## PLANTATIONS FOR SALE.

1st. The Azucena or Ralston place, back of Waterproof; steam gin, dwelling, eight double cabins, eight mules, and farming implements; 200 acres in cultivation, and 890 in the tract. Will be sold at a bargain.

4th. Disbaron plantation, just below Hard Times Landing, containing 700 acres with several cabins. Will be sold at a bargain.

5th. Westwood plantation, on Tensas river, containing 1,408 acres, about half cleared. Would make a good stock farm.

A cotton plantation, 900 acres, 400 in cultivation and under fence, 16 first-class cabins; good steam gin, new boiler; 21 mules and full plantation equipment. Price cheap and terms easy.

A cotton plantation, 800 acres, 325 in cultivation, 12 cabins, steam gin, barn, five mules and full equipment, will be sold cheap and on long time to a good man.

A plantation on Bayou Vidal, containing about 1800 acres. House and gin in fine condition. Cheap and on easy terms.

The undivided half interest in 900 acres of land of section 25 and section 26, township 10, range 9 east. This land adjoins the Highland plantation, about 9 miles back of Waterproof, owned by Messrs. Miller, who own the other one half of this 900 acres. A. L. Hopkins, surveyor, says there is a portion of this land under cultivation.

Also 80 acres, being northeast quarter of northwest quarter of section 35 and the southeast quarter of southwest quarter of section 25, township 12, north range 11 east. On this land there is said to be a cypress break.

Besides the above I have for sale tracts of land improved and unimproved which will be sold in large or small quantities, and for a low price and on easy terms. Apply to—  
**H. A. GARRETT,**  
Atty-at-Law,  
St. Joseph, La.

**Wants a Rabbit's Foot.**  
Ex-Secretary of the Interior Hoke Smith has received from United States Consul Parker at Birmingham, Eng., a request for the left hind foot of a graveyard rabbit, to be placed in the Pitts River Museum, of which Prof. E. P. Tyler is curator. Tyler, it seems, is an authority on superstitions, and has recently received an American buckeye charm against rheumatism. He needs a rabbit's foot to complete the collection, and Mr. Smith is asked to supply one that has actually been worn by a believer in the charm. Mr. Smith has advertised for it.

**Tennessee Farmer Commits Suicide.**  
James Freeland, a young farmer living near Chattanooga, suicided Thursday by shooting himself through the heart with a Winchester rifle. Despondency over enforced idleness was the cause. Freeland had been out of work for some time. He came with his parents from Clarksville, Tenn., to this section some time ago.

## LOUISIANA HAPPENINGS.

A FRIENDLY BOXING BOUT TERMINATES FATALLY AT COLUMBIA.

Farmers Institute Well Attended — Postmaster Commissioned — Delinquent Lands Sold — Celebrated His Eighty-Third Birthday — Residence Burned.

The post-office at Jonesville has changed hands. Mrs. E. M. Baker having resigned early in April, Miss Eliza Wheat has been commissioned to succeed her. Mrs. Baker has accepted a position in the Natchez Female College, of Natchez, Miss.

**Residence Burned.**  
Fire at 4 o'clock Saturday evening destroyed the residence of Dr. H. G. Webb at Crowley. The flames enveloped the building so rapidly that the occupants were unable to remove all the contents, the building being isolated and the wind in such direction as to prevent spreading. Loss \$1200; no insurance.

**Delinquent Lands Sold.**  
D. T. Stafford, sheriff and ex officio tax collector, sold at the courthouse at Alexandria Saturday, pursuant to advertisement, all property upon which taxes had not been paid for the year 1896. Of the property advertised eighteen pieces were sold to individuals. In default of bidders the remainder was adjudicated to the State.

**The Hoops Burst on a Huge Water Tank.**  
The hoops on a 40,000-gallon tank of water gave way Friday afternoon, at Litcher, with startling explosion. Water was thrown in every direction for 100 or more feet around, terrifying the operators in Litcher, Moore & Co.'s blacksmith shop. For the moment they forgot the river danger was over, and thought a crevasse was at hand. No one was hurt.

**Detective Charged With Perjury.**  
Olin Durousseau, colored, was arrested at Opelousas Thursday morning and incarcerated on a charge of perjury. Durousseau is well known by the sheriff of the adjoining parishes, having been frequently employed by them to do detective work among his race. He has been connected with the sheriff's office at Opelousas for many years.

**Fatal Ending of a Boxing Bout.**  
Carey Townsend, while engaged in a boxing bout with Eliza Whittington Friday evening at Columbia, received a blow in the region of the heart from the effects of which he died almost instantly. Both were colored and had always been friends. The evidence adduced at the coroner's inquest showed conclusively that the death of Townsend was purely accidental, and Whittington was immediately discharged.

**Lumber for Exportation.**  
Thirty-five cars of lumber for the export trade were shipped Saturday from Lake Charles, over the Southern Pacific. The shipments for July to date will average ten cars a day. The signs of the times are brightening up. Two barges, the Trilby and the Olive, one loaded at Bradley-Ramsey's and the other at Perkins-Miller's, left in tow Saturday morning for Sabine Pass, where the cargoes will be transferred to steamers for European ports.

**Celebrated His Eighty-Third Birthday.**  
Jacob Irving celebrated, Saturday, his eighty-third birthday, having been a much respected citizen of Alexandria since '32, where he has a large family of children and a host of grand and great-grand-children, and has accumulated considerable property. He is the only living charter member of Oliver Lodge No. 84, Free and Accepted Masons. Mr. Irving is in fine health and moves around as a man of not more than 60 years.

**Meeting of Members of the Bar.**  
Pursuant to a call issued on the 14th by the members of the bar of the parish of Iberville, in view of the approaching constitutional convention to be held in this State, it is important that those interested in establishing the organic law should give expression of their views on this important subject, met Saturday morning at 10 o'clock at Plaquemine, Judge E. J. Talbot being elected chairman, and Mr. Moise L. Levy secretary. It was decided to send delegates to the meeting of attorneys of the State, to be held at Alexandria shortly.

**Prisoners' Food Allowance Decreased.**  
The police jury of Calcasieu parish finished their work Saturday afternoon after having been in session two weeks. It was resolved to allow Sheriff Lyons only thirty-five cents a head a day for feeding the prisoners in the parish jail. Heretofore the allowance has been fifty cents. They have had two meals a day, and they were good, wholesome meals. In other parishes it is customary to allow the sheriff forty cents each and furnish him a jailor. This order created a big stir around the courthouse, and a regular "howl" went up from the prisoners.

**North and South Railroad Wanted.**  
Dr. Brown, of Camden, Ark., and Capt. Henderson, of Arkadelphia, representing the Arkansas Southern Railroad, met the citizens of Ruston, Saturday, in a very enthusiastic meeting at the opera house. The Arkansas Southern Railroad, now terminating at Junction City, Ark., proposes to extend its route from that place to the Gulf. These gentlemen are making a canvass through North Louisiana to determine the best route for the road. Ruston is almost directly in line between Alexandria, the present terminus of the road, and Ruston and Lincoln parish have other points of great advantage over many of the other towns on the Vicksburg, Shreveport and

**Pacific Railroad by reason of the soil and topography of the country. The opera house was crowded and the people were enthusiastic. Speeches were made by both of the visiting gentlemen, who seemed to look with marked favor on Ruston over other North Louisiana towns. Among the other gentlemen who made vigorous speeches arguing the necessity of a North and South railroad to the upbuilding of the country were Judge E. M. Graham, who presided; Mayor C. K. Lewis, Col. A. T. Prescott and Judge Allen Barksdale. The Ruston people seem to be thoroughly aroused over the matter and will do all in their power to induce the road to go through Ruston. Committees were appointed from each ward in the parish to thoroughly canvass the parish and to keep in correspondence with the management of the road.**

**Veterans Meet at Opelousas.**  
A regular meeting of B. E. Lee Camp, U. C. V., was held at Opelousas Saturday evening at Sandoz's opera house, Commander Sandoz in the chair. A committee, composed of A. B. Anderson, L. D. Breaux and John N. Ogden, was appointed to draft suitable resolutions on the death of Charles Antonio. It was resolved that a meeting to organize a chapter of the Daughters of the Confederacy be held at Sandoz's opera house on Saturday, July 25th, at 3:30 p.m. The meeting will be called to order by N. T. Blacksher, and the objects explained by Capt. L. D. Breaux. John N. Ogden will deliver the opening address. Music and recitations will form part of the meeting.

**Sent Before the District Court.**  
Friday Hon. Robert Hingle, judge of the twenty-second judicial district at Diamond, La., held the preliminary examination of Charles Bostrum, Wm. Leddy, Arthur Morgan, W. Brodman, Emile Steele and Romanous Oubry, the six Algiers residents, charged with outrageous conduct and breaking up the Enterprise Social Club's picnic that was given on July 4th at Cedar Grove park, in Plaquemine parish. After hearing the evidence in the case, the court committed the six accused to stand trial before the criminal district court that convenes next October. The accused were released on the same bond.

**Farmers' Institute Well Attended.**  
The farmers' institute, under the management of Institute Manager J. G. Lee, met with great success at Farmerville Saturday, every ward being well represented. Major J. G. Lee, after an appropriate address, was followed by Dr. W. G. Stubbs on "Rotation in Farming"; Mr. T. H. Jamison, a local speaker, on "Improved Stock"; R. M. Gill and John F. Cobb, farmers of Union, on "Making Farms Sustainable"; Hon. Chas. Shular, of De Soto, gave an interesting talk on "Hog and Hominy"; E. T. Sellers closed the meeting with a sensible and logical talk on "Hay and Forage Crops."

**Interest Taken in the Encampment.**  
A number of men have been busy for the several days cleaning up grounds, building tables, etc., preparatory to the coming of the Sixth Battalion Saturday. The people of Hammond are showing a surprising amount of interest over the encampment, and steps are being taken towards a day's amusement during the same. The Illinois Central people have expressed their willingness to run a cheap excursion from New Orleans to Hammond and return, giving the New Orleans people an opportunity to spend a day in the country and enable many friends to visit the boys in camp. Just what day will be selected is not yet known.

**Mississippi River Improvement.**  
Maj. Thomas H. Handbury, in charge of the river and harbor improvements on the Mississippi between the Ohio and Missouri rivers, has submitted his annual report to the war department. Thirty-four thousand one hundred and twelve obstructions of all sorts were removed during the year. The object of the improvements on this section of the Mississippi is to eventually obtain a minimum depth at low water of six feet from the mouth of the Missouri to St. Louis and 8 feet at the same stage of water from St. Louis to the mouth of the Ohio river. The amount expended on this project to date is \$7,073,000. The amount expended during the year was \$500,000.

**Great Damage by Forest and Field Fires.**  
Forest and field fires are doing much damage in various portions of California. Near the town of Red Bluff about a dozen residences have been burned, cattle ranges destroyed, and standing crops are threatened. The loss is already over \$100,000. The hills near the town of Kenwood are in flames and many farms are in danger. In the vicinity of Mount Diablo fire is laying waste to fields, and the mountain houses are threatened.

**Colored Troops Wanted Fullmans.**  
Considerable excitement was occasioned at the Chicago and Alton depot at Springfield, Ill., Saturday by the colored troops, Ninth Battalion, I. N. G., Chicago, refusing to ride on their return trip in old coaches provided by the Chicago and Alton Road, claiming they were condemned and demanding Pullman chair cars. Violence was narrowly averted by the conductor giving the signal to go. The troops boarded the train as it pulled out.

**Hunting for ME ore.**  
Agents of several West Virginia coal operators were in the southern coke region, near Uniontown, Pa., Saturday, gathering up surplus labor and shipping it to the sister states' mines. These agents have been very quiet in their quest and have secured a good many men who have been shipped daily in small lots.

## Census Advertisements

House Painter, Paper Hanger and Decorator.

I refer by permission to Mrs. India Brown and Mrs. H. A. Garrett for the quality of work I do.

## A RAILROAD TANGLE

Which Chairman Caldwell Will Try to Unravel.  
B. D. Caldwell, chairman of the Western Passenger Association, arrived in San Francisco Friday morning. He will try to straighten out the tangle into which the different lines have got into over the Christian Endeavor business.

Mr. Caldwell said that he did not anticipate any difficulty, as the lines through Ogden and the lines of the association to Colorado points had decided to refuse to accept any excursion tickets issued after the agreed selling date and had also issued bulletins to their conductors to refuse to accept Endeavor east bound excursion tickets with stopovers. He expects the cooperation of the Southern Pacific in the carrying out of the conditions of the contracts between the roads, and anticipated an amicable adjustment of the difficulty.

The local agents do not seem to think that Mr. Caldwell will be able to accomplish anything. He will be in San Francisco about a week, and the outcome of his visit will probably determine whether an agreement entered into by the Western Passenger Association is of any force or value.

**Deadly Sink Holes in the Beach.**  
The body of Chas. Williams, who was drowned Friday night while bathing in the Gulf at Galveston, Texas, has not been recovered. He was a native of Leeds, Yorkshire, England. He was thirty-three years of age, and leaves no children. This makes six lives that have been lost in the Gulf since the bathing season opened here by sink holes in the Gulf.
