Unsanitary Conditions
Editor of The Echo: I would like to call the attention of the health officer to the unsanitary conditions prevailing at the Washington rooming house. Soiled clothing, papers and decaying matter are thrown in the back yard and alley. The slop jars from the downstairs rooms are emptied in the alley, and I have been reliably informed that they are emptied out of the windows of the upper rooms. If the health officer would stroll thru the alley back of the rooming house he would discover from the odor that the conditions there should be investigated. A SUBSCRIBER.
