### RIVER ITEMS.

The Hudson for St. Louis arrived here Sunday at 2 p. m., and departed at 3 p. m. She had a good trip.

The David R. Powell, representing the City of Baton Rouge, arrived here Sunday noon. She had a fine trip, also a barge heavily laden. She left at 7 p. m. for New Orleans.

The Mary Houston from New Orleans arrived here at 7 p. m. Sunday. She was about 48 hours behind the time; was drawing 5 1/2 feet water; had a most excellent trip for the stage of water. She took the barge Dan Able as a lighter, received 23 cabin passengers here and departed for Cincinnati at 5 a. m. yesterday.

The Granite State for Cincinnati arrived here last night. She had a No. 1 trip of freight and people.

The Ohio river is getting pretty low. Hope that we may have the pleasure to bring another issue of THE BULLETIN in forming our readers that a rise above has taken place.

The Anchor line steamer City of Vicksburg arrived at 4:30 p. m. yesterday with a moderate trip, and left for the Lower Mississippi at 8.

The Rene McRady from Cincinnati arrived at 3 p. m. yesterday, and was flat in the water. She had a large cabin register, also added a few passengers here. She will run from Memphis up the St. Francis river. Her officers are all polite and very able gentlemen. Mr. Joplin, chief scriber who has charge of the office, we noticed, was ably assisted by a very handsome young lady. The McRady left for Memphis at 7 p. m.

Louis Herbert has closed out his saloon stand at the corner of 12th street and Washington avenue to Johnny Bower, who will in future, run the establishment. Johnny is well known to citizens of Cairo, and is quite popular. We bespeak for him success.

The Golden Crown did not leave Cincinnati last Saturday as advertised.

Capt. Nellis, of this city, is now on lookout for another boat. He can't be satisfied on land.

Bad Smedley is now at home recruiting his health.

Capt. Will Hambleton and lady came down from Mound City yesterday in a buggy yesterday, but, owing to the dampness, they took the Fowler for home.

We notice that Sol Silver, passenger agent of the Anchor line here, has a new hat yesterday with his sign board up.

Last evening about 4 o'clock a nice, gentle rain visited Cairo, and from the appearance of the clouds the prospect looked flattering for a regular old-fashioned gutter washer. We hope that the season is fairly opened for a general rain in order to swell the rivers to a respectable degree of navigation.

The Jas. W. Gaff left Cincinnati last Saturday for Memphis, and is due here tomorrow. Passengers going down the Mississippi river can procure tickets from Agent W. L. Lambert.

The Clinton from Memphis arrived here at 5:30 p. m. yesterday. She was quite light, and left at 6:30 p. m.

The Paris C. Brown is reported as hard aground at Tiptonville.

The Commonwealth from Vicksburg arrived at 5:30 last evening, had a light trip and departed at 7 for St. Louis.

LADIES and sickly girls requiring a non-alcoholic, gentle stimulant will find Brown's Iron Bitters beneficial.

AMONG the ladies who may read this there may be several sickly ones who have made up their minds to act on the old saw which specifies that "What can't be cured, must be endured." While the truth of the old proverb is self-evident it is just possible they may have erred in judgment as to possibilities of the healing art outside of the medical profession, and before giving up in despair they had better test the efficacy of Mrs. Lydia E. Pinkham's Vegetable Compound, which is now attracting universal attention.

Ask your physician and he will tell you that for all the elements which give health, strength and vigor to the system, there is nothing better than pure malt. Only the purest malt is used in the preparation of Hops and Malt Bitters.

"Nothing like it." So remarked one of our most successful physicians the other day, speaking of Hops and Malt Bitters. "It has completely cured one of the most obstinate cases of dyspepsia ever brought to my notice."

### A Total Eclipse.

of all other medicines by R. V. Pierce's "Golden Medical Discovery" is approaching. Unrivaled in bilious disorders, impure blood, and consumption, which is scrofulous disease of the lungs.

Young men or middle age ones, suffering from nervous debility and kindred weakness should send three stamps for Part VII of World's Dispensary Dime Series of books. Address World's Dispensary Medical Association, Buffalo, N. Y.

## WIT AND HUMOR.

Many a hair is caught in the invisible net.

The fruit of labor grows on the industry tree.

To call a haundress a bosom friend is flat irony.

When a man "changes his mind" does he do it to get sense?

Every body gives advice gratis, except doctors and lawyers.

A South side man calls his wife Crystal, because she is always on the watch.

The young skipper who takes a party of girls out sailing should content himself with hugging the shore.

The mosquito is little, but his brave example is contagious. He makes the most cowardly come to the scratch.

A Dutch judge, on conviction of a culprit for having four wives decided: "He has punishment plenty; I likes mit one!"

The New Orleans *Picayune* states that point lace stockings are both fashionable and expensive, but doesn't tell just how high they come.

A Nevada paper tells of a man who was eaten up by a bear while asleep. He will be a much-astonished citizen when he wakes up and finds where he is.

At a recent sale of relics in London a medal struck off in 1565 brought \$840. Our readers missed a bonanza by not having a few medals struck off that year.

A north country fish-wife went to buy a dress. "None of your gaudy colors for me," she said at once to the man at the counter; "give me plain red and yellow."

No, "Arabella," the captains and lieutenants in the army are not all minors, though it is true that a soldier never reaches his majority until he becomes a field officer.

"The will is as good as the deed," may all be true, but we will take the deed. Lawyers may at all times upset the will and there's no telling then what you will get.

"No, Peter, the aphorism 'Silence is golden,' is not based on error. There is many a professor in a deaf mute asylum who earns a good salary without ever saying a word.

The Rome *Sottinet* tells its readers that they can't eat enough in a week to last them a year, and they can't advertise on that plan, either. As true as if we had said it ourself.

Master. "What does Condillac say about brutes in the scale of being?" Scholar: "He says a brute is an imperfect animal." "And what is man?" "Man is a perfect brute."

One of the conspirators among the Sioux who are threatening trouble is a chief called Woman's Dress. This woman's Dress should be cut good, and basted. He's putting on too many "frills."

there be a few more of these folks who should be made to feel the force of the law.

It has become the fashion for some of the young men to tattoo the names of their sweethearts on the right arm. I don't think the sweethearts should be so particular as to have their names tattooed on the right arm.

A poor philosopher was talking on the subject of philosophy to a group of his friends. He said: "I have a theory that the world is made up of a number of spheres, and that the spheres are all made of a different material." One of the friends said: "I don't think so. I think the world is made up of a number of spheres, and that the spheres are all made of a different material." The philosopher said: "I don't think so. I think the world is made up of a number of spheres, and that the spheres are all made of a different material."

A pair of five bells (5-5) Yale college by Robins Battell was sister, will be hung in Battell chapel. The bell is founded on the major triad of G and comes from the Van Arsdale foundry at Louvain, Belgium, the first bell that have ever come to this country from that foundry. The heaviest bell weighs 1,475 pounds and is nearly 41 inches diameter.

In Mr. Spurgeon's inexhaustible fund of illustrative stories is one of a man who used to say to his wife, "Mary, go to church and pray for us both." But the man dreamed one night when he and his wife got to the gate of Heaven Peter said: "Mary, go in for both." He awoke and made up his mind that it was time for him to become a Christian on his own account.

The New York *Times* dyspeptically observes that "when a person steps out of the ranks of comfortable and commonplace humanity and gets off somewhere by the side of the road and labels himself Positivist, Froethinker, Atheist, etc., the world speedily sets him down as an ass, and, in nineteen cases out of twenty, the world is right; the twentieth case is usually one of simple lunacy."

Some interesting objects were brought to light a few weeks ago at Pompeii. Among them were these: A beautiful inlaid marble table, with reclining bed ornamented with paintings; a bronze vessel with revolving handle; two Egyptian statues, covered with a patina of green glass; a tortoise and frog in marble; a Bacchus in terra cotta; two marble busts, and a skeleton with bronze hair-pins beside it.

The great cattle range of Wyoming, under the military protection of Fort McKinney, is about three hundred miles square. In this area there are now grazing 500,000 head of cattle worth \$27 a head, amounting to \$13,500,000, to which can be added the value of the horses and ranches of the cattle-men and the farmers and the stock of the grangers, making at least \$15,000,000 worth of property under the protection of Fort McKinney.

John Hammond, a chambermaid in a San Francisco hotel, being detected in a fourth-story room where she had no business to be, attempted to avoid exposure by climbing out of the window and sliding to the ground by means of a tangle of wires that passed by just within reach. Before she had descended many yards the wire burned her hands as though it was red-hot, and she was compelled to let go. In falling her body bounded back and forth between two parallel walls. This lessened the momentum of her descent, which was still further diminished by striking on a telephone wire. She thus escaped being killed by the fall, but the physicians found that her neck was dislocated as it would have been by hanging. They chloroformed her, set her neck back in its proper place, and now have hopes that her youth and strong constitution may carry her through.

Oscar Wilde was complaining at Cape May the other day of the high prices of things in this country. "My gloves, for example," he said, "which I might have bought for \$1 in London, cost \$2.50 here." "So they ought," exclaimed Mr. Stokely, of Philadelphia, who was in the room, "they are luxuries." "Luxuries, sir?" echoed the esthetic, in wide-eyed amazement; "do you call gloves luxuries? How would you go on the street, how could you travel in the railroad cars, without gloves?" "Do you see these handkerchiefs?" returned Mr. Stokely, warmly; "before I became Mayor of Philadelphia I worked so hard at my shop that my hands became all covered with corns that you might have cut with a knife; and those hands, sir, have never had a pair of gloves on them. And you talk about work! Why, it's good for you! I've worked nearly all my life, and I weigh 220 pounds." "I will take your word for it, Mr. Mayor; I will take your word for it," gasped the horrified esthetic, and he let the subject drop; but afterward he made some minute inquiries about Mr. Stokely's career, with a view of basing thereon a chapter in his forthcoming book on America.

EASILY PROVEN.—It is easily proven that malarial fevers, constipation, torpidity of the liver and kidneys, general debility, nervousness and neuralgic ailments yield readily to this great disease conqueror, Hop Bitters. It repairs the ravages of disease by converting the food into rich blood, and it gives new life and vigor to the aged and infirm always.

It matters not the age of sufferers from colds, coughs or croup, "Dr. Sellers' Cough Syrup" is good for all alike. price 25 cents.

## SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.

Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the King of Medicines.

JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

## MISSOURI REPUBLICAN

PROSPECTUS

THE "OLD RELIABLE" NEWSPAPER.

Journal for the South and West.

In its 75th prospectus for 1882-'83, the Missouri Republican points to the complete fulfillment of all its past promises. During the last year, with the opening of new lines of communication, spreading in every direction, it has greatly increased its geographic range; augmented its corps of editors, reporters and correspondents; improved its mechanical features; bettered its system of condensing and arranging the news, and maintained, in regard to the character of its contents, the reputation it has long held throughout the whole Southwestern country as the

BEST NEWS PAPER PRINTED.

The Republican has distanced all attempts at rivalry or competition, and is now the only Democratic English newspaper published in St. Louis. Its support of the principle of the Democratic party is universally recognized as strong in logic, whilst moderate and conservative in tone. In its exposure of the corruption, profligacy and evil tendencies of the Republican party, it is fearless and aggressive. But it is in the material interest of the South and West—agriculture, commerce and the mechanic arts—that this paper finds its widest and most profitable field. Next to collecting and commenting upon the most interesting news of the day, its energies are devoted to the progress and prosperity of

THE GREAT MISSISSIPPI VALLEY

And the tributary regions. From its columns more sensationalism is carefully excluded, with the view of making it a welcome visitor to the purest home circles. To the farmer, merchant, trader, manufacturer, lawyer, or business man of any class, it is indispensable. Its financial and commercial reports are full and reliable. Every movement of trade, commerce, transportation, etc., is faithfully recorded. With all this, it finds room for a large quantity of miscellaneous reading matter to give variety and entertainment.

GET YOUR NEIGHBORS TO SUBSCRIBE.

The support and pride of a first-class newspaper is a large subscription list. The cost, of course, is immediate to the contributors, but, trifling to the reader. May we not ask our friends, who have been with us so long, to aid in extending our circulation still further? If your neighbor is not a subscriber, show him the Republican and have him send in his name. Talk it up. Increase the clubs.
