SHORT STORIES OF THE CITY

Examination Postponed—

Arthur Franks, who was arrested Monday night while ransacking a trunk in a rooming house near the Central school building, appeared in Judge Hinson Thomas' court yesterday. At the request of Attorney French, who is defending him, he was granted a continuance until tomorrow afternoon, when he will be examined. Jim Allen, owner of the trunk, and Joseph Skues will be among the witnesses against him.

Nozica Discharged—

Matt Nozica, charged by Pasco Rogie with having made threats against his life, was discharged yesterday, after an examination before Judge Hinson Thomas. Rogie charged that Nozica had driven him from a mining claim which he was working. This fact was established, but there was not sufficient proof to show that the defendant had made any serious threats to warrant his being placed under bonds to keep the peace.

Roosevelt Work Progresses—

J. W. Lively returned yesterday from Roosevelt dam, where he has spent several days. He reports that the work on the dam is progressing steadily, with a force of about 700 men at work. The dam is more than half finished and will be completed within the next two years, at the rate of progress now being made. The force will be laid off during July and August, to give the men a rest during the hot weather.

Guild Meeting—

St. John's Guild of the Episcopal church will meet at the residence of Mrs. M. L. Naquin Thursday afternoon at 3 o'clock.

Cottage Meeting—

The Presbyterian cottage meeting will be held this evening at the residence of T. E. Barrett, next to the Baptist church.

Cannae Improving—

A telegram received yesterday by Wilson & Cash from Cannae conveys the information that things are looking much better in the big Mexican camp. Two more furnaces have been added to the running battery of the Greene-Cannae company, making eight in all now in operation, which is more than have at any time been in commission since the big slump.

Domination Arrivals—

Charles F. Solomon, Safford; A. C. Wall and wife, Roosevelt; J. L. McIvor, Pinto Creek; A. C. Mott, San Francisco; James Summerfield, Chicago; H. O. Bristol, Phoenix; A. C. Ward, Bowie; Charles F. Stone, San Francisco; P. E. Briell, St. Louis; T. F. O'Grady, San Francisco; A. J. Curry, Santa Rosa, N. M.; A. E. Thornton, El Paso; C. L. North, El Paso.

Hand Bady Smashed—

Harry McGregor is nursing a badly injured right hand as the result of an accident in the Eureka mine. He was handling a heavy sheet of metal and in some manner had his fingers caught beneath it. One finger was broken. It

will be several days before he is able to use the injured member.

Barber Shops Close Earlier—

At last evening's meeting of the local Barbers' union it was decided that, beginning April 5, all shops will close at 8 o'clock in the evening excepting on Saturdays and pay days. On Saturdays the shops will remain open as formerly until 10 o'clock, and on the 10th of each month until 8 o'clock.

RAILROAD HAS HEAVY MONTH

More Than Thousand Cars of Freight Received, Including Broken and Company Cars.

The present month promises to be one of the heaviest since the beginning of last year's financial depression, in point of freight shipments into this city.

Already nearly 1000 cars of freight have been received here, exclusive of broken lots of merchandise and of this class of freight it is estimated that something like sixty carloads of freight have been shipped in.

About half a hundred cars of company materials and supplies have been received and with the opening up of work on the new line to Miami, an increase in this line of freight will be manifest next month.

Heavy shipments of freight show that the prosperity of Globe is on the increase again. Every indication favors a still further increase in business.

COMMISSIONER BELCHER WITHDRAWS RESIGNATION

To determine whether or not an excessive price is being paid for the improvements of about eighteen blocks of street in East Globe, a meeting of a number of interested property owners was held in Judge Hinson Thomas' court room last night.

The meeting was called by G. L. Belcher, one of the committee having charge of the disbursement of funds in that section of the city. Mr. Belcher claimed that a contract had been let to J. A. McIntyre for \$1200 when the work could have been done for about half that amount.

He considered the price to be exorbitant and tendered his resignation. The matter was thoroughly discussed, the result being the persuasion of Mr. Belcher by those in attendance to withdraw his resignation. Nothing was done regarding the contract.

Thornton Price was appointed a committee man to wait on J. W. Wentworth, regarding the disbursement of about \$3000 yet to be expended.

Blind Begging Canine Creeps into Heart of Sheriff

The sheriff's office has a new mascot. The newcomer is a dog and a blind dog at that, but he is a pretty animal in spite of the fact that his coat is rough and shows signs of many hard knocks.

Sheriff Thompson discovered the animal on the sidewalk outside the office a day or so ago. The puppy seemed hungry and, being naturally kind hearted, the sheriff took him inside and gave him a square meal, probably the first he had received in many days.

The dog seemed grateful for the kind treatment accorded him and although he could not see the person who had befriended him, he is never so contented as when he knows, by his keen sense of smell, that the sheriff is around.

Dance with the Globe City Band boys at Dreamland Saturday evening, April 3. Music by the full band. Proceeds go to expense fund of the best musical organization in the southwest. Admission \$1.00 per couple.

NOTICE TO PUBLIC.
Notice is hereby given that the firm of McElroy & Kendall has been dissolved and I will not be responsible for debts of the firm contracted after this date, March 30, 1909.
C. J. McELROY.

PERSONAL PARAGRAPHS

Charles F. Solomon of Safford is spending a few days in Globe with relatives and friends.

A. C. Wall and wife arrived in Globe last evening from Roosevelt and are spending the day in the city.

A. C. Mott, the big man with the little name, is renewing acquaintances with old-time friends in Globe.

H. O. Bristol of Phoenix is in the city on business.

A. C. Ward came up from his home in Bowie last evening and is registered at the Dominion hotel.

C. L. North of El Paso is calling on the mining machinery trade in the city today.

A. R. Thornton of El Paso is a business visitor in the city, arriving on last evening's train.

NIXON TRADES FOR BANK.
GOLDFIELD, Nev., March 31.—It was announced in Goldfield today that Senator George W. Nixon, president of the Goldfield Consolidated Mines company, has disposed of his entire holdings in the Consolidated, 250,000 shares, to George Wingfield, who in turn transferred most of his banking interests to Nixon.

The price of the Nixon stock is said to have been \$8 a share, or \$2,000,000 for the whole.

JUDGE NAVE TALKS OF WATERWORKS BOND ISSUE

HEARTILY FAVORS PROPOSITION TO PURCHASE LOCAL UTILITY CORPORATION.

WILL NOT AGAIN GET OPTION

WATER AND SEWERS ARE TWINS AND SHOULD BE PASSED TOGETHER.

"I am in favor of the municipal ownership of water works in any city. In our own city particularly does this seem to be a good proposition. Both the water and sewer bonds should carry at the coming election."

Such is the opinion of Judge Frederick S. Nave, a man who takes more than an ordinary interest in the public affairs of this city and who is pretty sure of his ground before he takes a decided stand in any matter. Judge Nave talked freely with the Silver Belt yesterday and he had the following to say regarding the proposed acquisition of the Pinal Mountain Water company's system:

"There are several reasons why I believe the voters of this city should cast their ballots in favor of the bond issue. In the first place, I am confident that with the city owning the plant we will have more efficient service at less expense than under private ownership."

"I do not know exactly how much the Pinal plant is worth. I do know however, that we elect representatives to the city council who act as our agents. They have looked into this proposition and consider that the plant is worth the price which has been fixed upon it. I am perfectly willing to abide by their decision."

"Even if the price should be a trifle excessive, certainly the people who had enterprise enough to start a plant here when the town was small, taking a chance that it would grow and make their investment a safe one, should be entitled to a fair price."

"I am satisfied that we are getting more value for our money than if the purchase is postponed until a later date, as I do not believe another option at the price now fixed on the plant will ever be obtained."

"To my way of thinking, it would be extreme folly for the city to put in a competitive water system or grant a franchise to another company to put in such a system. The result would be a few weeks of ruinous price cutting and sooner or later one company would absorb the other and in the end the consumers would have to pay interest on an investment not only of one company, but of two distinct systems."

"The city needs a water works of its own and it needs a sewer system. The voters of this city can do nothing better for Globe than to vote in favor of both propositions."

If you wish to vote on the bond issue you must register; former registration will not do. The time is limited. Books close Saturday evening.

Crawford Shoes

for Men \$3.50 \$4.00 \$5.00

The old fashioned method of hand lasting Crawford Shoes has been supplemented by a new and unique mechanical device. This almost human machine pulls the shoe top over a Crawford patented "Tredstrate" last, with a never deviating and untiring force, securely fastening all sides at one touch of a lever.

This overcomes the heretofore uneven strain on the leather and assures mechanically perfect fitting. Simply another reason why Crawford's keep their shape and wear so well.

Ask your local Crawford Shoe dealer about Crawford reinforced shanks, "stay-up" boot toes, "bend" sole leather and other Crawford features—all points of merit. Crawford Shoes have an unusual number of good points. Take my advice and buy a pair!
