WEDNESDAY CLUB MEETS

The meeting of the Wednesday club yesterday afternoon with Mrs. S. F. Sulzenberger of 442 South Hill street was a most enjoyable one.

About twenty-six members were present at this closing of the club year, and several instructive papers were read. Mrs. Nagin handled her subject, "Saite Period and Its Kings," in a manner indicative of a thorough study and understanding of her theme, which, with her splendid delivery, made it one of the most interesting papers of the afternoon.

and ending May 31, 1911, whose opening meeting will be held with Mrs. F. F. Towle, 539 East Mesquite street.

SCHOOL CLOSURES

Yesterday marked the closing of school work for this year, and the remainder of the week will be spent in picnics and outings by the different teachers and their pupils.

The eighth grade, with their teacher, A. L. Jones, will spend today at Wheatfields, while the classes of East Globe school will walk out to some nearby spot for a few hours recreation. On Saturday, Misses Allen and Helley will chaperon the sixth and seventh grades in a picnic at Wheatfields. A pleasant time is anticipated by these energetic boys and girls, who have raised enough money for conveyances and who promise plenty of good things to eat.

GOVERNOR GILLET SAYS BIG BATTLE WILL BE ENACTED

NEW YORK, May 25.—Governor Gillett of California, who is making a tour of the east in behalf of the world's fair for San Francisco in 1915, is not having a happy trip, due to the fact that ministers are camping on his trail and informing him that the Jeffries-Johnson fight must not be held. But Governor Gillett says the fight can be held, for the laws of California permit such a contest. "I cannot stop the fight," he says. "If the people of California do not want the contest to be held they must change their laws."

STRANGE CONDITION IN BEQUEST

NEW YORK, May 25.—The will of Charles C. Dickinson, former president of the Carnegie Trust company, who died here yesterday presumably from the effects of inhaling a poisonous gas in a laboratory in Scranton, Pa., was filed for probate today.

It contains a bequest of \$4,000 for the education of his son Charles at Cornell, with the strange stipulation that the son shall forfeit his allowance if he goes "to or upon Cayuga lake." The lake is used by Cornell crews. To a nephew he leaves \$2,000 for educational purposes with the same stipulation regarding Cayuga lake.

NEW AREAS OF LAND WITHDRAWN

Over Half Million Acres in Arizona Restored Under Settler Law

WASHINGTON, D. C., May 25.—Additional areas in Wyoming and Utah today were designated by the interior department for disposition under the enlarged homestead act.

An area of about 606,608 acres in central Arizona, withdrawn temporarily in 1901, for forest purposes, has been restored to the public domain by the interior department. The land lies in Yavapai and Maricopa counties.

All the unappropriated lands on the restored tract will become subject to homestead settlement August 7. The unappropriated public lands in the areas recently eliminated from the Gacces national forest in Arizona, by presidential proclamation, will be subject to homestead settlement the same date. The eliminations are principally un-surveyed and embrace approximately 53,500 acres in Pima, Santa Cruz and Cochise counties.

JOHNSON'S HEART IS ALL RIGHT

Sawbones Says We Would All Be Lucky If We Were in His Shape

SAN FRANCISCO, Cal., May 25.—Jack Johnson had a busy day in training quarters today. In the morning he was on the road with his new specialist, Tom Flanagan, and regular program boxing was taken up in the afternoon. Johnson also received his first physical examination at the hands of Dr. A. F. Sampson. Dr. Sampson tested Johnson's heart and lungs before he commenced gymnasium work and again immediately afterward.

He refused to make a detailed statement, but Dr. Sampson said Johnson's heart was magnificent, and that he could hardly detect any difference in the pulse beats between the two examinations. "He is a wonderfully built man," said Dr. Sampson, "and we would all be lucky if we had hearts like his." He boxed four rounds with George Cotton and then took on Roy Kenney, a local heavyweight, for a round. Kenney had a desire to become a member of the camp, but one round knocked the notion out of his head. Then the colored fighter finished up with three rounds with Cutler.

JEFF GOES FISHING

Big Boxer Works on Theory That All Work and No Play Won't Do

BEN LOMOND, Cal., May 25.—Jim Jeffries for the past ten days has put into practice the theory that "all work and no play makes Jack a dull boy," and, working only every other day, spent the day fishing fifteen miles from camp and returned tonight with a limit string of trout.

Jeffries said tonight that he would be back at his old grind tomorrow morning and expected to box ten rounds, besides his other regulation routine work.

Friday will be another day of rest and recreation for Jeffries and he expects to leave Friday evening for San Francisco, where he will give his public boxing exhibition.

There are some men who would rather get a black eye than no sort of distinction.

GRAND JURY PROBES DISAPPEARANCE

PORTLAND, Ore., May 25.—The grand jury today took up the subject of the mysterious disappearance of Mrs. Hanna Smith and will continue its investigation tomorrow. Among those who entered the grand jury room during the day were A. B. Chase and Mrs. M. Boden. Chase is a hearer driver in the employ of E. E. Ericson, the undertaker who the district attorney's office yesterday stated had admitted having sent a "fake" telegram from Los Angeles regarding Mrs. Smith's whereabouts.

Mrs. Boden acknowledged after they left the jury room that they had been questioned concerning the Smith mystery. District Attorney Cameron stated tonight that he believes Ericson will appear before the jury tomorrow and make a voluntary statement.

CURTISS PREPARING

Difficulties of Proposed Aeroplane Route Become More Apparent

ALBANY, N. Y., May 25.—Glenn H. Curtiss was strongly of the opinion tonight that he would attempt tomorrow morning the aeroplane flight to New York.

Curtiss arrived here tonight from New York and it was raining hard. His machine had been brought on from Hammondsport and mechanics had been working to assemble it all day, but Curtiss felt that he ought to inspect it by daylight.

Further inspection today of the route Curtiss must travel only served to accentuate its extraordinary difficulties. At Poughkeepsie, Curtiss and his wife and Augustus Post of the Aero Club of America, spent four hours this afternoon scurrying about the countryside in an automobile. First they tried the lawn in front of the Hudson river state insane hospital.

"You might as well land here as anywhere," said the superintendent laughingly. "All of the crazy people land here eventually."

Finally a space was found about three miles south of Poughkeepsie, reasonably smooth. It is by no means an ideal landing, but is the best that can be found.

Curtiss would make no positive statements tonight.

GIRLS GET BIG COIN

Famous Ostrich Case in Capital City Settled Out of Courts

PHOENIX, Ariz., May 25.—A suit was brought in the district court here last fall by Alma Y. Pearson, Jr., and her sister against the Pan-American Ostrich company for a judgment approximating \$250,000, was settled today out of court, the plaintiffs receiving cash and ostriches approximating \$50,000 in value.

After the death of A. Y. Pearsons, Sr., then the largest ostrich grower in the country, his wife transferred the birds and property to his predecessors, the Pan-American company. Last year the children sued to recover on the ground that it was community property and the transfer was irregular.

COAST CITY FISH DEALERS INDICTED

Charged with Violations of Anti-trust Laws

SAN FRANCISCO, Cal., May 25.—Indictments against twenty officials of San Francisco wholesale fish dealing firms, comprising the so-called "fish trust" of this city, were returned by the grand jury this evening.

The indictments are results of an investigation made into the business methods of the fish companies by District Attorney Charles M. Pickett and charge the heads and other officials of the several companies, in San Francisco, with violations of the Cartwright anti-trust law.

A. Paladini and the Western Fish company are the two principal defendants.

Judge Van Nostrand ordered that the defendants furnish \$500 bail each and appear before him for arraignment tomorrow morning.

COMMANDER ROBERT E. PEARY IS BEING HONORED BY ALL EUROPE

ROYAL SOCIETY'S CLUB BANQUET TO PEARY LORD HALSBURY, PRESIDENT STANDING—COMMANDER PEARY STANDING ON PRESIDENT'S RIGHT. LORD STRATHCONA, LEFT. PHOTO BY AMERICAN PRESS ASSOCIATION

BERLIN, May 23.—Honors are being showered upon Commander Robert E. Peary by the governments and societies of Europe. State dinners have been in order, and, while the public demonstrations have not been so marked as those given to Colonel Roosevelt, still Commander Peary has been dined and feted by the greatest men of Europe. His reception in London will be rivaled by the dinners to be given him here. In London the dinner given by the Royal Society's club was one of the largest ever held in the club, Lord Halsbury, Lord Roberts and Lord Strathcona being among the guests.

HIGH SCHOOL CLASS GRADUATES TONIGHT

Interesting Program Is Free to the Public

The first graduating class of the Globe high school will hold commencement exercises tonight at Dreamland and will present a program that promises to be decidedly attractive.

In addition to the regular graduating exercises, a two act farce, entitled "Not a Man in the House," will be presented by the members of the graduating class. This entertainment number has been rehearsed for some time and promises to be very amusing. The entire program will be free and open to the general public. The exercises will commence at 8 o'clock.

MISS HARRIMAN TO BE MARRIED TODAY

Will Wed Sculptor Quietly at Little Church

NEW YORK, May 25.—Miss Mary Harriman, daughter of the late E. H. Harriman and heiress to part of one of America's greatest fortunes, will be married tomorrow to Charles Cary Rumsey, a sculptor, of Buffalo.

As the Harriman family still is in mourning, the ceremony in the little Episcopal chapel, near the Harriman mountain home, at Arden, will be quiet. Only the immediate family and closest friends will be present.

BRYAN'S DAUGHTER ON JOURNEY HOME

Concludes Honeymoon Visit at Mexico City

MEXICO CITY, May 25.—Mrs. Ruth Bryan Leavitt Owen, daughter of W. J. Bryan and her husband, Lieutenant R. A. Owen of the English army, concluded their two days' visit in this city and left tonight for Vera Cruz, where they will take a steamer for Havana tomorrow. They are on their wedding journey, which will end in Jamaica, where Lieutenant Owen is stationed.

PRESBYTERY NAMES RANKIN AS CHIEF

PHILADELPHIA, Pa., May 25.—The general assembly of the United Presbyterian church of North America elected Rev. J. B. Rankin of Denver as moderator at its opening meeting tonight.

DRISCOLL FAILS TO SHOW USUAL FORM

PHILADELPHIA, Pa., May 25.—Pal Moore of this city, had the better of the six-round fight with Jim Driscoll, the English featherweight champion at the National club tonight. Driscoll seemed to have lost his former speed and missed often.

MOMENTS OF COMPLETE REST

When you have a moment to spare from the round of duties, relax mentally and physically. Let every muscle rest and the mind become as near blank as possible. The majority of women do not know how to relax. They keep their muscles at tension all the time and minds at the work point continually when the spare moment comes, instead of relaxing, which would mean a real rest, the average woman will twirl her fingers or wriggle her feet. When she sits in a chair she holds tight to the arms. A little practice will bring control of muscles and ability to profit by the slight opportunities for complete rest.

Never hesitate about giving Chamberlain's Cough Remedy to children. It contains no opium or other narcotics and can be given with implicit confidence. As a quick cure for coughs and colds to which children are susceptible, it is unsurpassed. Sold by all druggists.

SINGING SOCIETY LATEST IN TUCSON

Germans Getting Ready to Vocalize Some

A German Singing society for Tucson is the latest development along musical lines. The society is already organized, though it has not yet recruited the membership it desires.

The Pacific Coast Singing union, with headquarters in Los Angeles, recently made a proposition to back a German Singing society in Tucson and attend its opening performance. The proposition was accepted and Mr. Meyer of the Rainier Bottling company, took charge of the organization. Eleven active members have been enlisted, while the many substantial German business men of Tucson have been enrolled as honorary and contributing members.

WILL FILE ON BIG TRACT OF DOMAIN

Big Irrigation Project Is Scented in Phoenix

Guarding carefully his movements, and acting with as much secrecy as if he was planning some gigantic coup, even going so far as to declare that he is here to "loaf," Howell Jones, land commissioner for the Santa Fe, is in Phoenix and it is believed that he will file scrip in the land office for from 75,000 to 100,000 acres of tillable land in Navajo and Apache counties. Behind the presence in Phoenix of Jones is said to lurk the second largest irrigation project in Arizona—that of the Little Colorado valley, which for years has been considered feasible by experts, who have made examinations.

JUNKETING CROWD OFF FOR CAPITAL

Will Pull for Panama Show at New Orleans

BATON ROUGE, La., May 25.—In a special train of fourteen coaches, both the upper and lower houses of the Louisiana general assembly started today for Washington, where they go to press the claims of New Orleans for the Panama exposition, to be held in 1915. The delegation is headed by Governor Sanders.

COMPANY FORMED TO BUILD HOTEL

That no more time may be lost in getting the erection of another big hotel for Phoenix started, the Adams Hotel company filed articles of incorporation with County Recorder Leonard in Phoenix Monday, the incorporators being Dr. R. W. Craig, Sims Ely, George M. Halm, Roy S. Goodrich and Eugene Brady O'Neill.

On June 1 next the first annual meeting of the stockholders will be held for the purpose of electing a new board of directors, out of which the officers will be selected. They will serve for the ensuing year.

FOULARDS FASHIONABLE IN COSTUMES OF SPRING

All the soft silks promise to be immensely popular this spring and summer. Foulards and satin foulards will be used for everything from morning shirt-waist dresses to garden party frocks and summer evening gowns. Rough pongees and crepe Shanghaies in their natural colors or in more pronounced shades of old-blue and amethyst are always smart and useful. The two-toned taffetas are very much talked about on the other side, but they are far from general over here. Changeable silk voiles, however, and glaze crepes of all kinds are going to have quite a run if we can judge by the shops and dressmaking establishments. —The Delineator.

There is a Reason Why

The Occidental Life Insurance Company Has Met With the Phenomenal Success It Has.

What the Governor of Arizona said to the Governor of New Mexico:

"My acquaintance with the officers of the Occidental Life Insurance Company, and such information as I have been able to get from an examination into its affairs, have satisfied me that it is a most worthy institution, and deserves the support and patronage of the citizens of Arizona and New Mexico. I particularly like the policy of the company in placing its loans and making its investments in the section of the country where it does business. My faith in the company is evidenced by the fact that I am a policy holder for a substantial amount."

What the Governor of New Mexico said to the Governor of Arizona:

"I consider myself fortunate in being a stock holder in an Occidental Life Insurance Company, for I have had some experience as to the value of the stock in a well-managed life insurance company. "The real future of the company is in all probability in the hands of the executive committee, and I am pleased to say they could not, in my opinion, have selected better men to manage the company. I know them all, and they are careful, honest and shrewd men. "It seems to me that it is important to the welfare of our territory that the large sums of money which are annually paid in premiums on life insurance policies, and sent east, should be kept at home, and invested in Arizona and New Mexico. The successful work already done by the Occidental Life Insurance Company in securing such large business during the first years of its existence, makes me believe it will accomplish this end."

THE CHARACTER OF THE MEN WHO CONSTITUTE THE DIRECTORATE is sufficient to guarantee that the business of the Company is being honestly and ably conducted, and the policy of the Company of investing all its money in the Territories should appeal to every local citizen of Arizona.

The Occidental Life Insurance Company is an old line legal reserve company that is as strong, sound and reliable as any company doing business in our territories. Then why should you not give it your support? Thousands of dollars have been loaned to our people, and kept in the west since the organization of the Occidental; the agent of a foreign company solicits your business to send YOUR MONEY out of the country. He is employed by a foreign company, and his interest in our territories is correspondingly increased or decreased by the amount of his production for his foreign employers.

KEEP AT HOME the vast sums that have annually been sent out of the country for life insurance for the development of the new states soon to be, Arizona and New Mexico.
