A DAY'S DOINGS IN ARIZONA

YOUNG LADY MEETS DEATH FROM FLAMES

BLAZING LAMP IGNITES HER CLOTHING AND SHE IS CREMATED IN THE PRESENCE OF HER AGED, HELPLESS FATHER.

YUMA, April 1.—A blazing lamp, used in an incubator, Sunday night caused the death of Ellen Lloyd, destroyed the ranch house and its contents, owned by her father, J. K. Lloyd, and severely burned him about the hands and arms while he was attempting to put out the flames.

The sad event occurred on Lloyd's ranch near Brawley. Some time during the evening Mr. Lloyd detected the smell of smoke and upon investigating found the chimney of a lamp used in heating an incubator had become clogged with smoke and was blazing. In her attempt to remove the burning lamp from the house she was unsuccessful on account of a door being locked.

Her father, who was in an adjoining room, came to the rescue of his daughter, who was compelled to drop the lamp. Her clothes were on fire and before the flames could be smothered by him she sustained burns which caused her death early Monday morning, after being taken to the home of a physician in Brawley. She lived but two hours after reaching that place, where her sufferings were relieved by the use of opiates.

ARIZONA NEWS AND COMMENT

The groceryman of Yuma have formed a baseball team and are anxious for scalps.

A man named Dollar was robbed of a quantity of clothing in a Yuma hotel. If he had the necessary where-with-all to back up his name the thieves certainly made a mistake.

Disappointed and downcast because his affections had not been returned, Dolores Estrada, aged 53, tried desperately Thursday afternoon at Tucson to hack his throat to pieces with a small knife.

The rush for oil lands in Yavapai county continues. The report of a big strike has been fully verified.

Attorney E. E. Ellinwood of Tucson told a Prescott Journal Miner reporter that if he had his way he would keep Mark Smith in congress as long as he lived. Mr. Ellinwood denied that he had congressional aspirations.

Work for the law-makers. The Prescott Courier, in a dissatisfied moment, suggested that the next legislature should abolish the public examiner, wipe the Arizona Rangers off the map and do away with the bounty on wildcats.

Buckeye will entertain tomorrow with a big barbecue and jollification. An excursion will be run from Phoenix, Mesa and Tempe. The people are simply celebrating, as they say, because they live in the best part of the world, and they want outsiders to know something about it.

Tucson has purchased 100 American flags three feet wide and six feet long to be used in decorating for the territorial convention. It is to be presumed that the Anheuser-Busch eagle will be given at least a peep-in.

A young Chinese couple has been married in the Presbyterian church at Tucson.

Tucson citizens will join in an excursion to the mines at Silver Bell and the smelter at Saco on April 5.

P. S. Patton, a Tucson saloon man, has been arrested charged with striking a man with a heavy bar of iron.

The big sawmills in the vicinity of Williams are soon to resume operations and the little town is looking forward to a return of genuine, old-fashioned prosperity.

The C. & A. smelter at Douglas is to be enlarged and will have a capacity of 1,500 tons by July 1.

Mrs. Pearn and sons, William and Arthur Bowden, have left Tombstone for England on a "three months' visit."

There are 180 children enrolled in the Benson schools.

Phoenix people will go to Kelvin on an excursion April 12.

The federal grand jury is in session at Phoenix. No important matters will come before the jury.

As the result of a quarrel at a Cave Creek sheep ranch, Charles D. Amos, a sheep man, was perhaps fatally stabbed

TREMENDOUS RETURNS ON FIVE ACRES

Holdup men are working in Phoenix. Mexicans are believed to be guilty.

Mesa has ordered all sporting women to leave that town or pay a heavy fine. The women left.

A plot of ground in the cemetery at Tucson has been dedicated for the use of the Benevolent and Protective Order of Elks of that city. Appropriate services were conducted by the order last Sunday.

The recent school election in Phoenix indicates that the saloon element is in the majority. A candidate for trustee favorable to Professor Stillwell for another term as city superintendent, was defeated and the issues were along temperance lines, Sims Ely being elected. Stillwell is a strong temperance advocate.

Maricopa county supervisors are renewing liquor licenses under the new law, and a number of Phoenix wet goods dispensers will be forced to quit business, as complaints against them have been sustained and licenses refused.

Colonel Stewart of the United States army has been at the Fort Grant military reservation, sixty miles northeast of Benson, a month or two for the purpose of making a report to the war department concerning the establishment of a sanitarium there for the tuberculosis patients in the army.

The national forest reserve headquarters at Benson has been notified that 2,000 yellow pine trees are ready to be shipped to that point for planting. They will arrive about the first of April and will be taken to the Santa Rita reserve by Supervisor Selkirk.

L. R. White of the San Pedro valley, known as the sweet potato king of Arizona, has received a consignment of vineless sweet potatoes, with which he will make tests.

At least 30 per cent of the lands of the Yuma valley will be under irrigation by the first of June.

John Noble, the rich Maricopa county sheepman missing for some months, has mystified his friends more than ever by having left a portion of his baggage at a New York city hotel in February with out having called for it. A ticket for a point in South America, paid for by Noble, was also found in the steamship office uncollected for. It is known that Noble had about \$7,000 in New York and his friends think that he has been a victim of foul play.

YUMA COUNTY FARMER PLANTED SWEET POTATOES AND DURING 1907 NETTED \$1,125.96—EXPERIMENTAL STATION STATISTICS.

YUMA, Ariz., April 1.—While a half acre in tomatoes on the experimental farm here netted \$371 in 1906, the same acreage produced only \$126.93 net, exclusive of labor this last year, as the plants were attacked three times by different species of "destructive worms" in 1907. Sweet potatoes did better. Forty nine one-hundredths of an acre sold for \$154.99, a net profit of \$144.14. During the growing season little labor is required with this crop. The crops required eight days of team work and fifty-five days of work by a man. The White Vineless gave the largest yield. The experimental farm figures that on 4.73 acres the net cash returns, not deducting labor, were \$800.17 for 1906, while in 1907, the returns from 5.46 acres were \$1,125.96.

TONS OF SUGAR FOUND ALONG ESPEE TRACKS

BOLD BURGLARS BUSTED MOVING BOX CARS AND SCATTERED PLUNDER ALONG RIGHT OF WAY—A BOY FRUSTRATES PLANS.

TUCSON, April 1.—Southern Pacific detectives are seeking the perpetrators of one of the most daring box car robberies known in many months. It is believed that the robbery was the work of an organized band of box car robbers.

Forty sacks of sugar, each weighing 100 pounds, were discovered Saturday scattered along the track between Tucson and Parvo, which is a siding about four miles east of this city.

It is believed that an organized gang of thieves had planned the robbery and had partially carried it to completion, but their plunder was discovered before they could carry it away after it had been thrown out of the car in which it was being hauled.

The discovery of the sacks was made by several small boys who were walking along the Southern Pacific right of way on Saturday. One of the boys brought home a quantity of the sugar and upon being asked where he obtained it, stated that he had secured the sugar out of a sack lying along the railroad right of way. He informed his parents that he had seen a number of sacks of the sugar lying along the railroad track.

The officials of the railroad were immediately notified and on investigation they discovered forty big sacks of sugar which had been thrown from a box car. The sacks had been taken about 100 feet from the railroad track, so that they would not be noticed when the trains passed along.

To have perfect health we must have perfect digestion, and it is very important not to permit of any delay the moment the stomach feels out of order. Take something at once that you know will promptly and unfailingly assist digestion. There is nothing better than Kodol for dyspepsia, indigestion, sour stomach, belching of gas and nervous headache. Kodol is a natural digestant, and will digest what you eat. Sold by Hanna's Drug Store, 228 Broad street.
