ROOSEVELT MEN TO LOSE IN CABINET

TAFT WILL DEPEND ON ADVICE OF KNOX AS TO MEN FOR OFFICIAL FAMILY

MYRON T. HERRICK OF OHIO IS CHOICE OF TAFT FOR SECRETARY OF TREASURY.

List of Tentative Appointees Is Made Up for Submission to Knox Upon His Arrival at Augusta—Garfield and Pinchot Will Get Cold Shoulder.

CINCINNATI, December 19.—A Times-Star special from Augusta, Ga., says:

When Philander C. Knox, Taft's secretary of state, comes to Augusta to discuss with the president-elect the make-up of the remainder of the new administration's cabinet, Mr. Taft will ask him to approve Myron T. Herrick, former governor of Ohio, as secretary of the treasury.

This fact can be stated as coming from authentic sources. Before Mr. Taft offered the treasury portfolio to Representative Theodore E. Burton of Ohio, he was seriously considering Herrick for the place. Now Herrick is the approved man for the job.

The selection of Knox as secretary of state is of vast significance, in that it will probably mean that most of the men now in the cabinet who have figured as great Roosevelt supporters will be out in the final framing of the personnel of the Taft cabinet.

The president-elect is frank in the statement that he will depend on the counsel of Knox more than on the advice of any other man. This is taken to mean that the chances of Pinchot being secretary of agriculture, and Garfield secretary of the interior, are reduced to a minimum.

When Knox arrives here within the next week or so, Taft will submit to him for his inspection and approval the following cabinet list.

Secretary of State—Philander C. Knox, of Pennsylvania.

Secretary of the Treasury—Myron T. Herrick, of Ohio.

Attorney General—George W. Wickham, of New York.

Secretary of War—Charles Magoon, of New York.

Secretary of the Navy—William Loeb, of New York, or Charles H. Thompson, of New York.

Secretary of the Interior—Richard A. Ballinger, of Seattle, Wash.

Postmaster General—Frank H. Hitchcock, of Massachusetts.

Secretary of Agriculture—James Wilson.

Secretary of Commerce and Labor—George A. Knight, of California.

TEACHERS' MEETING PUBLIC IN ITS NATURE

MANAGERS INVITE PARENTS TO BE PRESENT AT ALL THE MEETINGS.

INSTITUTE OPENS TOMORROW TO LAST FIRST THREE DAYS OF THE WEEK.

(By Supt. F. D. Smith.)

The sessions of the teachers' institute which opens tomorrow at the Central school building are open to the general public, and it is hoped that as many parents and others interested will attend as much as they can.

The sessions will begin at 9 a. m. and at 1:30 p. m. on Monday, Tuesday and Wednesday. The subjects to be discussed are such as should be of interest to all. Monday morning at 9:40 will be given the first of a series of mass exercises in primary reading.

The children making up the class have never been in school and the method of making the first step in this vitally important work should command attention from all who have little children at home. These drills will be conducted by Mrs. Mabel Wood, who has just been elected supervisor of primary grades in the city of Houston, Texas.

Another valuable series will be the three talks on "The Recitation," by Mr. Lanning, principal of the High school. The proper conduct of the recitation determines the genuine teacher, and no one can fail to receive value from these talks. On

Tuesday afternoon Miss Harstad will conduct a class drill in drawing by fourth and fifth grade pupils that no one should miss. None of the children will know what the lesson is to be until it is given them before the nature, that all may see just the nature of every lesson.

In many respects Tuesday will be the banner day of the institute. Dr. Babcock of the University of Arizona will give a talk to the meeting both forenoon and afternoon. His forenoon subject is "The Teaching of English," and in the afternoon he will speak on "The Teaching of History." Dr. Babcock will lecture Tuesday evening at the Methodist church on "An Hour With Recent Poets." At the evening lecture we shall have some good music, and all are invited.

There has been some criticisms of the absence of number work in the first and second grades of the city schools. At the afternoon session of Monday the subject of "Methods in Arithmetic" will be discussed, and all parents as well as teachers are earnestly requested to be present and take part in the discussion. The subject will be opened by F. D. Smith, superintendent of the city schools, who will be followed by F. D. Pirth, a teacher of much experience. It is hoped that all subjects will receive the fullest discussion from all present who have any ideas to present, for in a multitude of counselors there is safety. The management of the institute urges parents to drop in to the meetings even if they can stay but a short time. There can be no subject of more vital interest than the education of the children and this meeting is designed to help improve the work done in the school room.

NINE-HOUR DAY IN MINES BECOMES LAW IN ENGLAND

LONDON, December 19.—The bill providing for an eight hour day in the coal mines, which in process of amendment, became actually a measure for a day of nine hours, was finally adopted by the house of lords today. It goes into effect July 1, 1909. The bill originally contemplated eight hours from surface to surface.

CHINESE DIGNITARIES GET SPECIAL HONORS

PEKIN, December 19.—An imperial edict issued today grants special honors to thirty-two princes and officials. Prince Ching, president of the board of foreign affairs, is made a prince in perpetuity, and members of the grand council are given special honors. For the first time edicts from the throne bear the seal of the regent and signatures of grand councilors. This is in accordance with the regulations of the new regency.

ARRESTED ON CHARGE OF DISTURBING MAUK'S PEACE

W. D. Kendrick was arrested Friday evening on a complaint sworn to by George Mauk, general agent for the Valley railroad. The charge against Kendrick is the use of vile and unseemly language toward the complainant. Kendrick is also charged with making threats to do serious bodily injury to Mauk, and is undoubtedly considered by the latter to be a dangerous character. Mr. Kendrick made bond in Justice Thomas' court and his hearing was set for Monday. The complaint asks that Kendrick be put under bond to keep the peace for one year.

Kendrick has been yardmaster for the local railroad and was recently discharged, it is said. He seemed to have taken a dislike to Mauk and is alleged to have mentioned it to him in language more forcible than polite.

WRAPPED READY FOR MAILING

THE SILVER BELT'S Big Christmas Number

—10 Cents 10—

Thirty-two pages; two beautiful chromatic covers of artistic design.

"Santa Claus' Gift to the Great Globe District." A reliable mining review by Jos. H. Hamill.

Other strong features.

Send a copy to your friends in the east.

The Silver Belt today is a great advertisement for the Globe district.

Largest Regular Edition of a newspaper ever printed in Arizona.

WATER RECEDING AT ROOSEVELT AND FLOOD OVER

PETITION BEING CIRCULATED TO HAVE POSTOFFICE REMOVED TO NEW TOWN.

MEN DISSATISFIED ACCOUNT OF HIGH LIVING AND SAID TO BE MOVING AWAY.

ROOSEVELT, December 19.—The waters are rapidly receding after the downpours and floods of last week, and the water no longer pours over the dam, but is now easily handled by the flood gates. The reclamation service has put in a penstock and other rapid arrangements have been made to take care of future flood waters. Many tents were swept away in the flood. They had been built upon piles and when the flood came down the valley were whisked away like so many chips. The contractors at work on the dam have been forced to entirely suspend operations and will not resume for a month or six weeks.

A Chinaman who has been conducting a truck garden near the dam site lost everything in the flood. This is the second time this Chin has been drowned out, he having sustained a loss of about \$1,500 in a previous flood two years ago.

A petition is again being circulated to have the postoffice removed to the new town. It is situated about a mile beyond the town now and is said to be in a very inconvenient place.

Many of the men working here are becoming dissatisfied at the high cost of living, saying that wages are not commensurate with the price of labor. Some of them are moving away and others are said to contemplate a move.

TRY TO REACH AGREEMENT OF AMOUNT DUE ESPEE

WASHINGTON, December 19.—A conference to reach an agreement as to the amount the government should pay the Southern Pacific railroad for work performed at the time the Colorado river overflowed two years ago and formed the Salton sea on the borders of California and Arizona, was begun at the White House today, but was interrupted by the semi-weekly cabinet meeting.

Senator Flint of California and Maxwell Everts of New York, representing the railroad company will continue their conference with the president tomorrow and it is believed some conclusion will be reached.

RAILROADER SAYS LITTLE PROFIT IN SPUR LINES

KANSAS CITY, December 19.—J. W. Kendrick, vice president of the Atchison, Topeka & Santa Fe railway, was called to the witness stand in the Missouri rate case today. He declared that with the exception of a few lines in Minnesota, there is not a branch railway line in the country which operates at a profit, excluding the handling of interstate business. He declared the lowest passenger rate should be 2.59 cents per mile to pay a legitimate profit on the investment.

GASTRO WANTS TO SETTLE DIFFICULTIES WITH FRANCE

BERLIN, December 19.—There is an evident desire on the part of the president of Venezuela to effect an arrangement of the outstanding difficulties between Venezuela and France. He authorized his diplomat today to make the following statement:

"I believe it would be very easy to bring about a renewal of the relations between Venezuela and France by submitting the questions at issue to arbitration."

President Castro had a lengthy conference with a representative of the German foreign office. The subject matter of the interview is not known.

A further consultation between President Castro and Dr. Israel took place this afternoon. The surgeon advised Senator Castro to remain quiet.

TRUTHFUL MILL WILLIAMS

In Globe dwelt an unconvinced buyer. To Mill Williams he went to inquire. If it really was so, that his goods sold so low, Then exclaimed—why, they ought to sell higher. (So Mill Williams, you see, is no liar.) Phone 121, North Globe.

WEATHER BULLETIN

WASHINGTON, December 19.—For Arizona: Fair Sunday. Monday warmer.

TWO SHOWS AND ONE DANCE FOR ELKS CHARITY

BIG BILL AT DREAMLAND, FOLLOWED BY CHARITY BALL THURSDAY NIGHT.

GREAT SHOW BY TEAL OUTFIT

DOUBLE SHOW AT IRIS WEDNESDAY EVENING WILL DRAW BIG CROWDS.

Twenty-five Per Cent of Both Entertainments to Go to Charity Fund of Elks Lodge for Christmas Giving—Three Hundred Dollars in Sight.

Two big benefit entertainments will be given under the auspices of the local Elks lodge this week for the purpose of raising funds for the Elks Christmas charity fund.

Wednesday evening the Iris theater will put on a special bill in addition to their regular performance, and 25 per cent of both the evening's shows will go to the Elks fund. Raymond Teal will do a black face act that is said to be great, and other talent will be engaged to assist in making the program a strong one. That the entire capacity of the theater will be sold for both performances is a foregone conclusion.

Thursday evening, which is Christmas eve, the scene of the charity workers will be transferred to Dreamland. The Raymond Teal company will put on one of their best bills and will be assisted by talent from the Iris. After the show the floor will be cleared for dancing, special music having been engaged for this feature, and an effort will be made to give the crowd a little more than their money's worth. It has not yet been definitely decided which bill the comedy company will present, but Mr. Teal said yesterday that they would give the very best they have for this occasion. The program in full will be announced later.

These arrangements were made at a meeting of the arrangements committee held yesterday afternoon in the office of City Clerk Welch. Welch was appointed to issue the tickets and will select a bunch of live Elks who will go forth into the highways and byways of the city giving all an opportunity to secure tickets to this great attraction.

The Elks' share of the money raised at these performances will be used to assist in bringing Christmas cheer to the homes of the financially unfortunate in Globe. It has been the custom of the Elks for many years to appropriate money for this purpose, and on this occasion the sum of \$300 will be immediately used by the committee for this purpose, the money being taken out of the treasury in anticipation of the money expected to be raised by the two entertainments above referred to.

Exalted Ruler Ruppky is in charge of disbursing the money set aside for Christmas giving and is hard at work making up his list of worthy unfortunates. This new feature, together with the other enterprises being promoted by the big-hearted people of Globe, will assure that none need suffer the pangs of want this Christmas season.

The two entertainments will be well advertised, the campaign of publicity being begun with a half page announcement in this morning's issue of the Silver Belt. Further announcements and fuller details will be given from time to time up to the dates of the performances.

TO DETERMINE FORMATION UNDER PANAMA WATERWAY

WASHINGTON, December 19.—The president is considering the advisability of having a thorough examination and report made on the character of formations that underlie locks and dams along the line of the Panama canal. It is regarded as important to determine at this time the exact magnitude of the task of providing stable foundations for these locks and dams.

OPENING CHAPTER IN THIS MORNING'S SILVER BELT

"The Mystery of the Yellow Room" A new detective story introducing an original character in fiction whose close observation, keen analysis and logical deduction place him above Sherlock Holmes. This story stirred Paris, the home of mystery, as no other detective story has ever stirred it. Don't miss the opening chapters. You will watch for it eagerly in the future.

THE SILVER BELT Has secured the exclusive rights.

SENATE HAS FUN WITH TEDDY

PRESIDENT SENDS THREE MESSAGES TO CONGRESS, BUT THEY ARE NOT HEARD.

PREFERRED TO HEAR JOURNAL

MESSAGES RELATE TO VARIOUS SUBJECTS—ONE ASKS FOR APPROPRIATION.

WASHINGTON, December 19.—The senate had some fun today when three routine messages from the president were received. Just as the secretary was beginning to read the journal, the arrival of M. C. Latta, assistant secretary to the president, with a message was noted, and the president's representative was kept waiting until the tedious reading of the Journal had been disposed of.

The messages were received, but the delay overlapped the session of the house, so when Latta reached the house he found it had adjourned and he was obliged to carry the messages back to the White House.

One of the messages related to the granting of franchises for water and gas companies and for building a bridge and improvement of the harbor at Port Rico, and asked an appropriation of \$250,000 for the acceptance of the invitation of the Austria-Hungarian government to participate in an exposition; and the third related to fixing the boundary line between Colorado and New Mexico.

ROOSEVELT SENDS SOME MESSAGES TO CONGRESS

WASHINGTON, December 19.—A brief session of the senate today was devoted to routine business. Several messages on minor legislation were received from the president and bills and other measures were introduced. At 12:10 o'clock the senate adjourned until January, 1909.

UPRISING IS FEARED IN CHINA

TROUBLE AROSE OVER BRUTAL TREATMENT OF COOLIE BY PORTUGUESE.

ENGLISH SEND WAR VESSEL

HONG KONG, DECEMBER 19.—IT IS FEARED THAT AN ANTI-FOREIGN MOVEMENT AT CANTON, ORIGINALLY CAUSED BY THE DEATH OF A COOLIE ON THE STEAMER FADHAN, ALLEGED TO HAVE BEEN BRUTALLY KICKED BY A PORTUGUESE WATCHMAN ON THE VESSEL, WILL CULMINATE IN A VIOLENT OUTBREAK AGAINST ALL FOREIGNERS. SO SERIOUS IS THE SITUATION THAT THE BRITISH TORPEDO BOAT DESTROYER HART HAS BEEN SENT TO CANTON.

RELATIVES OF SCHMITZ COME TO THE RESCUE

SAN FRANCISCO, December 19.—William J. Dingee, a cement manufacturer and capitalist whose responsibility as a bondsman for former Mayor Eugene E. Schmitz was questioned several weeks ago by the district attorney's office, today withdrew as surety, and attorneys for Schmitz supplied, in his stead, the names of seven persons who will guarantee \$110,000 for the appearance of the former mayor upon several indictments for bribery pending against him. The majority of these are relatives of Schmitz.

COAST SHIPPERS KICK ON INCREASE

HARVESTER TRUST DON'T NEED ANY PROTECTION

ALREADY CONTROLS 50 PER CENT OF BUSINESS AND IS BEYOND TARIFF'S REACH.

WASHINGTON, December 19.—The testimony of E. D. Metcalf, of Auburn, N. Y., representing the International Harvester company, in the tariff hearing today was similar in many respects to that of Judge E. H. Gary of the United States Steel corporation yesterday.

Mr. Metcalf said the company is so well entrenched in the agricultural implement business that it does not need a tariff, and it is immaterial to them how the tariff is changed. He did not deny that the International Harvester company manufactures over 50 per cent of the harvesters, mowers and reapers made in this country.

NIGHT RIDERS CASE IS NEARING COMPLETION

UNION CITY, Tenn., December 19.—When court adjourned this afternoon until Monday, the state had nearly completed its case against the night riders now on trial. On Monday it will put Frank Fehinger on the stand. He was one of the riders, it is said, and has made a complete confession. He says he was present when the murder was committed and knows the names of every man there.

After that the state will merely fill in with corroborative evidence. The defense will depend solely upon alibis, and for that purpose has summoned nearly 100 citizens of the Reelfoot Lake district to testify as to the whereabouts of the indicted men.

CHANGES BEING MADE IN SOUTHERN PACIFIC MEN

SAN FRANCISCO, December 19.—Announcement was made today of the resignation of Paul Shoup, for a number of years assistant general passenger agent of the Southern Pacific, to take up other work with the same company. Shoup's resignation takes effect on January 1 and he will be succeeded by F. E. Batturs, general passenger agent of Morgan's Louisiana & Texas railway, a Harriman line, with headquarters at New Orleans. Shoup's new work will have to do with the business affairs of the company that come under the jurisdiction of Wm. P. Herrin, chief counsel.

MINERAL OUTPUT DOUBLED IN LESS THAN DECADE

WASHINGTON, December 19.—Remarkable increase in the value of mineral production since the beginning of the new century is announced in the report of the geological survey on mineral resources of the United States. This includes all the principal mineral products, representing an annual output over \$2,000,000,000, an advance of more than 100 per cent in less than ten years.

INSANE DEED OF DEMENTED WOMAN

POISONS THREE CHILDREN AND THEN TAKES OWN LIFE BY SAME ROUTE

MONTPELIER, IDAHO, DECEMBER 19.—THREE DEATHS, TO WHICH A FOURTH MAY BE ADDED, ARE THE RESULTS OF A MOTHER'S REBANGED MIND AND HER QUICK ACTION OF DEADLY POISON.

ORGANIZE AGAINST ESPEE FOR PROTECTION AGAINST PROPOSED HIGHER RATES

RAILROAD ADMITS PRODUCERS MUST PAY TEN MILLION DOLLARS TAXES.

Mass Meetings to Be Held All Along Coast in Protest Against Raise—Threaten to Organize Rivalry in a Freight Carrying Steamship Line.

SAN FRANCISCO, December 19.—Shippers and importers are arranging to unite in a state-wide protest against the increase in transcontinental tariffs announced by the Southern Pacific and Santa Fe railroads, effective the first day of the year.

Opposition on the part of the interests most affected will take the form of a score of mass meetings, held in the leading cities December 30, when representatives of leading industries will take the initiative and set forth the grievances of the business men against the carriers.

Organizers say the committee at this time does not care to divulge its complete plans. Suffice today, that business men of the state propose to invoke every force at their command to resist the projected increases of freight rates, and in invoking these forces, have the unstinted co-operation of the individual consumer, who, the railroad officers themselves admitted, must pay \$10,000,000 taxes. They have the inclination, organization and money to fight the case on any ground, under any auspices, in courts or before the interstate commerce commission.

The committee has other plans, it says, which, if adopted, will, it believes, have a salutary effect on the action of traffic men in deciding this special question. There, perhaps, will be an objection to saying that rather than pay \$10,000,000 to trans-continental railroads, the shippers of California will encourage the establishing of a first class steamer service on the Pacific, as it has done on the Atlantic, to the Isthmus of Panama.

"It is the height of folly," says the committee, "for railroads to plead poverty and at the same time leave the settlement of this question entirely to themselves. If in their opinion the traffic will bear it, the advance of rates will be made, and we apparently are to have no recourse in the matter. This

OIL COMPANY FILES ITS BRIEF IN BIG FINE CASE

WASHINGTON, December 19.—The Standard Oil company's brief in the proceedings of the United States against the company of the charge of accepting rebates from the Chicago & Alton railroad, in which the United States court for the northern district of Illinois imposed a fine of \$29,240,000, was today filed in the supreme court of the United States. The case comes before the court on a petition by the government for a writ of certiorari, bringing it up for a review of the decision by the United States circuit court of appeals. The brief antagonizes the petition and this opposition is based upon the ground that the law does not authorize a review by the supreme court.

SPERRY BANQUETED

COLOMBO, December 19.—The American fleet will sail tomorrow and is expected to arrive in Suez January 5. Admiral Sperry was banqueted by the governor of Ceylon tonight.

INAUGURAL COMMITTEE NAMED WASHINGTON, December 19.—Senators Lodge, Knox and Bacon were named today as a committee to represent the senate in the joint congressional committee at the inaugural exercises.
