MILITARY CHIEFS ARE CALLED TO SPA

ALLIES AND THE GERMANS ARE DEADLOCKED ON THE COAL QUESTION

TREATY WILL BE ENFORCED

German Foreign Secretary Says the Germans Will Try to Comply with Orders of Allies—Foch and Wilson Summoned

Spa, Belgium.—A deadlock has been reached by the allies and the Germans on the coal question and Marshal Foch and Field Marshal Wilson, allied military chiefs, have again summoned to discuss possible enforcement measures.

The allied premiers having informed that the Germans were ready to call a meeting. The German reply was not acceptable and the summoning of Marshal Foch and Field Marshal Wilson, it is understood, is an immediate measure to enforce the treaty unless Germany modifies its attitude.

The German foreign secretary said to the Associated Press: "The allied may, under the treaty, give us an order concerning coal. If they give an order, we, of course, would try to satisfy it. But we do not believe we could. That would not be a voluntary co-operative arrangement."

Dr. Simons said later: "The allies can occupy the Ruhr or other territories. They can send their own agents into Germany and probe the situation. They may fix any penalties; we are not in a position to resist."

The secretary expressed the attitude of the German delegation as it is tonight, but the allied ministers hope they will take further measures that the Germans may change their decision.

The body of Mrs. DeCordova was found lying beside a sport auto in which the couple had been riding for several hours. Geisler's body was found across a barbed wire fence, a short distance away, with a bullet wound in his temple. Between the two was an army revolver.

Farmers who had seen the two during the afternoon said the auto was being driven at a high speed.
