FUEL SHORTAGE CLOSES MINES

Black Hawk and Superior & Boston Forced to Quit Until Oil Arrives

The mines of the Globe district are again facing a serious fuel shortage and it is probable that a number of the mines will follow two which were shut down yesterday because of the shortage of fuel oil. The Black Hawk mine of the Arizona Commercial closed down yesterday, as did the Great Eastern of the Superior & Boston, which joins the Black Hawk. The Copper Hill mine of the Arizona Commercial is still in operation, but if no fuel arrives within twenty-four hours it will also have to close down.

It is understood that the Southern Pacific railroad is confiscating all of the oil which is being transported over the road from the California oil fields. Sixteen cars of oil billed for the Old Dominion Mining & Smelting company are understood to have been confiscated by the Southern Pacific at Bowie this week. The Old Dominion furnishes the oil to the Arizona Commercial.

The Old Dominion has a supply of oil on hand, but unless regular shipments again begin coming in, it is barely possible that the big company will partially cease operations.

MISSING MEN ARE NOT YET LOCATED

Phoenix Mystery Remains Unsolved—Eyttinge Served a Term in Ohio Prison

By Associated Press. PHOENIX, Ariz., March 19.—There were no developments today in the case of Louis V. Eyttinge, the fugitive who is believed to have murdered John Leitch Sunday, whose body is being searched for, except as to the record of Eyttinge. It was mistaken identity in the case of the man seen at Maricopa yesterday. So if Eyttinge met with no interruption he might have reached Los Angeles three hours before knowledge of the mystery here Monday afternoon. Officers today are mailing descriptions and pictures of Eyttinge.

It was learned that Eyttinge twice called on a Phoenix clergyman and confessed to his record as a convict in Ohio and said he intended to make a new start. A resident of Phoenix also announced that he knew the Eyttinge family in Dayton and knew that Louis served a term for forgery. He was the black sheep of the family and constantly in trouble. During his confinement his mother died of a broken heart.

Three search parties were out all day searching for the body of Leitch. They have not returned and will probably camp in the field, resuming the search tomorrow. Eyttinge bought a revolver of a Phoenix merchant Saturday night.

SALT LAKE CUT OFF FROM PACIFIC COAST

By Associated Press. SALT LAKE CITY, Utah, March 19.—Washouts on the Southern Pacific and Salt Lake roads have isolated Salt Lake City temporarily from the Pacific coast. A bridge on the Southern Pacific at Verdi, twenty miles west of Reno, is out. No trains have arrived in this city or Ogden from the coast since yesterday morning. The Salt Lake road is running trains as far as Caliente, Nev.

TESTIFIES FOR THE GOVERNMENT

Official Indicted for Land Fraud Conspiracy Tells of Dealing with Hermann

By Associated Press. WASHINGTON, March 19.—Dr. Clarke Loomis, who is under indictment in Oregon in what is known as the Hermann-Butter conspiracy, was the principal witness in the Hermann trial today. Loomis was produced by the government and his testimony is regarded as important to show that Hermann had reason to destroy his letter books, for which he is being tried.

Loomis said he had been a special agent for the land office in Oregon and was dismissed shortly before Hermann retired from this office. He identified twenty-five letters which constituted the correspondence between himself and Hermann as commissioner. Nearly all the letters to Mr. Hermann, the witness said, he had marked and regarded as personal and confidential, and learned for the first time today that they had been placed in the files of the land office. The original letters of Hermann were secured by the government from the papers of Loomis. A series of letters related to the alleged falsification of accounts by Loomis and in one letter he begged to be allowed to resign.

Loomis admitted he had "held up" S. A. D. Pater for \$500 with which to defend himself from certain reports he had made on twelve of Pater's home-stead claims, that he had previously received a like amount from Pater as expense money for examining and reporting on these claims. Pater had been convicted in the case which is known as the "Seven-eleven" case. He is here to testify for the government in the present case.

On cross examination Loomis said that he had not informed Hermann that he had received this money.

BASEBALL SUNDAY

Season Will Open With Game Between O. D.s and Mitchells

The local baseball season will open Sunday with a game between two local teams which have been recently organized, the O. D.s and the Mitchells. The batteries will be Cook and Oswell for the O. D.s and Rinehart and Elliott for the Mitchells. Cook and Rinehart are both newcomers, but are well known by Globe followers of the game. Cook has played with Douglas and Clifton and Rinehart with El Paso and Cananea. Elliott is a recent arrival from Denver.

Since the close of last season a number of good players have arrived in Globe and the coming season should be a good one for the fans, as it is believed that Globe can muster a better team than it has ever had. The game will be called Sunday at 2:30 o'clock.
