Would You  
Consider

A Wonderful  
Opportunity  
in  
Real Estate?

I have something you do not run across every day, and later on some people will be disappointed that they did not grasp the opportunity to buy.

Some one is going to make a handsome profit in the future by the purchase of this particular piece of property. Why not you?—Here it is.

Small Louisiana plantation combined renting and buying opportunity. For \$250 cash you can rent to Jan. 1, 1923, 106 acre farm, one-fourth open, small old house and barn, timber for farming purposes only, on well traveled public road, seven miles from St. Joseph, Tensas Parish, wavy and productive sandy and black loam land, with the right to buy the land at the end of next year, at \$35 per acre, with 6% interest from Jan. 1, 1922 and taxes, and have nothing to pay for nine years but interest and taxes and you get credit for the \$250 rent the place.

paid as a part of the purchase price. Like buying a farm with only a \$250 cash payment. Like renting a place and while living on it get a deed for it if you want it. Why continue to pay rent when you can buy a farm home on such easy terms as this? Fine just as an investment. Invest now even if you are not ready to move and let the present good tenant stay on it and you get the rent he pays to help you pay for
