HUMAN LIFE LIGHTLY HELD

Society Formerly Made Little or No Provision to Protect its Members.

The value of life has fluctuated greatly in the different periods of the world's history. To the Spartans life was cheap. The highest duty was to be a soldier; the greatest honor was to give away life for the state.

Formerly war, pestilence and famine swept off humanity by the countless millions. During the thirty years' war 13,000,000 of Germany's population were killed. The black death devoured 25,000,000 people in Europe during the fourteenth century.

Smallpox and yellow fever, for ages the two dreaded horrors of mankind, have lost their terror. The new discoveries in surgery have alleviated untold suffering.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
