is largest, being 121.99. The second largest is 119.77, and the third largest 117.32.

These figures are from the official report of the New York Insurance Department, June 1, 1878.
