MORAL COURAGE.

For twenty-three days three Nevada miners have been entombed in the deeps of the earth 1,000 feet below the surface. They are still there, alive, and it will probably be a month before rescuers can reach them, even if all goes well.

That is a splendid example of a courage no less moral than physical. Physical courage faces the death of the flesh, on the moment, without a tremor; it looks calmly on wounds and pain, and peers over into the dark borders beyond the grave with daring eyes.

Then, perhaps, when the courage of the flesh has begun to fail the courage of the spirit comes to its aid. And so long as those two stand hand in hand the hideousness of death cannot daunt man nor any leering demons of the unknown future make him quake.

Moral courage! Every man in the world needs more of it. It guides him in victory and sustains him in defeat. It strengthens him to say "Yes" to the whispering of the truth within himself, and impels him to say "No" to the allurements of outward circumstances.

CUT THE THROAT OF DUMMY TIGER

HOW ALBUQUERQUE SPORTS CEBERATED THE CLOSING OF GAMBLING IN NEW MEXICO.

To celebrate the passing of gambling, which has been the most picturesque feature of New Mexico life for the last half century, the throat of an immense stuffed tiger was cut in the St. Elmo resort in this city before a big crowd on the stroke of midnight.

Numerous bonfires of gambling paraphernalia were lighted. Every gambling place in the city was packed yesterday by devotees of roulette, poker and faro, who made the most of the few hours that remained.

NO MORE SMELTERS ARE TO BE SHUT DOWN, SAYS MANAGER HELENA PLANT

HELENA, Mont, January 2.—Manager A. M. Smith of the Helena plant of the American Smelting & Refining company, today made specific denial of the story telegraphed from this city last night that he said it was the intention of the corporation to close several more plants throughout the country.

Reflections of a Bachelor.

A girl doesn't mind having red hair unless you call it that. When a man isn't ashamed to talk of earning his bread and butter it amounts to a lot more than that.

Congressional Snags for Water Ways.

A congressional ordeal is ahead for river and harbor improvement on a comprehensive scale. It will come in the form of schemes to fritter away the appropriations by districts so that each congressman shall get a local share, a system that would be a shameful and wasteful miscarriage of the whole undertaking.

Whenever you feel that your stomach has gone a little wrong, or when you feel that it is not in good order, as is evidenced by mean headaches, nervousness, bad breath and belching, take something at times, and especially after your meals, until relief is afforded.

This is to notify the public that I have again taken full charge of the Globe Steam Laundry, and that Copas & Richards, to whom I leased the plant some time ago, have retired, and are no longer in any way connected with the business.

I wish to assure my old patrons and the public in general that all work will be first-class and that a prompt service will be given. Give me a trial. Nov. 21, 1907. G. BOHSE.
