ADAMS AGAIN ELECTED ARCHITECT PRESIDENT.

Jacksonville, Jan. 13.—The Florida Association of Architects and the Florida Chapter of the American Institute of Architects met here yesterday for a one day's session for the election of officers and discussion of matters relating to the organizations.

The state board of architects opened a three day's session during which examinations will be conducted for seven applicants for state licenses as architects.

The Florida Association elected F. O. Adams, Jr., of Tampa, as president, and W. S. Shaw, St. Petersburg, secretary-treasurer.

Officers elected by the Florida Chapter of the American Institute include Mellon C. Greely, president, Jacksonville, and Maury King, Orlando, vice-president.

The two organizations met in joint session during the day at which methods of competition were the keynote of the discussions. It was the spirit of the joint meeting that competition should not be engaged by the architects which would lower the standard of their work.

CATARRAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. **HALL'S CATARRH MEDICINE** is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.
