THURSDAY, AUGUST 22, 1895.

LOCAL LAONICS.

WEEKLY EPITOME OF EVENTS AT AND ADJACENT TO "HOME, SWEET HOME."

Remember that school starts up September 2d.

Fruit jars, crocks, &c., just in season at Taliaferro Bros.

Lieut. Yates, 1st Cavalry was a witness to the ball game on Saturday.

Mr. Hayes, canteen steward at Fort Stanton, took in the ball game.

WHITE OAKS EAGLE has a large Washington hand press for sale cheap.

What are you doing about sending something for exhibition at the fair next month?

J. L. Bell is expected to be here in a few days in the interest of the El Paso railroad.

We carry the most complete line of groceries in Lincoln county. TALIAFERRO BROS.

A little scuffling match occurred in the saloon corner of White Oaks Avenue and Placer St. Monday night. Nobody hurt.

The card of P. A. Lefren appears in this issue of the EAGLE. Mr. L. comes highly recommended as a thorough workman. Try him.

Capt. Bonau, of Troop A, 1st U. S. Cavalry and post commander of Fort Stanton was the guest of White Oaks last Saturday.

S. T. Gray was house hunting last week with the intention of moving his family to White Oaks, to enjoy the benefit of our excellent school facilities.

Messrs. Emil Durr and John C. Bugee, of Milwaukee, Wis., came in Saturday and went to the Three Rivers ranch, with Mrs. Barber, on Sunday. These gentlemen are largely interested in this stock ranch and are looking over their property.

A. N. Anderson is amalgamating for the Jicarilla mill.

Will have a new supply of cherry phosphate this week. Try a bottle. TALIAFERRO BROS.

Miss Fannie Jacobs, of the Captains, came in to witness the ball game Saturday, and is visiting friends in White Oaks.

Esquire Blanchard's court is grinding steadily these days, but whether it is one of those mills of the gods we are not informed.

W. S. Prager, of Roswell, has been looking after his Jicarilla interest the past week. Mr. Prager is always a welcome visitor in White Oaks, where he has been so long and favorably known.

When the present publishers of the EAGLE came into possession of the business they received as a windfall certain iron-clad advertising "contracts." These "contracts" must expire in the sweet subsequently, and we promise that they will not be renewed to the detriment of the neat "make-up" of our paper.

The ball given last Friday evening at Hewitt's hall was one of the most enjoyable affairs ever held in the city. The weather was superb and all those who delight in such amusement were in attendance, with their holiday attire and brightest smile and nothing occurred to mar the joy and pleasure of the occasion.

The peculiar methods of warfare of the Chinese, of throwing something offensive into the camp of the enemy, seems to have been adopted by some of our White Oaks people in the settlement of their domestic difficulties. In this case the weapon was discharged from an upper story window against the enemy below.

LINCOLN ITEMS.

From the News.] Lincoln's public school will open September 9.

Work at the coal mines on the Salado will begin in the near future in earnest. So says Madame Romor.

Lincolinites have narrowly escaped a flour famine this week. At this writing (16th) there isn't a whole sack of flour in town. But there's wagon loads of it on the road, somewhere between here and San Antonio, and we'll not suffer for bread.

D. J. M. A. Jewett, a whilom citizen of Lincoln, but now acting postmaster at Fort Stanton, is expected to return here to reside on the 1st of September. Mr. Jewett is one of the finest accountants in the territory, and he will be employed in the offices of the sheriff and the probate clerk.

When the present publishers of the News took charge of the office they stated that the paper was a fixture in Lincoln. Reference to the record in the probate clerk's office will disclose the fact that they meant what they said. It will be seen that the News printing plant, together with one-half of the building in which it is published, has been sold to Roy R. Norman, W. J. Thompson and W. O. Norman. Consideration, \$1000. Now, if the people of Lincoln county will give the paper that support they should, it will be but a short time until the News will again enlarge. The aim and the determination of the proprietors is to make the News the leading country weekly in New Mexico, and they will not rest content until this has been accomplished.

[The EAGLE can, with pleasure, say that the copy of the News from which the above items were taken bears evidence of the ability of its publishers to place before its patrons a first class "country weekly." We will join with you, gentlemen of the News, and send out from Lincoln county the two "leading country" publications in the territory. There is nothing that tends to advance and advertise a section so much as well conducted newspapers, and those most interested should see that the efforts of such journals are properly appreciated.]

STEAM PUMP FOR SALE CHEAP. We have a No. 6 Cameron Pump in good condition, which we will sell very cheap—for almost freight charges. Zeigler Bros.

ANENT OUR RAILROAD. The White Oaks railroad committee men are at work, and it seems that they mean business.—El Paso Tribune. Rumor has it that the building of the White Oaks railroad from El Paso will commence within the next two months.—Ibid.

Awarded Highest Honors, World's Fair.

DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

OH, NO!

It Don't Do to Blow, Because, You Know,

A SCORE THAT RUNS SO HIGH

Is Not Creditable to the Skill of You or I.

The nine from Fort Stanton came over on Friday and brought along a good many of their friends to see them make a flinch of the base ball players of White Oaks. At the conclusion of the game the score stood 32 to 16 in favor of the home team—or, rather, against the visitors—for such a score could hardly be said to "favor" the players on either side. The nine from the Post could not have played a creditable game, or there would not have been 32 runs against them, and our own club must have been weak, or 16 tallies could not have been scored against them by so weak a team as the Stantons proved to be.

The EAGLE is not well versed in the science or practice of the "national game," but it sees nothing on which to justify one of its characteristic screams in this so-called victory on the diamond over our soldier friends.

There was one noticeable feature of the visit of the Troop A boys—gentlemen, if you please—which is pleasant to consider and chronicle, and that is the marked improvement in the habits and character of the men of late enlisting in the United States army. The ball players, as well as those who came with them, conducted themselves like true gentlemen, both at the ball given in their honor and on the grounds where the game took place. On some former occasions of similar nature there has been too much drunkenness and disorder. The officers and men of Troop A, U. S. C., are to be congratulated on the evidence of respectability now apparent in our regular army, and especially in this troop.

The appended score gives "due credit" for fine play and, charitably, lets the errors slip:

Table with columns: FORT STANTON, A.B., R., E., B.H. and WHITE OAKS, A.B., R., E., B.H. listing player names and statistics.

Score by innings— Fort Stanton..... 1 0 3 5 0 4 0 1 2-16 White Oaks..... 3 8 6 2 0 3 5 5 0-32 Three-Base Hit—Miller, 1. Two-Base Hits—White Oaks, 3; Ft. Stanton, 3. Struck Out—Osterberg, 3; Vandervort, 10. Bases on Balls—Of Vandervort, 5; Osterberg, 8. Umpires—Lieut. Yates, Jesse Vandervort. Score—Joe Gumm. Time of Game—One hour and 45 minutes.

THEY DIDN'T SEE IT.

Are you going to be present at the Oaks tomorrow to see the Stantons wipe up the earth with the White Oaks ball team?—Lincoln News.

Say, because the Stanton boys "wiped up the earth" with the Lincoln contingent by a score of 25 to 5, did you imagine that the "sober boys" could defeat the Oaks athletes. This is a mining camp—not a pastoral community. Sabe?

WE TOOK OUR OWN HORN.

We have been rushed with job work—night and day—for three weeks, and have been unable to give the attention to the paper we desire. Rushes are not of frequent occurrence—more's the pity—in a place like White Oaks, but when they do come they must, and will be, met. The EAGLE has demonstrated the fact in the past fortnight that it is prepared to and can do as good job and book printing as any office in the territory—barring none—and at prices as low as any, quality of stock and work considered.

CHANGED HIS MIND.

Three-year-old Roy is an occasional—always welcome—visitor to the sacred precincts devoted to the mechanical department of this office. On a recent occasion he sat on a high stool and watched the compositor set type for some little time. He seemed to fancy the business, and said: "I think I'll be a printer after awhile." Subsequently he undertook to further unravel the knotty thread of the "art preservative," and in doing so came in contact with printer's ink, when he was suddenly brought to a realization of the fact that a printer's life has a dark side, and is not one continual round of pleasure. By the aid of benzine, soap, etc., he was soon restored to his normal, cleanly condition; but he was evidently unfavorably impressed with printing as a life pursuit, for he returned to the "comp." aforesaid and said, with impressive emphasis: "Now I don't think I'll be a printer after awhile."

Dr. Price's Cream Baking Powder Most Perfect Made.

MINING & MILLING.

Silver ..... \$ .66 1/2 Lead ..... 3.37 1/2

The South Homestake is working about fifteen men now, and the mill will start up in a few days.

Alfred James was hurt in the Old Abe mine Tuesday, while handling machine drills. Both legs were more or less injured. He will be laid up for a short time, but nothing more serious is apprehended.

George Wilkinson had the misfortune to be thrown from a scaffold in the Old Abe mine last Thursday, and in holding to the timber to break the fall, he dislocated his left shoulder. He will be all right again in a few days.

Monday, while Doc. Williams was breaking ore in the Old Abe crusher room, a sharp piece of the rock struck him in the right eye causing a very painful wound. The sight of the eye may be saved but this is not altogether certain.

On Tuesday, J. A. Hollis, a miner at the Wells and Armstrong coal mine, was seriously hurt by the falling of a rock which caught him. Dr. Paden was called and is attending the injured man. The result of the injury at last report was doubtful.

Paul Mayer will have a large number of bicycles on in a few days for the use of the ladies and gentlemen of White Oaks who desire to take lessons in the pleasurable and useful exercise of manipulating the wheel. Prof. Mayer is now taking a normal course at his place of business, preparatory to giving lessons in the art of graceful riding, as soon as his stock of wheels arrive.

The W. C. T. U. supper at the reading rooms last Friday evening was a decided success in attendance, socially and financially. The receipts from sales of refreshments was \$75.50, the expense \$13.50. The ladies of the W. C. T. U. are renowned for their ice cream suppers and the proceeds derived therefrom will be devoted to the improvement of the reading room, as we under a d.

BLANKS IN STOCK. The EAGLE keeps sets of mining applications for patent; also deeds, mortgages, location notices, bonds for deeds, and all other legal stationery at reasonable prices.

HARDWARE. Having purchased the entire stock of hardware, nails, &c., from Mr. W. H. Weed, this, in addition with what we are now carrying makes the most complete stock of hardware in White Oaks. Call and see us when you need anything in the hardware line. Spot cash prices to suit the hard times.

W. O. B. & L. Co.

MIRAGE.

If any one has a desire to see a mirage it will not be necessary to travel far from White Oaks to get a good view of a very respectable one by driving out the stage road towards the head of the M-1 pass, on a clear day, and when within a few miles this side of that point, looking to the north east, up the valley north of Lone mountain a lake here appears with forests about its shores, and a scene embracing a beautiful landscape is presented.

THE FAIR.

The executive committee of the Territorial fair to begin Sept. 17 have decided to give to White Oaks and this region space in which to make an exhibit of the resources of our locality all together. Now, if Lincoln county will send in anything worth showing it will be taken care of and properly credited to the locality from which it came. An exhibit will be sent from here and if the outlying camps will join us it will be a pleasure to combine all in one.

A WORTHY INSTITUTION.

TO THE EDITOR: There is, to my mind, no form of charity that is more beneficial in general results than properly conducted public libraries or reading rooms, where the newspapers of the time can be seen by all who desire, as well as literature of a more or less solid nature. The addition of such games as back gammon, chess, draughts, etc., serve to amuse and entertain those who frequent these places. In mining camps particularly, where men are continually coming and going, many remaining too short a time to acquire social ties, or the society of the gentler sex—always desirable—are these "havens of rest" desirable. Many hours of pleasure during the long winter evenings, and Sundays as well, would be devoted to the "rooms" which, otherwise, might be spent in a less healthful atmosphere. To the end that such a place may be properly maintained the ladies of the W. C. T. U. should have the material assistance of all those who have the welfare of their species at heart.
