OFFICE AT TERRY, HINDS CO., MISS.

The MUTUAL AID AND GRANGE LIFE INSURANCE ASSOCIATION OF MISSISSIPPI offers the cheapest and most reliable insurance of life now within your reach. It enables the humblest tiller of the soil to provide for his family in case of death. In this Association, you only pay for death losses as they actually occur. The plan is no new one—is feasible, and in every respect sound and reliable. Deaths will be less among farmers than any other class. Those insured in the commercial companies generally live in cities, and are exposed to epidemics and the casualties incident to a life of travel. As a class, farmers are less exposed to danger from these causes and their death losses will be proportionally less. This Association offers assurance at cost, and no other plan yet opened to the public proposes to do this. It gives to the Patrons of Husbandry mutual assurance—places protection within the reach of every one belonging to our Order, both male and female. It is confined exclusively to the Order of Patrons of Husbandry. It is your Association—A HOME INSTITUTION.

RESOLUTION OF THE EXECUTIVE COMMITTEE. Resolved, by the Executive Committee of the State Grange of Mississippi, That so far as the plans of the Mutual Aid and Grange Life Insurance Association of Mississippi has been examined by us we think them feasible, and recommended them to the consideration of the Fraternity.

PEARL RIVER FOUNDRY

C. WILLIAMS, PROPRIETOR. I would respectfully inform my friends, and the trade generally, that I am now prepared to turn out, per day, TWO HUNDRED AND FIFTY, of my celebrated "WILLIAMS' PLOWS." I am also prepared to fill orders for Castings of every description. All orders promptly filled, and all work WARRANTED to give entire satisfaction. PRICES TO SUIT THE TIMES. C. WILLIAMS, Pearl River Foundry, State Street, Jackson, Mississippi. WACO, TEXAS, September 15, 1873. Mr. C. WILLIAMS: Dear Sir—Yours bearing date September 1, came duly to hand. I received the Plows shipped by you in good time, and have given them a tolerable fair trial, and am satisfied they are the Plows for the sandy valley here. I have recommended the Plows highly, and have loaned mine to neighbors, and they are well pleased with them. They turn the dirt to please, and I think will be the cheapest Plow for the sandy land, and that is what the farmers in this county want. Very respectfully, ASA H. RHODES, GREENADA, June 27, 1874. C. WILLIAMS, Esq., Jackson, Miss.: The Plow you sent me last summer arrived too late in the season for use, consequently I was unable to test its merits. I have had two of your Plows running all this season, and am now prepared to give my opinion of them. I frequently have as high as thirty Plows running at a time, among which are Diamond Wing (wrought), Avery, Brinly, and Water Valley (cast), and the two of your make. The opinion of the hands on the plantation (as well as my own), is that your Plows are so superior to all others, and I have determined to use yours exclusively, hereafter. In fact, they are the only Cast Plow I ever saw that does work to suit me. They are perfect, and all that any man can desire in a Plow. Wishing you success in the business, I shall do all I can to induce my neighbors to try them. September 4, 1874-6m I remain yours, J. D. McRAE.
