

MASK TORN FROM THE GLOBE MINER

Charged with Attempting to Create Race Prejudice in the Interest of Capital.

PAPER AND ASSOCIATE EDITOR ARE REPUDIATED

By an Almost Unanimous Vote the Members of Globe Miners' Union No. 60 Denounce the Newspaper.

The Globe Miner and its policy has been repudiated by an almost unanimous vote of the members of Globe Miners' Union, No. 60.

The Globe Union miners at their meeting Tuesday night adopted a set of resolutions submitted by the Local Globe Socialist party, which denounces the course of the Miner in trying to work up race prejudice and drive foreign labor from the district.

The communication which is printed herewith, was not only adopted by an overwhelming vote, but was ordered printed in the Silver Belt and the Miner, providing the latter paper would give it publicity.

The Evolution of Labor Globe, Arizona, Sept. 10, 1907.

To the Officers and Members of Globe Miners' Union, No. 60.

We, the Globe Local of the Socialist Party submit the following for your consideration:

To the Proletariat of the Globe:

Realizing that national ills cannot be cured by local panaceas, and being aware that local conditions are similar throughout this nation, as evidenced by the labor war which has been carried on in this country for the past seventy years, or since the public schools were inaugurated through the agitation of a proletarian labor movement in 1837, we wish to call your attention to the following facts:

The first instance of the displacement of intelligent labor organization occurred in the anthracite collieries of Pennsylvania, where the entire mining crews were supplanted with foreign labor.

Shortly after this, in railroad construction, the Irish were supplanted by the Italians, the Italians in turn were supplanted by the Greeks in the east, in the northwest by the Chinese and in the southwest by the Mexicans. All in turn are being supplanted by the Hindus.

In California white ranch laborers have been supplanted by the Japanese and in the mines of that state, which a few years ago were worked by English speaking laborers, are now worked by the Kanakas, Cholos and Greeks.

The Mesaba range furnishes another instance of this evolution of labor, whereby one class of immigrants are supplanted by another.

It has been through the intelligent education and organization of the labor unions which has educated these 15,000 men who are now on strike to the point where they demand the American standard of living, therefore they in turn will be and are being supplanted by laborers who are willing to submit to a lower standard of living.

Conditions in Globe

Let us now consider existing conditions in Globe. For years the mines of this district were worked by English-speaking miners. Today they are being supplanted by the immigrant from southern Europe.

While this may be detrimental to the business interests, they, as well as the miner are subservient to the all-powerful copper trust.

What is the remedy? Over one million immigrants are coming into this country every year. They come here because wages are higher than in their own country. They are following along the lines of least resistance.

Can this problem, which is not only local and national, but international, be solved by forcing these immigrants from one locality to another? No. This problem can only be solved when the competitive labor market has disappeared, which can only be when the co-operative commonwealth is established.

Shall we allow race prejudice which is now being created, to drive these men from Southern Europe, from Globe? If we do allow this, where will they go? They must live. Think of it. One thousand men forced on the labor market! What a chance for the mine owners of the Warren district. The same old game, settled and fostered by the employing class, race pitted against race, and only to the profit of the capitalist class.

Could you blame these men—you, who believe in organized labor—if through your actions you forced these men into Babes to eat?

in this district be thrown out of employment, which policy, if followed out to its ultimate end, would only create better conditions for the corporate and business interests to the detriment of the interests of the working class.

This paper, known as the Globe Miner, which is practically a privately owned press, is exploiting the labor movement for private gain, and which if thoroughly investigated would place it in the position as being unfair to organized labor, for does it not advise by creating race prejudice, to force our brothers, members of the Western Federation of Miners, out of employment, thereby creating conditions favorable to the mine owners of the Warren district?

We the members of Local Globe Socialist party, in struggling to build up the labor movement of Globe, both politically and industrially, employed one whom we believed thoroughly understood the working class movement, T. A. Hickey of Butte. But since he has become the associate editor of the Globe Miner and is directly connected with it, and as we believe that the policy as adopted by this paper to be detrimental to the interests of the working class, do repudiate this paper and its associate editor.

We, as Socialists and as Industrial Unionists, ask you, our brothers in this class struggle, for the sake of our struggling brothers in Bisbee and for the glorious organization we have built up, to go on record as repudiating this paper and its policy, for we believe that it is assuming to dictate the policy of the labor unions of Globe without being responsible to those unions for its actions.

Yours for industrial freedom, LOCAL GLOBE SOCIALIST PARTY, Signed, W. E. Laey, Secretary.

WORKED FRIENDS FOR A GOOD ROLL

Italian Miners Stopped at Solomonville While Leaving the Country

Flinnaming their friends and acquaintances out of several hundred dollars Tuesday night, Frank Salero and Louis Colandro, two Italians who have been working at the Old Dominion, attempted to skip the country on yesterday morning's train. The crooked work of the pair was detected shortly after the train left Globe and a wire to Sheriff Anderson of Graham county landed the accused in the jail at Solomonville.

Undersheriff Ralph Sturgis will go to Solomonville this morning and will return with the prisoners tonight. J. Pianfetti is the chief complaining witness. He alleges that he cashed two time checks for Salero and Colandro on Tuesday night, the men agreeing to go with him to the office the following morning so that he could get the money, amounting in all to about \$100. They failed to show up yesterday morning and an investigation revealed the fact that they had not only bumped Pianfetti, but had borrowed sums ranging from \$5 to \$25 from many of their friends and acquaintances. A warrant was sworn out in Judge Thomas' court charging the men with obtaining money under false pretenses, and a wire made it possible for Sheriff Anderson to take the men from the Gila Valley train at Solomonville.

A. P. THINKS OFFICERS HANDLED STRIKE WELL

By Associated Press. NEW YORK, September 18.—At the annual meeting of the members of the Associated Press, held here today, a resolution was unanimously adopted approving the course of the officers of the Associated Press in dealing with the telegraph operators' strike.

LOCKARD MADE SUPREME PROTECTOR OF K. AND L. OF H.

By Associated Press. INDIANAPOLIS, Ind., September 18.—The supreme lodge Knights and Ladies of Honor today elected Lorenzo B. Lockard supreme protector.

PARENTS MCKINLEY'S SLAYER BECOME OBJECTS OF CHARITY

By Associated Press. CLEVELAND, Ohio, September 18.—Czolgoz and wife, parents of the assassin of President McKinley, have applied to the city charity department for assistance. Czolgoz is 83 years old and his wife is 75 years old.

DEMOCRATS WIN IN OKLAHOMA

Constitution Ratified by 21,000—Democratic Majority of 25,000 to 40,000

By Associated Press. LINCOLN, Neb., September 18.—The Commoner this afternoon has the following telegram from J. M. Thompson of Oklahoma City, chairman of the state committee, saying: "The constitution has been ratified by 21,000. The Democratic ticket is elected by from 25,000 to 40,000. Convey the news to W. J. Bryan with our heartiest congratulations."

VOTED AGAINST OPEN MEETING

Secret Session Contingent of Globe Miners' Union Won a Victory at Election Tuesday.

RESULT DISAPPOINTING TO LEADING MEMBERS

Local Members in Favor of All the Proposed Amendments to the Constitution of the Arizona State Union.

The proposition to hold open meetings of the Globe Miners Union was voted down by a small majority at the election held Tuesday afternoon between the hours of one and seven p. m.

There was a heavy vote cast and the result was something of a surprise to a majority of the leading members, as they were sanguine in their belief that they were among the membership would vote for the public meeting. The exact figures have not been made public, but it is reported that the secret session adherents only carried the day by twelve votes. It is likely that after a little educational work is carried on among the members that the proposition will again be submitted.

Constitutional Amendments Carry

The six amendments to the constitution of the Arizona State Union were all favorably considered by the Globe local and will perhaps carry throughout the territory. The result will be announced from the state headquarters early next week.

The first amendment provides for the calling of conventions only by referendum vote at such time and place as may be designated by the call, and the conventions shall be open to the press and public. Secret ballot on all questions has been abolished.

The second amendment provides that the officers of the Arizona State union shall consist of an executive board of six, including the president and secretary-treasurer. The manner of election on duration of terms has not been changed by the amendment.

In the third amendment the word "convention" has been substituted for "election."

The fourth and fifth amendments are trifling alterations, the fifth requiring a monthly instead of a quarterly report.

The sixth amendment stipulates that the initiative and referendum shall govern all legislation and election of officers of the Arizona State union; nominations shall be made by the local unions; election under the referendum system shall take place on Oct. 15, 1907, and thereafter on Oct. 15, of each year; members who have been in good standing for one year or more are eligible to hold state union office. The balance of the amendment provides for the manner of making nominations and holding elections; how amendments to the constitution may be made, etc.

On Oct. 1 the Globe local will install the officers elected about three weeks ago.

MR. AND MRS. FORD ARE RECONCILED

Ike Has Promised to Be Good and There'll Probably Be No Prosecution

There is a strong probability that Ike Ford, recently held to the grand jury on a charge of aggravated assault, will never be tried.

Ford, who is now confined in the county jail, will probably make bond in a few days and that will end the case. And it is all an account of the forgiving and forgetting proclivities of a woman.

Ford was arrested on complaint of his wife, who charged that he bruised her arms and beat her in the face in a domestic controversy which took place about ten days ago. Mrs. Ford was so wrathful after Ford was held to the grand jury, and fearful lest he would gain his liberty by the bond route that she requested the officers to notify her if there was any chance of him making bail, so that she could have him placed under bond to keep the peace.

Mrs. Ford has consented. When informed that her husband was about to make bond she declined to make application for a peace warrant. Peace had already taken lodgment in her heart.

Ike had promised to be good. And there you are. Just like a woman, is it not?

GREEK LABORERS REFUSE TO WORK WITH MEXICANS

By Associated Press. SAN DIEGO, Cal., September 18.—A strike of Greek laborers employed by the Southern Construction company occurred this afternoon. They were working on a railroad grade and two Mexicans were blasting on the hill above them. They considered the Mexicans an inferior race and would not turn a shovel while they were working.

SAID HER LOVER WAS COMING TO KILL HER

Ebony-hued Sporting Woman Springs Something of a Sensation on the Local Police

Pleas McLann, a Cananea negro, was arrested at the Valley depot, as he alighted from No. 9 last night, charged with threatening the life of Mary A. Weathers, a colored sport and a former sweetheart of the accused. Luna was confined in the county jail and will probably have a hearing in Justice Thomas' court today.

The Weathers woman, who made the complaint, informed the officers that she had been advised that her former lover would reach the city last night for the express purpose of making her a somber-colored angel with white wings.

Just how she received the information is not known, but the presence of the negro on the train adds color to her story.

Columbus Day, October 12

Lega Fratellanza, Lodge No. 118, incorporated with American-Italian lodge in Phoenix, under the name of the Columbus Federation, will celebrate Columbus day October 12. The lodge is erecting two flags, American and Italian, for this date, and the flags will be publicly baptized in Union hall. Everybody is invited. By committee.

COPPER HOLDS ITS OWN IN MARKET

Influences that Deadened a Market that Opened Fairly Brisk

By Associated Press. NEW YORK, September 18.—A large reduction in outstanding short interests in the stock market is assigned as the principal cause of the languid substance in the brisk upward movement which was in evidence yesterday.

The progress of taking evidence in the government suit to dissolve the Standard Oil company was of more influence on the market than yesterday. Leaders on the floor of the stock exchange drew unfavorable inferences in selling some very large blocks of steel owing to the assumption of the personality of the sellers and their reported affiliations with important well informed interests in the steel trade. The incident was decisive in ending the upward movement which developed after the opening. Another cut in copper at the metal exchange brought the bid price below 15 cents per pound, with offerings of Electrolytic copper at 15 cents. This had the effect of shaking the confidence that had shown signs of growth in the arrest of the decline in copper to 14 cents a pound.

Copper Unchanged

NEW YORK, September 18.—There was a further sharp advance in London tin, attributed to speculative manipulation following the recent sensational decline. Spot, \$165; futures, \$165 1/2. Locally quiet at 37.25 to 37.55. Copper remained unchanged to 5c lower in London. Spot and futures at \$26 1/2. Locally weak; Lake quoted at 15 to 15 1/2; Electrolytic, 14 1/2 to 15; Casting, 14 1/2 to 14 3/4. Lead was higher at \$19 5/8 in London. Locally weak at 4.65 to 4.75. Spelter was unchanged at \$21 5/8 in London. Locally unchanged. Iron unchanged locally.

THIRTY-ONE KILLED ON JAP BATTLESHIP

By Associated Press. WASHINGTON, D. C., September 18.—The state department was advised today that the Japanese government had officially announced that thirty-one men were killed and eleven wounded by an explosion of shells on the Japanese battleship Kashima recently. Dodge, the charge d'affaires at Tokio, expressed to the Japanese foreign office the regrets of this government.

F. CONSTANTINE ON TRIAL FOR MURDER

State Asserts that It Will Show He Murdered Mrs. Gentry

By Associated Press. CHICAGO, September 18.—Taking testimony began today in the trial of Frank J. Constantine, accused of the murder of Mrs. Louise Gentry. The state's attorney said it would be shown that Constantine murdered the woman over a quarrel with her about his failure to repay the money borrowed from Gentry.

The defense contends that Mrs. Gentry committed suicide. The first witnesses testified that after hearing Mrs. Gentry scream Constantine was seen running out of the rear door of the apartment building. He asked the janitor to get his hat for him, but that when the janitor, having learned of the murder, returned to look after him Constantine had fled.

ASSEMBLY IS TO BE CONVENED OCT. 16

Filipinos Making Elaborate Preparations for the Inaugural Session of Assembly.

WANT BATTLESHIPS FOR THE ORIENTAL CARNIVAL

A Brilliant Reception Is Being Planned for Secretary Taft in Manila on October 15—Passage Public Utility Law.

By Associated Press. MANILA, September 18.—The governor general has issued a proclamation convening the national assembly on October 16. Plans have been made to render the inauguration session of the assembly a brilliant function.

The members of the Philippine commission believe there is a prospect of an early passage of the public utilities law, based on the recent railway rate legislation in congress. At the end of the first year's operations the insular ship subsidy law shows it to have been highly successful. A comparatively small appropriation had been involved and it was decided an improvement in the service had been effected.

A number of citizens here drafted a letter to President Roosevelt requesting the presence of the American battleships at the inter-Oriental carnival to be held at Manila the first week of February, 1908. An elaborate reception is to be given Secretary Taft in the city on October 15.

JACK, THE PEEPER; JACK, THE EXPOSER

Officers Think They Have a Combination Jack in One James Manning

A combination of Jack the Exposer and Jack the Peeper was arrested by Officer Blevins last night in the vicinity of the swinging bridge in West Globe. The fellow gives his name as James Manning. He was confined at the police station and will have a hearing before Judge Thomas on a charge of making an indecent exposure this morning.

According to a number of people residing in the vicinity of the bridge, Manning has been in that neighborhood for several days, frightening little girls and conducting himself in an improper manner. He is also accused of walking under the bridge and peeping up through the cracks as girls and ladies pass over.

Manning's movements were watched closely last night shortly after school and his arrest followed by Patrolman Blevins. The officers think they have sufficient evidence to put the accused out of the way for quite a number of days. Manning was found sleeping in a boxcar a number of days ago and was haled into court on a vagrancy charge. He put up a good talk, along hard luck lines, and was given a suspended sentence.

LAST GAME LOST BY SCORE 4 TO 0

Globe Outplayed by Cananeans—Many Kicks and Few Pleasures

The Globe baseball team and the remaining excursionists who went to Cananea for the independence day celebration, returned home last evening, much pleased with their trip, though somewhat disappointed over the failure of the local boys to win a game from the Cananeans. The boys have no excuses to offer for the three successive defeats administered them by the nine in the big Mexican camp, as they were clearly outplayed in every game, but they feel that on their home grounds they could vanquish the Cananeans. The last game was a shutout for the local team, Cananea making four runs. Until the ninth inning the score was 1 to 0, but Quinliven muffed a thrown ball on first and Collins threw the ball away, giving the Cananeans three runs. Both Collins and Rieger pitched fine games and few safe hits were made. Rieger was hit harder than Collins, but luck, coupled with fast outfielding by the Cananeans, kept the bases empty and poor umpiring did the rest. The Cananea boys have the hit-and-run game down to perfection and they worked the "squeeze" play on the Globe boys several times with success.

MOTHER OF MRS. GEO. SMALLEY PASSES AWAY AT TUCSON

News of the death of Mrs. J. A. Roa, mother of Mrs. George Smalley of this city, was received in Globe yesterday. In chronicling Mrs. Roa's death the Tucson Star says: About 3 o'clock Tuesday morning Mrs. J. A. Roa, 68 years old, died at the residence of her daughter, Mrs. Ben Henry, 141 South Fifth avenue. All her children were present at the bedside when dissolution came. The funeral arrangements have not all been made, but it is likely the burial services will be held Wednesday afternoon.

Decayed had been a resident of Tucson for many years. Her husband has been dead for several years. Those who survive her and who were present are her three daughters, Mrs. Ben Henry, Mrs. George H. Smalley of Globe and Mrs. Diaz of Guaymas, and her two sons, Lautero and Agriolo Roa.

the stay of the ball players in the camp did members of the Cananea team make any attempt to see that the boys had a good time. Nevertheless, the manager to see the camp and enjoy themselves after a fashion.

The team left Cananea Tuesday afternoon at 2 o'clock with the remaining excursionists in the Pullman which had been retained by Manager Frochaska and did not arrive in Benson until yesterday morning at 6 o'clock, being held up all night at Fairbank on account of a washout. Smith and Duering were left at Cananea, they having been offered employment there. Walter Bridwell left the party at Wilcox and leaves today for Los Angeles to re-enter school.

From the time the boys left Globe Saturday evening they had a hard time getting enough to eat. Not until the arrival of the train at Cananea shortly before noon on Sunday was there an opportunity to feed the inner man. Returning on the Southwestern, the supply of food in the dining car was exhausted before many of the excursionists had eaten, and at Fairbank, where the train was stalled all Tuesday night, no eatables could be secured. Manager Frochaska has invited the Cananea team to come here for a series of games and he will endeavor to get together a winning team by that time and he will also make arrangements to show the visitors something in the way of entertainment that may be a surprise to them.

SIX-MONTH MAN BREAKS FROM THE CHAIN GANG

James O'Donnell Balked at Serving the City and Took French Leave—Doing Time for Larceny

James O'Donnell, better known as "Happy Hooligan," while working on the city chain gang yesterday, made his escape and at last accounts was enjoying his liberty. O'Donnell was sentenced on Tuesday to serve six months in jail at hard labor.

The fugitive was arrested Monday night on a petty larceny charge. Sunday "Happy" formed the acquaintance of some generous spirit, and when the shades of night fell was invited to share the bed of his new friend. When his benefactor released himself from the soothing embrace of Morpheus he found "Happy" missing; also a suit of clothes and some furnishings. The officers found O'Donnell in a saloon attired in the purloined glad rags and immediately placed him under arrest. He explained that he was intoxicated when he arose in the morning and was not able to discriminate between his clothing and that of his friend. When it was shown to the court that "Happy" had not only donned his duds, but those of his sleeping bed fellow, Judge Thomas found him guilty and sent him up for six months.

Threatening to kill his wife when he gained his liberty, Jesus Alvarado, a Mexican, escaped from the city chain gang last night, and he is giving the city police department considerable uneasiness.

Alvarado, in city court yesterday, was sent up for sixty days charged with carrying a gun and threatening his wife. With five other convicts he escaped last night about 6 o'clock. The guard was in the act of feeding the men at a Chinese restaurant, when six returned to the jail last night seeking beds, and the other two, with Alvarado, are still missing. Mrs. Alvarado is responsible for her husband's arrest and incarceration, and he threatened to murder her as soon as he was free. He is known to be a dangerous Mexican and the officers are afraid that he will execute his threat. The Alvarado home was closely guarded last night, but the engaged husband failed to put in an appearance.

TO PAY BOUNTY OF TEN CENTS ON RATS

San Francisco Makes a Hard Struggle in Combating the Bubonic Plague

By Associated Press. SAN FRANCISCO, Cal., September 18.—At a meeting of the health board today, Health Officer Gunn reported on the bubonic plague situation as follows: Total number of cases to date, 32; deaths, 19; suspects under observation, 19.

Gunn said the bacteriological work done by Dr. Wherry showed practically that all the infected rats came from the Italian quarter in the North Beach district.

Supervisor Payot attended the session of the board. He objected to the proposal by Dr. Huntington to address a circular letter to every wholesaler, warehouseman, liveryman and restaurant man in the city relative to the necessity of killing rats. Payot thought the purpose would be served by addressing a letter to the press. The health officer was instructed to advertise, by authority of the board, that he would pay a bounty of 10 cents on rats.

The health officer was authorized to employ four additional plumbers in inspectors to further the efforts of the sanitary office.

Doctors Huntington and Taft of the consulting committee reported that they are ascertaining what accommodations can be afforded by the various hospitals to 750 unaffected patients, soon to be moved from the city and county hospital.

NEW TRUST LAW TO BE ENFORCED

Justice Will Be Handed Out Even-handed to Rich and to Poor

By Associated Press. CHICAGO, September 18.—Attorney General Bonaparte held a three hour conference today with District Attorney Sims in which the attitude of the government in the Alton immunity case was one of the matters considered.

After the conference Bonaparte said that he did not feel at liberty to give any information on that subject prior to such action as will be taken when the grand jury reconvenes.

The attorney general denied that there is any friction or discord in connection with the proposed immunity. Asked as to the policy of the department of justice in the enforcement of the new anti-trust laws, the attorney general replied: "The penal statutes will be enforced against all wrongdoers, rich or poor, trust magnates or counterfeiter or bank wreckers."

BODY OF GEORGE ROSE HAS BEEN SENT TO SALT LAKE

By Associated Press. WASHINGTON, D. C., September 18.—Word reached the state department today from the American consul at Mexico City that the body of George Rose, the American mining engineer who was killed at Guanajuato by Mexican bandits some days ago, has been sent to Salt Lake City, Utah, by Rose's wife, who was wounded at the time her husband was killed.

PREVALENT CRAZE OF GETTING THIN

The Fad Denounced by an Eminent Englishman Who Talks of the Meat Supply.

TO HIDE GLUTTONY, THE PEOPLE RESORT TO LIQUOR

Under British Inspection Doctor Says "Prize Christmas Fat Beef Is Absolutely Filled with General Tuberculosis."

By Associated Press. LONDON, September 18.—Sir James Creighton-Brown in delivering the presidential address at the annual meeting of the Sanitary Inspectors' association at Llandudno, referred to the English meat supply and urged the abolition of private slaughter houses, providing for the abattoirs and central office for meat inspection.

"Then people would no longer find 'prize Christmas fat beef' absolutely filled with generalized tuberculosis."

He added: "If Chicago has its jungle, London has its dismal swamp."

In another part of the address the eminent physician denounced what he described as a "prevalent craze for getting thin." "On all hands," he said, "the cry is, we eat too much."

So fierce in some quarters is the propaganda of dietetic asceticism that in dread of being suspected of gluttony, the people only indulge their greedy appetites in secret. This craze, Sir James declared, is producing debility, which suffers therefrom are seeking to combat by indulgence in alcohol and narcotics.

HAS HIS LIBERTY AND MAY MURDER

Mexican Who Threatened His Wife's Life Escapes from the Chain Gang

Threatening to kill his wife when he gained his liberty, Jesus Alvarado, a Mexican, escaped from the city chain gang last night, and he is giving the city police department considerable uneasiness.

Alvarado, in city court yesterday, was sent up for sixty days charged with carrying a gun and threatening his wife. With five other convicts he escaped last night about 6 o'clock. The guard was in the act of feeding the men at a Chinese restaurant, when six returned to the jail last night seeking beds, and the other two, with Alvarado, are still missing. Mrs. Alvarado is responsible for her husband's arrest and incarceration, and he threatened to murder her as soon as he was free. He is known to be a dangerous Mexican and the officers are afraid that he will execute his threat. The Alvarado home was closely guarded last night, but the engaged husband failed to put in an appearance.
