 (Opposite Drug Store)

Mrs. Oscar Levy and little son, Master Loris, are visiting in New Orleans.

On Thursday the Police Jury of this parish rescinded the "no fence" law, as to the Seventh Ward only.

Dr. G. N. Clarke leaves Tuesday for a visit of about ten days to his brother, Dr. Claude Clarke, at Mount Pleasant, Tenn.

Mr. J. V. Bemiss left this week for Shreveport, where he will enter a big machine shop. His friends wish him greatest success.

"Gilt Edge" flour could not be improved, at twice its present cost. Its product of highest grade wheat combined with careful and experienced milling. No flour is better.

Mr. G. E. Moore has come to St. Joseph to the relief of his partner, Mr. Arthur Lopus, the automobile repair man, who has been so ill at the Losey House for the past month. Mr. Moore will be glad to offer his services to any one having work in his line, including plumbing and tinning.

The Gazette acknowledges receipt of the following invitation:

Mrs. Theodora Burton La Cour requests the honor of your presence at the marriage of her daughter  
 Kate Burton

Mr. Thomas Magruder Wade, junior on the morning of Wednesday, the twenty-ninth of January One thousand, nine hundred and thirteen at half after ten of the clock Saint Mark's Church Shreveport, Louisiana

At Home after February the second Saint Joseph, Louisiana

The Guyton-Harrington Mule Co., so well and favorably known throughout the South, has again established headquarters at Natchez, at 209 Main street, and this week received two car loads of young Missouri mules, and expects another car as soon as the present lot is disposed of. The reputation of this firm is so well established that further mention from us is unnecessary. Suffice it that they are again at Natchez and ready to supply our planters with young, healthy mules.

If this paper had sufficient space we would publish a complete list of our satisfied "Gilt Edge" flour customers.—Gulley Grocery Co.

Mr. J. A. Harrington, the well-known mule man, who annually opens headquarters at Natchez, bringing down from Missouri and Tennessee several cars of fine, healthy young mules, and who only recently arrived with a large herd, has found necessary, because of his increasing demands for mules, to change location and seek larger quarters, and he has leased the large livery stable in State street, just opposite the Court House. Mr. Harrington is getting in more mules every week, and our planters contemplating buying mules should consult their interests by seeing him.

The semi-annual clearance sale conducted regularly every summer and winter by that long established and well-known clothing firm of Natchez, M. M. Ullman & Co., has become so popular because of the advantage that it affords that it is waited and watched for with interest regularly each season by those who make a study of economy, and at the same time desire the best quality. Their mid-winter sale will be inaugurated next Monday, 20th inst., when all winter clothing will be reduced one-third from selling price, and all shirts, underwear and sweaters will go at 75 per cent of former value. The opportunity will no doubt be well taken advantage of.

Mr. Grocery Man, the New Year is with you. Shake the dust of inferior flours out of your old apron, and resolve to handle "Gilt Edge." We sell it. GULLEY GROCERY CO.

As stated in our last, Mr. Reeve Lewis was taken to Natchez to be operated on for the broken limb sustained in an automobile accident about six weeks ago. We understand the operation was a most difficult one and lasted about five hours and attracted the attention of a half score physicians and surgeons, who were interested in the case. The limb was bared of flesh and the bones united by means of a silver plate, held in place by screws set into the bone. The reports from the hospital are very encouraging and state the young man displayed unusual courage when going on the table, and has since rested as well as could be expected. He will probably have to stay there several weeks yet.

Mrs. Leila Owen Stratton, the temperance lecturer, who is traveling over the Southern States in the interest of the W. O. T. U., paid a visit to St. Joseph this week and was entertained by Mrs. B. F. Bonney. Mrs. Stratton delivered lectures on Thursday and Friday nights at the Court House and was greeted each evening with a respectable audience. Her talks were interesting and instructive and she carried many truths home to her hearers, and kept her audience convulsed with laughter by her many quaint sayings and originality of expression. Mrs. Stratton will lecture at Water-proof on Saturday and Sunday nights at Clayton, Monday and Tuesday; Vidalia, Wednesday and Thursday; Gilbert, Friday, and Delhi, Saturday and Sunday.

When your wife tells you to send home a barrel of best flour, don't cheat her; send "Gilt Edge." Sold by the leading merchants of St. Joseph, Newellton and Water-proof.

**CHANGES IN RAILROAD CIRCLES.**

Mr. C. L. Stone, Passenger Traffic Manager of the Missouri Pacific-Iron Mountain, announces some changes which became effective on the first day of January, 1913. Mr. J. G. Hollenbeck, at present Assistant General Passenger Agent of the Iron Mountain at Little Rock, is appointed General Passenger Agent at St. Louis, succeeding Mr. B. H. Payne who, on account of continued ill health, has been assigned to other duties, in the Passenger Traffic Department at St. Louis.

Mr. F. E. Schroeder, for the past five years Chief Clerk to the Passenger Traffic Manager, has been appointed Assistant General Passenger Agent of the Iron Mountain at Little Rock, succeeding Mr. Hollenbeck.

Mr. H. H. Butler, Chief Rate Clerk in the Passenger Traffic Department, has been appointed Assistant General Passenger Agent with headquarters at St. Louis. He has been with the Missouri-Pacific for the past twenty years and is recognized as an expert on matters pertaining to passenger rates. He will have charge of rates, tariff bureaux, etc.

Mr. Payne has been with the Missouri Pacific-Iron Mountain for 26 years, all of this time filling responsible positions. In his new occupation he will not be required to do any traveling, which will afford him an opportunity to recuperate his health. He will take a vacation for several weeks with his family in the South before resuming active duties.

Mr. Hollenbeck was for a number of years Division Passenger Agent of the L. & N. Railroad, at Atlanta, Ga.; later General Agent of the Passenger Department of the Missouri Pacific Ry. at Cincinnati, and for the last five years has been Assistant General Passenger Agent of the Iron Mountain at Little Rock.

A circular issued by Mr. J. M. Johnson, Vice-President in Charge of Traffic of all the Gould lines, announces the appointment of Mr. John Thompson Hendricks to be General Traffic Manager of the Missouri-Pacific Iron Mountain, System, effective January 1, 1913. Mr. Hendricks is at present a Director and Vice-President in Charge of Traffic of the Western Maryland Railroad.

The new head of the Missouri Pacific-Iron Mountain Traffic Department was born in Shelbyville, Indiana, September 20, 1865, and started his railroad career in 1886 as a clerk in the general offices at Cincinnati of the Cincinnati, Hamilton & Dayton Railroad. Later he was made Contracting Freight Agent for that railroad at Cincinnati, and 1890 became a Traveling Freight Agent for the Santa Fe out of the office of the General Agent of that road in Cincinnati. He was made General Agent of the International & Great Northern at Cincinnati in 1893. Later he was transferred to Houston, Texas, then to San Antonio as Traveling Freight Agent for the line, and was finally sent to Dallas, Texas, as General Agent of the Company. In 1897 he went to the Union Pacific as General Agent at Philadelphia. He left there November 1, 1905, to accept the position of Assistant General Freight Agent of the Western Maryland Railroad at Baltimore, Md. On January 15, 1906, he was made Freight Traffic Manager of the road, and on the 16th of last October was promoted to be Vice-President in Charge of Traffic and also elected a director of the company.

**INSTRUCTIVE WORKS.**

MISSOURI PACIFIC-IRON MOUNTAIN, }  
 AGRICULTURAL DEPARTMENT. }  
 Little Rock, Ark., Jan. 4, 1913.

Dear Sir—"Cheap Beef and Pork Production in Arkansas and Louisiana" is the title of a new pamphlet now ready for distribution by the Agricultural Department of the Missouri Pacific-Iron Mountain Railways. This pamphlet discusses the different meadow, pasture and forage crops, adapted to the territory served by the lines of these companies in Arkansas and Louisiana, giving instructions on the preparation of the land, planting and cultivation and harvesting of such crops. It is hoped that the farmers of these States will secure copies of the pamphlet. They may be had by addressing L. A. Markham, Commissioner of Agriculture, Little Rock, Ark.

Other publications now ready for distribution are "Cotton Culture Under Boll Weevil Conditions," "Building Up Exhausted Cotton Lands," and "Tick Eradication."

Yours truly,  
 L. A. MARKHAM,  
 Commissioner of Agriculture.

Two elders of the Mormon church are stopping for a few days in St. Joseph.
