E. H. Rother, manager of the steel plant, made a trip to Spokane Monday returning Wednesday. He was accompanied by Mr. Rowe, of Denver, Colorado, who is taking a deep interest in the outcome of the litigation between the manager and some of the officers. Mr. Rowe, by the way, has unbounded faith in the Rother process of making steel.

Many people have sprung "chestnuts" on us and the following may be another, but it is a good one nevertheless. It was told by one of our merchants. A little tot entered his place of business and said she wished to purchase material to make her doll a dress. After waiting on the little one she asked the price of the purchase. The merchant said "Just one sweet kiss, little girl." She looked up at the man and said in an innocent tone, "Mamma said she would come down in the morning and pay you." We are not informed if the merchant has received his pay.

Among the candidates who have recently filed for county offices are Fred A. Warren, republican who would succeed himself as county engineer; E. C. Bowersox, who would be county superintendent of schools; John M. Johnson, of Malaga, who desires to represent Chelan county as representative in the state legislature. Treasurer C. E. Buttes has also announced that he would be a candidate again for the same office. Bert McManus, formerly deputy sheriff, will oppose Kenyon, the present sheriff. While it is not definitely known at this time, it is believed that Miss Madge Cushing, of Wenatchee, will soon file for county auditor.

Burning permits issued by the state forester and fire warden during June show that a much larger acreage than last year is being made ready for agricultural use. The total of permits was 2,833 for an acreage of 25,857 of agricultural land, as compared with 1,283 permits for an acreage of 10,524 issued in June, 1913. Burning of slashings under these permits is carefully supervised by state wardens or employees of the Washington Forest Fire Association.

Nolan's Clothes Look Good

And they are just as good as they look. Good in quality of material. Good in workmanship and correct in style.

They must be satisfactory to the wearer in every respect before they leave the shop. I have made clothes for the most fastidious dressers in Leavenworth for a number of years. My satisfied customers are by best references.

I have a fine line of new light weight summer samples. Come in and look them over.
