LESSING, SOLOMON & ROSENTHAL.

NOVEL CO-OPERATION.

The Keystone Watch Club Company is a corporation doing business in Philadelphia but having agencies in the principal cities of the country. Beside being engaged in the manufacture of watches, it has a novel method of disposing of them by what is called the co-operative club system, similar in its methods to co-operative banks and building associations. The scheme is to organize a club of 25 members for a gentleman's watch and one of 20 for a lady's watch. Each member of a club pays \$1 per week until the total amount due is paid, when a receipt in full is given to the holder of the watch. Thus every week \$25 or the price of the watch is paid in. Instead of holding the watches until each member is entitled to receive one, at the end of each week the members of the club vote the watch paid for to one of their number. For the protection of those who have paid their dollar, the watch is held by the member subject to his complying with the conditions under which he receives it. When all have paid in \$25 the receipts are given.

GOLD WATCH FOR \$1.00 A WEEK.

The Best Way to get a first class Gold Watch is the co-operative club system. The Watch is an American Lever Stem Winder, containing every essential to accuracy and durability, and has in addition numerous other improvements found in no other watch. It is absolutely the only Dust and Damp-proof Movement made in the world and is jeweled with genuine Rubies. The Patent Stem Winder and Set is the strongest and simplest made. This watch is fully equal for appearance, accuracy, durability and service to any \$75 Watch. Price in the Co-operative Club \$38.00—either all cash down or \$1.00 per week.

The Keystone Watch Club Company have engaged me as their agent here to organize clubs under the above explained novel plan. Everybody is enabled to secure a valuable and beautiful watch for \$1 a week. The first club is nearly complete. Anybody desiring a good watch should not miss this chance. I will be obliged to anyone calling on me for particulars. Come and examine the watch for yourself. Respectfully, G. W. PAFFLOW, Evening News Building, Franklin Street.

Ladies' dresses and plumes cleaned and dyed to any shade by A. Friedman successor to the "Little Frenchman," 303 North Fourth Street.

For baby pictures, cute and sweet, With Jackson no artist can compete.

First-class carriages for calls, vis its, etc., at Molder & Hearne's.

Celebrated Budweiser beer at Cotton Exchange.

J. N. Gallagher attorney-at-law, 315 1/2, Austin avenue, Waco, Texas.

OVER THE WIRES.

TELEGRAPHIC MISCELLANY CAREFULLY CULLED FROM SUN-DRY SOURCES.

Again They Make Up.

SHERMAN, Tex., March 10.—The elopement, which has created so much comment pro and con, has reached quite a sudden termination, Cox and his wife deciding to make up and let bygones be bygones.

A day or two since the Kentucky doctor, who is alleged to have estranged the affections of Mrs. Cox from her husband, came back and in a conversation with a News reporter said that it was only at the request of Mrs. Cox that he had gone to Dallas with her and that he had put her and the child on the train there for Kentucky. He denied having a wife and child in Kentucky, or that he had ever gone away with her before. He left, he said, for Paris, but subsequent developments prove that he went on through to Memphis.

Cox to-day learned that his wife was in McKinney, and went down there and met her at a hotel, where the doctor had left her with but little money. When Mrs. Cox left Sherman she states they went to Dallas, where she says the doctor gambled off all his own money and had to borrow enough money from her to get back to McKinney, where he again borrowed money and left, promising to be back at once, but when Cox reached McKinney this afternoon she had not heard from him. They arrive in Sherman at 8:30 this evening. They have not decided whether they will live in Sherman or not.

Wah for the Fort.

FORT WORTH, March 10.—At 9 to-morrow morning dirt will be broken for the construction of the Fort Worth and Albuquerque railway. It is expected the work will be pushed as rapidly as possible. There is some talk of an intention to go to Stringtown, which is regarded as the key to the position for which this and the Dallas Pacific are expected to be competitors northwest of here, and, occupying it, first working towards Fort Worth as well as from this city, northward.

LEWINE BROS.

New Arrivals of Seasonable Goods. See what we have to Offer this Week.

10 PIECES NEW CHINA SILK

For \$1.00 a yard, retailed in New York for \$1.25. 3 pieces Black Surah Silk 20-inch, for 65 cents a yard.

WE WANT YOUR TRADE

And we will make a Strong Effort to Please you.

LEWINE BROTHERS.

COR. AUSTIN and SIXTH STS.

An Extra Session, Perhaps.

WASHINGTON, March 9.—There is some talk of an extra session. William Waller Phelps told a correspondent to-day he thought there would be one. He is very close to Blaine, and it is believed that the latter has been talking about it. This information comes direct, and even if not official, it shows the question is under consideration, and that all talk about an extra session has not been abandoned.

A Queer Malady.

FORT WAYNE, Ind., March 9.—A strange malady has seized the children of Mr. Rush, an employe of the Petersburg road. About a week ago the three children, who range in age from six to twelve years, were seized with violent paroxysms. They behaved like maniacs and frothed at the mouth as if afflicted with hydrophobia. Four doctors were called in turn, and they cannot say what ails the sufferers. The children have been locked in separate rooms, and at regular intervals they go into violent convulsions, necessitating two or three persons to restrain them and their cries can be heard for blocks around. The little ones have grown worse, and fearing their self-destruction and danger to attendants they were removed to St. John hospital yesterday. One doctor detects evidence of poison and others pronounce the malady to be hydrophobia.

Kicking Against Freight Rates.

SHERMAN, Tex., March 10.—The wholesale merchants, manufacturers and capitalists of the city held a mass meeting this evening with a view to memorializing the legislature with reference to the excessive rate of freights charged by the various railroads of the state. Capt. C. R. Roberts, a leading hardware merchant, presided at the meeting, and various speeches were made, setting forth the difference in rates of freights charged by the railroads on long and short hauls. It was shown that while wheat and oats are carried from Kansas City to Memphis, Tenn., at 10 cents per 100 pounds, the rate from Sherman to the latter point is 30 cents per 100 pounds. It was also shown that the freight on a barrel of flour from St. Louis to Texas is no more than it is in Texas for a short distance of 100 miles. A resolution was adopted asking the legislature to pass a law fixing the maximum rate of freight at 25 cents per 100 pounds for

the first distance of 100 miles, and 12 1-2 cents per 100 pounds for each subsequent 100 miles.

Murder and Suicide.

KANSAS CITY, Mo., March 9.—A sensational double tragedy with a woman as the cause occurred in the Vienna house corner Thirteenth street and Grand avenue about 10 o'clock to-night. I. Christiansen, proprietor of the hotel, was shot through the head and fatally wounded by Wm. E. Bell who had been employed as cook in the hotel. The murderer after committing the deed ran down stairs and when he reached the sidewalk placed the muzzle of the still smoking revolver against his own head and blew out his brains. The trouble was over the intimacy of Bell with Mrs. Christiansen. Several months ago Christiansen eloped with his niece and went to Omaha. Mrs. Christiansen sent Bell there to ascertain his whereabouts which he did, and on his return the wife proceeded to Omaha to find her recalcitrant husband. When she left Bell said to her: "If you bring Christiansen back with you I will kill him."

She brought him back and to-night he executed his threat. Christiansen cannot survive to-night.

Desperate Fight With Desperadoes.

DENISON, March 10.—Intelligence reached this city to-day that two notorious horse thieves were in camp on Red river, about four miles distant from Denison. Deputy Constable Nelms and Deputy Sheriff Bud East went in pursuit of the horse thieves and struck their camp unexpectedly. The horse thieves covered the officers with Winchester, and they concealed their errand. The officers returned to Denison for re-inforcements and went in pursuit a second time. The desperadoes had struck camp and were on the move. When the officers came up a pitch battle ensued, over thirty shots being fired, but the desperadoes escaped, although it is believed that one of them is wounded.

Turning the Record out.

WASHINGTON, March 11.—The president sent the following nominations to the senate to-day: Thomas W. Palmer, of Michigan, minister to Spain; John F. Swift, of California, minister to Japan; John D. Washburn of Massachusetts, minister resident and consul general to Switzerland; George Tichenor, of Illinois, assistant secretary of the treasury, vice Isaac I. Maynard, resigned.
