### Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret! You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man

who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

R. L. REYNOLDS TOBACCO CO. Winston-Salem, N. C.

This is the reverse side of the tin

THE Prince Albert tin, and in fact, every Prince Albert package, has a real message-to-you on its reverse side. You'll read—"Process Patented July 26th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which today bite and throat parch are cut off! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, 5c; tippy red tins, 10c; handsome tins, 15c; handsome tins, 20c; handsome tins, 25c; handsome tins, 30c; handsome tins, 35c; handsome tins, 40c; handsome tins, 45c; handsome tins, 50c; handsome tins, 55c; handsome tins, 60c; handsome tins, 65c; handsome tins, 70c; handsome tins, 75c; handsome tins, 80c; handsome tins, 85c; handsome tins, 90c; handsome tins, 95c; handsome tins, 1.00.

Among the out-of-town people to be confined to bed this week, we regret to learn, are Mrs. R. L. Wimberly, of "Osceola" and Mrs. W. C. Swallow of "Sunnyside". Both ladies are suffering from chills and fevers. Their friends sincerely hope they will soon be fully recovered.

Miss Brunette Lewis, we understand, has accepted the position of principal of the Milliken Bend school in East Carroll parish for the coming session. We are delighted to know that Miss Lewis will be so close to us and hope to have her with us occasionally during the winter.

The young men of Waterproof are arranging to give a big Bud Scott dance at the Pythian Hall in that town on Tuesday night, September 5th, to which the public is invited. The Waterproof boys know how to do things and giving dances is decidedly in their line. All who attend will be assured of a good time.

No. 666 will cure Malaria or Bilious Fever. It kills the germs.

John C. Seaman of Baton Rouge, was in Natchez yesterday to visit his brother, Mr. A. M. Seaman, and to renew old acquaintances. He is accompanied by his daughter, Mrs. G. B. Dunn, and her daughter. They leave Tuesday morning for Waterproof, La., for a brief visit to Mr. Seaman's brother, Mr. J. H. Seaman.—Natchez Democrat.

The young man who lives within his means, dresses plainly, puts a polish to his brains whether his boots shine or not, toils honestly for his daily bread, is snubbed in what is called society, while the young man who beats his tailor out of a cutaway suit of clothes, gets his old mother to put a polish on his shoes, with a few cloves in his pocket and a cigarette in his mouth, is the bell sheep in society in this blessed year of our Lord.—Louisiana Democrat.

Blank newspaper is worth more to us than an unpaid subscription account. So those who are more than a year in arrear should better pay up soon or their Gazette will be discontinued without further notice.

### THE TENSAS GAZETTE JOB OFFICE.

We take pleasure in announcing that the Tensas Gazette has equipped a thoroughly modern job printing plant and is now ready to do any form of job work. We are catering especially to high class work, such as visiting cards, office stationery, and all lines of commercial printing. We have a full line of select paper in stock and will be pleased to display samples on request. We guarantee work to have as fine a finish as can be obtained elsewhere and prices will be as moderate as stationery market will permit.

We wish, however, to make one statement that we trust will not be misconstrued or misunderstood. While we have gone to great expense in establishing our job office and wish to get all the business possible, we want no work where collection may be difficult. The high cost of stationery, with our limited capital forbids credit accounts. We do not mean by this to say that all orders from our old friends and customers must be accompanied by cash. But we do mean that 30 days is our limit and we trust we will have very few accounts requiring so much time. If we cannot collect for our work within reasonable time same will be without profit to us, as labor and stationery, etc., must be paid for promptly.

We also want to make another statement which we also trust will not be misunderstood. The price of unprinted stationery to-day is from 50 to 500 per cent above market quotations of two years ago. The awful war now raging in Europe is responsible for the great shortage of paper that has become so acute throughout the United States. Fortunately labor has remained almost normal, but prices on printed stationery must be in keeping with the cost of the unprinted article. The profit to the printer will be no greater to-day than that obtaining before beginning of the war, but the cost to the consumer will be considerable more as compared to quotations before the war began.

With this announcement we offer ourselves as candidates for job printing, assuring satisfaction and guaranteeing prompt delivery.
