

WHAT PROMPTED ORCHARD'S TALE

Guiding Motives of Confession Bitterly Assailed by Attorneys for the Defense.

PRISONER-WITNESS SHOWS MUCH EMOTION

Voice Weakens and He Covers His Face as He Tells of Conversion—Only the Shadow of Immunity Promised Him.

By Associated Press. BOISE, Idaho, June 13.—The men who are battling to save the life of Orchard and the good name of the Western Federation of Miners made their greatest assault upon Orchard today when, carrying their cross examination of his life of crime down to his confession, they bitterly assailed his guiding motives. Six days they spent in stripping him of every shred of morality and then suddenly turning in the final fierce attack they fought with every means known to legal craft to convince the jury that Orchard after committing his crimes was falsely sweating away the lives of innocent men in the hope of saving his own.

EL PASO TEAM NOT HERE SUNDAY

White Sox Disbanded and There Will Be No Baseball Game in Globe Sunday

Manager J. V. Prochaska of the Globe baseball club received a telegram from Manager Conn of the El Paso White Sox yesterday saying that the White Sox had disbanded and that it would therefore be impossible for them to meet the local ball team on the home grounds Sunday.

WILL SETTLE THE WINKELMAN CASE

Warrant Sent for Arrest of Mexican Who Assaulted Mexican Physician

Not hearing from Dr. Jose Enriquez, a Mexican citizen and physician who is engaged in practice in Winkelman, District Attorney Stoneman has had issued a warrant for the arrest of Francisco Marquez on a charge of aggravated assault and a deputy sheriff was sent to Winkelman to bring Marquez to Globe for trial. Marquez is accused of having beaten up Dr. Enriquez, after which he confiscated his horse and buggy for a debt which he claimed the doctor had refused to pay. Marquez is a saloonkeeper at Winkelman.

REMARKABLE EXPLANATION

Here it was that Orchard gave a remarkable explanation of the motives that impelled him to confess. His voice fell to a low tone, but there was no

A HALF MILLION IN MINING STOCK INVOLVED

Case of Incorporation Busting Will Come Up in the District Court Today for Final Settlement.

CEPPLED WIRES

Cause Crippled Associated Press Report in This Issue

CRIPPLED WIRES

On account of wire trouble between Globe and Fort Thomas, the Associated Press dispatches this morning are considerably curtailed. From 11:30 o'clock the Western Union wires were practically out of commission and only the first portion of the report could be received. This is very unfortunate for the Silver Belt readers on account of the otherwise detailed report of the Schmitz case and Haywood case, which would have been received had the wires been working. The report of neither as published in this issue is complete.

CEPPLED WIRES

There was an entire change of program at the Iris last night, and the house was crowded as usual. The feature of the moving pictures this week is a picture of the Hawaiian islands, showing some of the industries of the "Paradise of the Pacific." This is a very interesting and instructive picture. Another picture entitled "Modern Shipbuilding" is very interesting. It shows the building of a fishing boat, from the time the keel is laid until it is launched and ready to sail.

CEPPLED WIRES

"The Tramp's Dream" is a good comedy and "Quarter Day Conjurin'" closes the show which, taken altogether, is a very entertaining one. Mr. Smith sings two new songs which win applause from the audience. The same program will be repeated tonight and Saturday and Sunday nights.

CEPPLED WIRES

The case of George C. Campbell vs. Finletter et al., in which was involved stock in the Keystone Copper company to the amount of a half million, came to an abrupt close yesterday afternoon when, on motion of the defense, Judge Nave instructed the jury to return a verdict for the defendants.

CEPPLED WIRES

Two witnesses were placed on the stand by the plaintiff yesterday morning, which closed the Campbell end of the case. They were I. N. Kinsey, the broker, who testified to the sales in the open market of Keystone stock, to establish the value of the shares, and R. S. England, who testified to the plaintiff's performance of the contract. He admitted having an interest in the contract and escrowed stock which was involved in the suit. Considerable argument followed the final motion by the defense and it was finally granted. This was the last jury trial for the present term of the district court.

CEPPLED WIRES

The attorneys were George J. Stone-man and L. L. Henry for the defense and B. J. Klene of St. Louis, George R. Hill and Walter Shute of Globe for the plaintiff. The defendant was ordered to pay the cost of jurors' fees for three days, as the jury had been demanded by the defense. A cross suit filed by the defense was dismissed by the court on motion of Campbell's attorneys.

CEPPLED WIRES

The case of Mary Hillman vs. John Fitzpatrick will be concluded today. In the case of A. V. Whitner vs. Denis Murphy the trial order was vacated. Both sides in the case of the Globe Western company vs. W. P. Greer have rested and arguments begun yesterday will be concluded this morning. The case of Philip Oates et al. vs. W. R. Norton has been set for 2 p. m. June 15. In the case of Charles E. Taylor vs. the Inspiration Mining company the demurrer of the defendant was overruled and until June 15 given to file an amended answer.

CEPPLED WIRES

It is expected that the case of the Territory vs. the City of Globe, the incorporation busting case, will come up today or tomorrow for final settlement.

CEPPLED WIRES

There was only one matter of interest at last evening's session and that was the action of the Gila Valley, Globe & Northern railway's capturing a part of Broad street in North Globe for a right of way to connect with the Live Oak extension. It was understood that the company proposed to raise the grade of the street, to which the property owners registered a strenuous kick. The council ordered the street superintendent to arrest anyone trying to alter the condition of the street and a lively scrap between the railroad and the city is expected.

CEPPLED WIRES

A petition for the annexation of the southern part of the town to the city, which was sent to Tucson for the signature of President Randolph of the G. V. G. & N. railroad was returned unsigned. The petition, however, will be circulated among property owners of that section and it is believed that it will secure enough signatures to assure the annexation, including the railroad property.

CEPPLED WIRES

At a meeting of the committee on sports for the Fourth of July celebration held last evening it was decided to have a balloon ascension on the morning of the Fourth. There are two aerona-uts in Globe at present and these have been engaged to make the ascent and parachute drop.

CEPPLED WIRES

The committee, which will also have charge of concessions and privileges, will receive bids for the same until June 25, when the highest bidders will be awarded the privileges. These will include the right to sell anything on the streets, the city council having agreed to allow the committee in charge of the celebration to dispose of the rights.

CEPPLED WIRES

Bids will be received for the concessions for confectionery, cigars and cigarettes, confetti and novelties, lemonade and ice cream, cane and knife racks and they must be in by June 25. All bids must be accompanied by a fee of \$10 as a guarantee of good faith. All communications must be addressed to J. H. Thompson, chairman of the committee.
