5 Passenger Touring Car	360.00

F. O. B. DETROIT.

The most sensational event in automobile circles since the announcement of the reduced Ford prices, on August 1st, is the introduction of the New Ford models, which embody several radical changes in familiar Ford lines.

Besides the crown fenders, front and rear, the streamline design, the larger improved radiator, the Ford is equipped with non-skid tires on the rear.

Similar changes have been made in all Ford models. There has been no change made in the chassis or the wonderful Ford Motor, with its record of more than 1,500,000 in active daily use.

Personal Mention.

Mrs. J. F. Gibson spent several days this week with Mr. and Mrs. W. R. Baker.

Mr. A. J. Gibson attended the Eighth Farmers' Short Course now being conducted at the Louisiana State University at Baton Rouge.

The many friends of Mr. Abe Love will be pleased to learn that he is rapidly recovering from the operation he underwent at Turo Infirmary, in New Orleans, last week, and will soon be able to return home.

Mr. and Mrs. W. M. Heckler went to Natchez, Tuesday, and Mrs. Heckler underwent an operation at the Sanitarium on Thursday. We are pleased to learn the operation was successful and the patient is doing well, and will soon be able to return home.

We invite attention to the semi-annual clearance sale of M. M. Ullman & Co. the popular clothiers of Natchez, which begins next Monday, January 15. This sale is eagerly awaited every summer and winter by the many who make a study of economy, by whom it is taken advantage of and who avail themselves of the rare bargains offered. See the ad. today and profit by the suggestion.

Mr. B. F. Hornsby returned Tuesday from a visit to his parents at Grangeville, La. He was accompanied home by his daughter, Miss Pearl Hornsby, who has been spending the winter with her grandparents. Since Mr. Hornsby's return to St. Joseph he was again called to Grangeville, to the bedside of his mother, who is very low. We sincerely hope he found her improved upon his arrival.

Mr. Bradford Knapp, chief of the Farm Demonstration Work in the South, has arranged to visit Natchez on January 17th, and will deliver a public lecture in the afternoon of that day on the above subject. Mr. Knapp is a forcible speaker and will interest and entertain all who hear him. He will talk on "State Farming," a subject with which he is entirely familiar. It is earnestly hoped that Mr. Knapp's audience will include a large number of farmers and business men from Louisiana.

We regret to report the serious illness of Miss Mahel Couvillon, who is suffering from a severe attack of diphtheria. Miss Couvillon is making her home at St. Joseph with Miss Georgia Lynch. Owing to the infectious nature of the disease the house is quarantined and visitors are not allowed. A trained nurse is in charge under direction of Drs. Lilly & Whitaker. The latest reports from the bedside of the patient are encouraging, and it is the prayerful hope of our entire people that her very useful and promising life may be spared.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is only by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for particulars.

Take Hall's Family Pills for constipation.

Half Your Living Without Money Cost

A right or wrong start in 1917 will make or break most farmers in the South. We are all facing a crisis. This war in Europe puts things in such uncertainty that no man can foresee the future with any degree of clearness.

The sure and certain increase in cotton acreage means lower cotton prices next fall. Cost of all food and grain products is high, so high that no one can afford to buy and expect to pay out with cotton.

It's a time above all others to play safe; to produce all possible food, grain and forage supplies on your own acres; to cut down the store bill.

A good piece of garden ground, rightly planted, rightly tended and kept planted the year round, can be made to pay half your living. It will save you more money than you made on the best five acres of cotton you ever grew!

Hastings' 1917 Seed Book tells all about the right kind of a money saving garden and the vegetables to put in it. It tells about the field crops as well and shows you the clear road to real farm prosperity. It's Free. Send for it today to H. G. HASTINGS CO., Atlanta, Ga.—Advt.

NEWELLTON NOTES.

Miss Lena Triche is visiting friends at Natchez this week.

Mr. Buford Tatum and Judge Purdy, of Danville, Ill., have returned home after a pleasant midwinter visit to Mr. and Mrs. Will Poe.

Mr. and Mrs. Myer and Mrs. Abrams motored up from St. Joseph on Sunday evening and spent several hours here very pleasantly.

Mr. M. S. Kaufman, the progressive young merchant of Quimby, spent Sunday here with his brother, Mr. Henry Kaufman.

Misses Adel Lombardo, Annie Poe and Cora Maslow and Messrs. Buff Tatum, Berdie Warren and Steve Triche and Mr. and Mrs. Trindle, formed a very pleasant automobile party on Tuesday night, and motored to St. Joseph and attended the pictures.

Mr. John W. Osborne, the bear hunter and friend and companion of Roosevelt, the great statesman and ex-president, killed a mammoth black bear in the Tensas swamps last week, which dressed 800 pounds. Mr. Osborne, who has made a study of taxidermy, mounted the head and carried it along with a quantity of the meat to New Orleans, where the meat was served at the banquet given in honor of Hon. John M. Parker, the head being a present to that gentleman.

Mr. Mose Beer of New Orleans was a visitor here this week. Mr. Beer has a number of very warm friends at Newellton, who always enjoy having him visit us, and in compliment to him arranged a most delightful fish fry, and which was also attended by a party of gentlemen from Bridgeport, Ill., including our old friend and former citizen, Mr. L. D. Jarvis, who for some years had charge of "Kenilworth" plantation. The day was most enjoyably spent, and the large strings of beautiful fish brought home attested the skill of the fishermen.

SCHOOL NOTICE

To the Patrons of St. Joseph High School:

Because of conditions over which we have no control, we are two teachers short in school just now. In order that we may render the best possible service to each student, we call the patrons' attention to the following arrangements:

Students in the grades will continue their work as usual; the 8th and 9th grades will attend school only in the forenoon; the 10th and 11th grades only in the afternoon. This arrangement will give only time for recitation work at school in the high school department, so we urge every patron to see that ample study is done at home. The next two weeks closes the first term's work, and a little carelessness at this time may cause a failure which means the loss of a unit, and this may cause an extra year to be spent in school before graduation. To properly review, students should spend extra time studying during the next two weeks. Patrons, your assistance is invaluable at this time.

Respectfully,
M. A. WALSWORTH.

Pursuant to the letter published last week from Hon. B. A. Bridges, Railroad Commissioner, to Hon. G. H. Clinton, calling attention to the fact that the railroads in Louisiana had filed application with the Railroad Commission asking for re-adjustment of rates, which means increase of rates, the merchants and business men of Tensas parish have arranged to send Mr. Clinton to Baton Rouge to protest before the Commission against further increase of rates when same meets on January 17th. The matter is of great importance to all shippers and receivers and no effort should be spared to prevent a further increase in already excessive freight rates now obtaining in this State.
