We Can Now Supply This Hair Preparation

Our big Harmony Laboratories in Boston have caught up with their orders now and so we won't have to disappoint any who are using Harmony Hair Beautifier and want more of it, or any who have been advised by their friends to use it. We can now fill all demands, even if it becomes more of a rage than it is now.

Harmony Hair Beautifier is just what it is named—a hair beautifier. It is not a hair dye or hair oil—but a dainty, rose-perfumed liquid dressing to give the hair its natural gloss and brightness, wavy softness, rich beauty. Easy to apply—just sprinkle a little on your hair each time before brushing it. Contains no oil and will not change color of the hair or darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00; Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way or your money back. Sold only at the more than 7,000 Rexall stores and in this town only by us. Vibber-Gifford Drug Co., Kennewick, Wash.—Adv.
