S. MAYER,

Corner Commerce and Navarro Streets. - San Antonio, Texas

COUNTED OFFICIALLY.

CLEVELAND AND HENDRICKS  
DECLARED ELECTED.

Proceedings of the Joint Session  
in the Court of the Elec-  
toral Vote.

WASHINGTON, February 11.—The galleries of the House were not opened until 10:15 this morning, and were soon crowded and the steps utilized for resting places. The portion of the gallery reserved for the families and friends of Senators and Representatives was occupied mainly by ladies, while that portion given up to the general public was filled with gentlemen. The executive gallery was vacant, and one diplomat sat in solitary state in the gallery reserved for the diplomatic corps.

Edmunds, in calling the assembly to order, said: "The House of Congress have met in pursuance of the constitution and laws and the concurrent resolution for the purpose of discharging the duty required by law in the matter of counting the electoral votes for President and Vice President of the United States, cast by the electors of the several States, for the term commencing on the 4th of March, 1885. The tellers appointed by the two Houses will please take their places."

Senators Hoar and Pendleton and Representatives Clay and Keifer having taken their place at the Clerk's desk, Edmunds said: "The President of the Senate will open the certificates of the several States in alphabetical order and now open the certificate for the State of Alabama." He handed to the Chairman of tellers, on the part of the House of Representatives, the certificate as received by messenger. The certificate was read by Senator Hoar, and it was announced that 10 electoral votes had been cast for Grover Cleveland for President and 10 electoral votes for Thomas A. Hendricks for Vice President.

Sherman asked unanimous consent that only the operative parts being inspected by the tellers, agreed to, and only the statement of votes cast were read. The certificate from Arkansas announced 7 votes for Cleveland and 3 for Hendricks. Louisiana announced 8 votes for Blaine and 1 for Logan. Colorado announced 3 votes for Blaine and 1 for Logan. Connecticut announced 4 votes for Cleveland and 1 for Hendricks. Delaware announced 3 votes for Cleveland and 1 for Hendricks. Florida announced 4 votes for Cleveland and 1 for Hendricks. Georgia announced 12 votes for Cleveland and 1 for Hendricks. Illinois announced 22 votes for Blaine and 1 for Logan. Indiana announced 11 votes for Cleveland and 1 for Hendricks. Iowa announced 10 votes for Blaine and 1 for Logan. Kansas announced 9 votes for Blaine and 1 for Logan. Kentucky announced 13 votes for Cleveland and 1 for Hendricks. Louisiana announced 8 votes for Blaine and 1 for Logan. Maine announced 4 votes for Blaine and 1 for Logan. Maryland announced 3 votes for Cleveland and 1 for Hendricks. Massachusetts announced 13 votes for Blaine and 1 for Logan. Minnesota announced 7 votes for Blaine and 1 for Logan. Missouri announced 9 votes for Cleveland and 1 for Hendricks. Nebraska announced 3 votes for Blaine and 1 for Logan. Nevada announced 3 votes for Blaine and 1 for Logan. New Hampshire announced 4 votes for Blaine and 1 for Logan. New Jersey announced 10 votes for Cleveland and 1 for Hendricks. New York announced 36 votes for Cleveland and 1 for Hendricks. This certificate was read by Clay, of Kentucky, and as some vague rumors were in the air this morning that trouble would be made over counting the vote of New York, a murmuring was heard in the City finished reading and announced that the certificate of electors of the State of New York, Governor, a slight manifestation of applause was promptly suppressed by Edmunds, who ordered the Sergeant-at-Arms to remove any person or persons who disturbed the order of the proceedings by applause or other manifestations.

North Carolina announced 11 votes for Cleveland and 1 for Hendricks. Ohio announced 23 votes for Blaine and 1 for Logan. Oregon announced 3 votes for Blaine and 1 for Logan. Pennsylvania announced 20 votes for Blaine and 1 for Logan. Rhode Island announced 4 votes for Blaine and 1 for Logan. South Carolina announced 9 votes for Cleveland and 1 for Hendricks. Tennessee announced 13 votes for Cleveland and 1 for Hendricks. Texas announced 11 votes for Blaine and 1 for Logan. Vermont announced 4 votes for Blaine and 1 for Logan. Virginia announced 10 votes for Cleveland and 1 for Hendricks. West Virginia announced 6 votes for Cleveland and 1 for Hendricks. Wisconsin announced 11 votes for Blaine and 1 for Logan. Edmunds then arose and said: "I have now opened the certificates of electors of all the States and their votes have been reported. The tellers will now make their computation and report the State of the vote." After the tellers had devoted themselves to figuring for several moments, Senator Hoar read and handed the report to the presiding officer of the State of the vote. It appeared that Grover Cleveland of the State of New York, has received 219 votes for President of the United States; that James G. Blaine, of the State of Maine, has received 152 votes for the same office; that Thomas A. Hendricks, of the State of Indiana, has received 219 votes for Vice President of the United States; that John A. Logan, of the State of Illinois, has received 152 votes for the same office; whereas I declare that Grover Cleveland, of the State of New York, has received a majority of the votes of the whole number of electors appointed as they appear in the certificates read by the tellers, and so appears to be elected Vice President of the United States for four years, commencing on the 4th day of March, 1885, and that Thomas A. Hendricks, of the State of Indiana, has received a majority of the whole number of electors appointed as they appear on the certificates read by the tellers, and so appears to be elected Vice President of the United States for four years, commencing on the 4th day of March, 1885, and the President of the Senate makes this declaration only as a public statement, in the presence of the two Houses of Congress, of the contents of the papers opened and read on this occasion, and not as possessing any authority in the law to declare any legal conclusion whatever."

Here the immense audience broke into applause and cheers, which the presiding officer attempted to suppress, but with little success.

The Senate then retired to its chamber and the House took a recess for 15 minutes.

On the House being called to order, Keifer offered a resolution reciting the result of the joint session of the two Houses, and declaring that it is the sense of the House that the Constitution and laws have been duly executed, and no further declaration of these facts is necessary.

ILLINOIS SENATOR.

It Looks Like an Attempt was Made to Seal It.

CHICAGO, February 11.—A special from Springfield, Ill., published this morning, says the two parties in the State Legislature have been watching each other closely to-day, each hoping to reap some advantage at the meeting to-morrow to hold for United States Senator. The Democrats had a caucus to-night, and determined to force the ballot to-morrow if possible. The Democrats have heard from all their members, and expect to have every one here by noon to-morrow if possible. Republicans, on the other hand, have nine men from whom they have not heard and who are probably snowed in, besides Senator Brown, who is sick. The dispatch also asserts that it is the intention of the Democrats to secure a vote, if possible, in both Houses separately, and then proceed to joint ballot, with the assurance of success, holding that a bare majority of the votes cast will elect, and that a majority of the members elected is not necessary.

A Springfield, Ill., special says: After some roll calls, including the call of the House, on which the Republicans did not vote and 56 Democrats did, Hamilton moved to proceed to the election of United States Senator. The speaker refused on the point of order that no quorum was present, and ordered the clerk to proceed with the roll, which resulted, Morrison 48, Halnes 1, Richard 1, Bishop 1. Morgan, of Well county, voted for Halnes on the ground that he could not vote for a free trader. Halnes voted for Bishop. During the roll call Republicans left the House. Democrats voted to insist on the point of joint session at noon, and then took recess.

The Senate met with seven Republicans and three Democrats absent. The Republicans held a caucus, when Senator Merrill moved to adjourn till 11 a. m. Carried. The Senate re-convened and the Democrats tried to have the clerk of the House recognized by the President, who ruled that he would recognize no one without a quorum. A few minutes before 12 the Democrats rose in a body and marched over to the House. The remaining Senate carried a motion to adjourn.

When the Senators and Representatives had assembled, Halnes said, as he understood the law, it made no difference whether a quorum was present or not, the law was imperative that a vote should be taken. The roll was called and the Senate stood 27 for Morrison; House, 52 for Morrison, 1 for Halnes. Morgan voted for Halnes and Halnes voted for Morrison. The Democrats applauded when Halnes' vote was announced, and that the balloting would be resumed at 1 o'clock to-morrow. The Senate then left.

FAVORABLE OUTLOOK.

The Arkansas Road. Granite for the Capitol Poor House, Etc.

Editor San Antonio Light:

One day more has been made in the revival of business. Work in the rock quarries has begun after a stand-still of almost six months. It is to be hoped the weather will remain favorable for some time to come, to give the employed a chance to make up for past privations. The next step, if not the very next, should be the starting of the Arkansas Pass railroad at an early date. The cheer which it will be met, will be beyond our language to express. No one can justly realize it, who has not felt the gloomy hopeless condition to be without money, no work, no credit, house rent to pay, a number of hungry children crying for food, while one's own stomach is pinching and nothing whatever to relieve it, with a view in the future of a hope, like a flash of lightning the tidings will brighten the hearts of thousands with new hope, and in an instant all gloominess of a moment ago is gone, leaving its reflection in memory only.

I believe with the Light, that the walls of the State Capitol should be composed of granite. It is the most substantial stone in the State, wherefrom any dimension can be obtained. I have been in the quarries for nearly a month, while the stone was quarried now used in its walls. Coming home after the close of the quarries, I have brought with me several fine blocks, which can be seen at my place, opposite the poor house. It is as beautiful as it is solid, substantial material.

I think the proposition to buy the waterworks will be met most favorably by all citizens. If a system can be established that all can be benefited as equally as they will proportionately be taxed.

The poor in the county poor house should receive more attention, as they say their treatment is almost intolerable. A thorough investigation in the right direction would soon remedy that. Ask the imposed and not the imposed.

G. G. BRYAN.

Recorder's Court.

J. D. Eckhart, disorderly, continued. He was found by Officer Van Alstyne sleeping in an unoccupied house on Soledad street last night.

W. Williams, James Brown and P. Barrett, being vagrants, were each fined \$10 or 30 days in jail.

S. Espinosa, drunk, fined \$5.

Two cases dismissed and four continued.

Ladies approve of your making little fakes tobacco.

GENERAL GORDON.

London in Mourning Over His Untimely Fate.

LONDON, February 11.—All the morning papers have columns bordered with black, as a token of the grief which is universally felt over General Gordon's fate. Some papers continue the mourning solemnities to the editorial page, but in most of them column rules are reversed on all pages. The News says: "The age of chivalry is revived to retain in it Gordon's history, and the whole world thrills with passionate grief at this Christian warrior's death."

The Standard also refuses to believe Gordon is dead, and clings to the shadow of hope that he may be a prisoner or may have escaped south.

General Lord Wolsey telegraphs the Government that scouts sent to Khartoum have returned. The Standard reports the killing of General Gordon and the atrocities committed in Khartoum by the Mahdi's men.

The following additional details of the killing of Gordon and fall of Khartoum are at hand: It is stated that on the 24th or 25th of January, General Gordon's attention was attracted by a tremendous tumult in the streets. He left the so-called place of Government building in which he made his headquarters, to ascertain the cause of the disturbance. Just as he reached the street he was stabbed in the back and fell dead. The tumult was caused by the Mahdi's troops, who had gained access to the town through the breach. After the report of the killing of General Gordon and the atrocities committed in Khartoum by the Mahdi's men.

ARANSAS PASS.

A Prominent Railroad Man's Idea on the Subject.

This morning a *Larry* reporter interviewed a prominent railroad man on the subject of the extension of the Arkansas Pass railroad extension. His reply to an inquiry concerning it was as follows: "I understand it to be in the interest of the narrow gauge system at present operating in the State of Texas. Paul Bremm, one of the bondsmen offered by Mr. Piper, is known to be the head and front of the narrow gauge system in Texas. By examining the map of the proposed road and perfected road, it will be seen that a tap is employed from Boerne to the city of San Antonio, the terminus being La Grange, in the subject of the extension of the Arkansas Pass railroad extension. His reply to an inquiry concerning it was as follows: "I understand it to be in the interest of the narrow gauge system at present operating in the State of Texas. Paul Bremm, one of the bondsmen offered by Mr. Piper, is known to be the head and front of the narrow gauge system in Texas. By examining the map of the proposed road and perfected road, it will be seen that a tap is employed from Boerne to the city of San Antonio, the terminus being La Grange, in the subject of the extension of the Arkansas Pass railroad extension.
