Verdict of Coroner's Jury that Negro Killed Mrs. Morris and Her Little Daughter.

PRISONER ARRIVES IN GLOBE AT MIDNIGHT

Sheriff Prevents Attempt to Lynch Colored Man—Intercepting Party Had Rope.

SPEEDY JUSTICE FOR THE ACCUSED MAN

Judge Nave Will Summon Special Grand and Trial Jury Today if Requested by District Attorney—The Verdict.

Sheriff Thompson arrived shortly after midnight with William Baldwin, the negro who last evening was charged by the coroner's jury at Roosevelt with the murder of Mrs. Harvey Morris and her 4-year-old daughter Aminta.

Baldwin's head is swathed in bandages which cover the wounds he is thought to have received at the hands of his victim while she was defending herself.

Ranger Holmes, with competent scouts and Indian trailers, proceeding on the assertions made by Baldwin, had for twenty-four hours scoured the surrounding country for a trace of the two Mexicans whom the colored man accuses of the crime.

Early in the day Baldwin appeared cool, despite what must have been a disquieting night, but when he was taken to the scene of the crime he apparently lost the grip on his nerve.

At the inquest Dr. Bennett testified that an attempt to ravish Mrs. Morris had been made, according to the position in which the body was found, but that the conditions indicated that the outrage was not committed.

As the party was approaching Roosevelt from the scene of the crime, Sheriff Thompson, his prisoner and guards were leaving for Globe, having thought it best not to remain until after testimony had been taken.

The taking of testimony began at 7:30 o'clock in Roosevelt, but only two witnesses were placed on the stand, Ranger Holmes and Dr. Bennett. The ranger testified to facts already mentioned in the foregoing account and expressed his belief that Baldwin is the guilty man.

There was no sensation created when the verdict of the jury was rendered, as it seemed to be generally expected that the jury would hold Baldwin for the crime.

JUNKET TO LAST UNTIL ELEVENTH

Both Houses of Legislature Adjourn Today to Visit Territorial Institutions.

GILA COUNTY BOND BILL PASSES COUNCIL

Yearly Liquor License Fixed at \$300 by Council—Assemblymen Threaten to Quit on Account of Printing Scandal

Special to the Silver Belt. PHOENIX, Ariz., February 1.—In addition to the transaction of routine business, both houses of the legislature agreed today on the matter of adjournment for the investigation of territorial institutions.

There was an echo of the printing scandal in the house today when Crenshaw moved that a resolution requiring agreements of the printing committee to be ratified by each house, and that no printing should be contracted for except "in accordance with law."

They left Roosevelt at half past three o'clock and started out on a lively gallop for Globe. There was some talk of sending out a party to intercept the sheriff's party and take the prisoner from the sheriff and guards, but better counsel prevailed and in the belief that quick justice would be meted out to the murderer after he had been lawfully tried, the people of Roosevelt decided to allow the law to take its course.

Immediately upon the arrival of Justice of the Peace Hinson Thomas and District Attorney George J. Stoneman from Globe yesterday afternoon, they went to the scene of the bloody crime, accompanied by Ranger J. T. Holmes and several residents of Roosevelt.

Hunt's bill authorizing Gila county to issue bonds to the amount of \$25,000 for the completion of the courthouse was passed. Other council bills passed were an act amending the act in relation to the taking of bail; a bill re-enacting a portion of the revised laws of 1887, concerning the application of common law; an act providing for the appointment of deputy district attorneys in counties of the first class having an assessed valuation of \$10,000,000; an act for the relief of certain Arizona judges, giving justices of the peace jurisdiction in cases of violation of town ordinances.

The house passed the Hunt bill increasing the per diem of jurors to \$3 per day. Williams of Coconino introduced a bill relating to the taxation of railroads whose tax is fixed by law. This is for the purpose of equalizing the matters in northern counties so that each county shall pay into the territorial treasury an amount of tax corresponding to the number of miles of railroad.

A substitute for the Hunt liquor license bill reported by the council judiciary committee was reported and passed. It fixes a yearly license of \$300 instead of the quarterly license of \$250.

Davidson of Yavapai introduced in the house a bill for a graduated license for wholesalers, but requiring \$1,000 for places where liquor is sold to be drunk on the premises. It is thought that the house will amend the council substitute by placing the license at \$500 and such addition will probably be accepted by the council.
