**Weak Kidneys**

Weak Kidneys surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach those controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

**In New Quarters**—The Republican office has been moved from East Mesquite street to West Push street, in the room formerly occupied by the office of the Pinal Mountain Water company.

**At Wightman's**—Miss Ruth Vannia, an accomplished musician who has recently returned from Los Angeles, where she has been studying music for the past few years, has accepted a position at Wightman's music store.

**Changes Positions**—Miss M. L. Sanborn has severed her connection with the Consolidated Realty company and has accepted a position as stenographer in Brown's insurance office in the Trust building.

**Visiting in Phoenix**—Rev. F. C. Reid, missionary at large for the Presbyterian church, left yesterday for Phoenix, where he will remain until Saturday, when he will return to Globe and conduct services at the little school house on Sunday, morning and evening.

**Sign Articles**—Ed Huson and E. Anderson have signed articles for a wrestling match on March 14 for \$200 a side, catch-as-catch-can. The winner in addition to the side bet, is to receive 75 per cent of the gate receipts. The articles were filed with the sporting editor

of the Silver Belt last night and the wager is in the hands of a mutual friend.

**Grazing Is Short**—Wade H. Childress and C. D. Coyle made a Sunday visit to the Armstrong ranch, returning yesterday. They report cattle looking fairly good, but that the grass is short and that more moisture is needed in that section.

**Illustrated Sermon**—At the Methodist church tonight Rev. E. G. Decker will illustrate the parable of the talents by the use of beautiful stereopticon views, secured especially for this purpose. There will be no collection and everybody is cordially invited.

**Large Attendance**—There was an enthusiastic meeting of the members of the W. C. T. U. at the Baptist church yesterday afternoon and much important business was transacted. There was a greater attendance of members than every heretofore.

**Pioneer Concludes Visit**—H. Weech, who has been visiting his son-in-law, Dr. L. E. Wightman, for the past ten days, has returned to his home in Elgin, Oregon. Mr. Weech was a pioneer in the Gila valley, but during the past five years has resided in the state of the web footed.

**Rushing Work**—Carpenters are rushing work on the addition to the Methodist church and it was given out last night that it would be completed and ready for the musicale, which is to be given by the Wednesday club on Thursday night. The advance sale of tickets to this entertainment has been large and everything indicates a big success.

**Back to Solomonville**—A. L. Malone, editor of the Solomonville Bulletin, who has been in the city on a joint visit of business and pleasure, will leave this morning for his home down the valley. Mr. Malone was very favorably impressed with Globe, and believes that it is destined to become the mining metropolis of the southwest.

**Experience Meeting**—The Ladies Aid society of the Methodist church is preparing for an experience social which will be held at the church on Friday night, March 13, and to which the public is invited. Some time ago it was decided to build an extensive addition to the church. At a recent meeting it was unanimously agreed that the members should contribute \$1 each toward the building fund and that each should earn the money, and at the social on March 13 recite their experiences in earning the money. The social will be well worth attending.

**Bidding For Business**—The Monarch Clothing store, one of the leading gentlemen's outfitting houses in the southwest, is to the front this morning with an attractive trade invitation, which should be carefully read by every man who has a care for his dress. The Monarch represents the great Chicago tailoring house of Ed. V. Price & Co., and are showing one of the most attractive lines of suit and trouser samples ever brought to this city. Watch the Monarch space daily and familiarize yourself with the best there is in men's wearing apparel.

**Planting Spuds**—Dr. Lyman E. Wightman has returned from an over-Sunday visit to his ranch near Geronimo. He reports that fifteen acres have been set out to potatoes and that fifteen additional acres will be planted to watermelons for the Globe market. The ranch is a comparatively new one and there are 170 acres which have not as yet been brought under cultivation. The farm is watered by a large pond through a system of irrigating ditches, the supply of aqua coming from a number of living springs. The doctor contemplates fixing the place up and converting it into a summer resort.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol For Dyspepsia: "E. C. DeWitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 pounds; in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by Hanna's Drug Store, 228 Broad street.
