Prof. Edmond S. Meaney, of the University of Washington, will deliver a lecture on the evening of the seventh.

It is confidently believed by members of the profession with whom the reporter has talked that much good will result from these meetings. Not only will the members of the profession get in touch with each other in a professional way but they can also cultivate the social side of life.

Mr. John W. Laden will depart next Sunday for Tacoma where he will visit with friends until Tuesday when he will go to Seattle as representative from Tumwater Lodge, No. 71, of this city, to the grand lodge of the A. O. U. W. Many matters of importance will come up for settlement and the session will be watched through with considerable interest by members of the order. Mrs. J. C. Davis of this city will represent Leavenworth Lodge No. 32 Degree of Honor and expects to depart Tuesday. The grand lodge will meet Wednesday morning, the 18th inst., and in the evening a big parade is scheduled which will be a grand event. Thursday evening the Degree of Honor of Seattle will entertain the visiting delegates and the drill team will initiate a large class. At the close of the session, which will last four days, a grand ball will be given. Past Supreme Master Workman, J. C. Tate, of Kansas will attend the session as representative of Supreme Master Workman J. G. Miller, of Missouri.

Last Wednesday night Leavenworth Lodge No. 32 Degree of Honor held a very interesting meeting which was well attended. The session was taken up with matters coming up before the grand lodge at Seattle next Wednesday. Mrs. J. C. Davis and J. W. Laden grand lodge representatives spoke of such matters as would come up. A drill team is being organized composed of the lady members.

C. R. Zinkey, who has been under the weather for the past two or three weeks is out again and says he feels as if he could go to work again soon.

Petrel Davis and wife were passengers on the west bound last Tuesday. They go to Seattle, Mr. Davis on business and recreation and Mrs. Davis to see her daughter who is attending school on the west side.

Charles E. Butties, county assessor, called on the Echo last Tuesday. He appointed George Severly, who lives upon Lake Wenatchee, deputy assessor. Mr. Severly will make a very efficient deputy. He will do the assessing in this part of the county.

The Easter Concert at the Congregational church drew quite a large crowd, indeed, the church was full, and the children acquitted themselves in a very satisfactory manner, reflecting not a little credit on the women who spent considerable time in training them.

Dave Gould and Homer Smith went down to Peshastin Saturday to vote for Atkinson in the primary. They came back somewhat disgusted. They say those Peshastin fellows vote just like good democrats, early and often, but in this case they voted for the other fellow.

J. M. Townsend, Spokane, arrived in our burg Wednesday. Mr. Townsend has a homestead up on the Chumstick and spent sometime in Leavenworth last summer, he intends to make this his home in the future and he expects his wife will follow him as soon as he secures a house.

The new store of Messrs. Plisch & Bliss is almost completed. With a store room 30x70 and a basement 30x40 they will have ample room for their rapidly increasing business. In addition to their stock of groceries and furnishing goods they have added a full line of feed of every kind.

Wm. Hintze, of Ada, Minnesota, spent part of last week visiting the family of L. W. Bloom, to whom he is related. Mr. Hintze has decided to move to Washington or Oregon. He will look over both states and then decide which he likes best. He told the Echo he was favorably impressed with Leavenworth.

Dr. McCoy is having the grounds around the hospital cleaned up and will have the lawn sown in grass. He has already had a number of applications from persons who are afflicted with tubercular trouble, who want to camp out during the summer and have heard of our fine climate and pure mountain air. He will establish a tent city on the lawn near the hospital for the use of those who are thus afflicted. The outdoor cure is now considered the most beneficial. Living in camp summer and winter, eating and sleeping out doors, in short living as much as possible like the Indian before he came into contact with the white man is said to be the proper thing. It is a well known fact that consumption was unknown among the Indians when the white man first met them, and is today

comparatively unknown among all those who spend their lives out of doors.

Charles Meyers, one of the mill employees, had the misfortune to break his leg last Saturday. He was assisting several others in hoisting a large shaft into place in the second story of the mill and a brace slipped and the shaft came down on his ankle breaking it. He was at once removed to the Leavenworth Hospital where Dr. McCoy dressed his leg. At this time he is doing as well as could be expected. He will be able to get around on crutches in ten or fifteen days, but it will be from six weeks to two months before he will be able to resume work.
