## LEAVENWORTH IS TO HAVE FOOTBALL TEAM

To be Known as The L.-D. Club—Ladies Assist With a Benefit Ball Tonight at the Firemen's Hall

The organization of a football team is of more than usual interest among the Leavenworth lovers of athletic sport. Such a move had been on foot for some time, but did not culminate in an organization until the past few days. Harrison Woodrow will captain the team, with the following line-up:

Wm. Wunder, right half; Bob Henry or Walt White, left half; Harrison Woodrow, (captain) quarter; Ray McKinnie, (manager) full back; John Wunder, right guard; Ross Monett, left guard; Merritt Hagler, center; Leonard Wunder or Robt. Warren, left end; Walt Koerner or Lewis Arbogast, right end.

A benefit ball has been gotten up for the boys, to be given tonight in Firemen's Hall, with the following well known Leavenworth ladies as patronesses—Mrs. Robt. B. Field, Mrs. J. S. Judah and Mrs. Geo. T. Stirling. The Hagler orchestra will furnish the music. Of course a match game with some of the neighboring towns will be arranged before the season closes, and some good sport is in store for lovers of the strenuous pastime.

## Council Proceedings

With the exception of Councilman Snyder there was a full attendance of the town's governing body at the regular meeting last Tuesday evening.

The passing of the following resolution noting the passing away of a former member was the first business transacted:

Whereas, in the passing away of Chas. A. Andresen, formerly a city official and member of the council, we acknowledge the loss to this community of a good citizen and an honest man, of whom no one speaks but in praise, therefore be it

Resolved, That our sympathies be extended to the widow and family of the late Charles A. Andresen; that a copy of this resolution be sent to the family and form a part of the city records.

Ten dollars was appropriated to pay transportation to his home in Kansas of B. F. Hill, a negro indigent.

The water commissioner and clerk were asked to negotiate the sale of second hand woden water pipe to Mr. Warner.

The clerk was instructed to call Road Supervisor Parish's attention to the condition of the road between the Wenatchee Valley railroad crossing and the Wenatchee river bridge.

Water Commissioner Tolbert was instructed to make wood box coverings for the city's fire hydrants to protect them the coming winter.

Ordinance 160, fixing salaries of officers, was read the third time and adopted, as was also Ordinance 161, pertaining to automobiles and vehicles.

The water commissioner was instructed to extend the city water service to the ball park, where also several residents have asked for city water.

The following bills were allowed:

L. C. Brender, blacksmithing	\$ 13.00
E. G. Gowing, labor	34.35
Art Franklin, labor	21.80
J. A. Fernstrom, labor	2.80
C. C. Johnson, labor	27.75
E. G. Gowing, labor	3.75
J. D. Wheeler, stamps	2.25
Leav. Merc. Co. supplies	4.75
Bert Williams, drayage	4.25
L. J. Howerton, drayage	5.75
Mutual Merc., lawn mower	8.25
Crane & Co. values, etc.	119.33

## Football Game Oct. 10, Ball Park

The L.-D. football team will open a series of match games to be played between the different teams of the valley on Sunday, Oct. 10th, at the ball park, and unusual interest is taken in the coming event. Our own team will go into strenuous practice at once and confidently expects to win, an outcome we earnestly hope will be realized.

## Will Make Their Home in Seattle

Mr. and Mrs. Herbert N. Wanner, who left here last Thursday morning, after their marriage at the home of the bride's parents, Mr. and Mrs. Emil David, Sept. 21st., will be at home to their friends at 3221 22nd Ave. West, Seattle, after October 10th. Mrs. Louise Mathilde Wanner was one of the popular young ladies of Leavenworth and will be missed. The wedding was very quiet. Only the intimates of the family were present. Mr. Rhinehart Simonson, of Seattle, a friend of the groom, acted the part of best man, and Miss Minnie Woldenberg, daughter of Councilman Woldenberg, as bridesmaid.

## C. A. C. SHINGLE MILL CHANGED HAND THIS WEEK

Mr. E. H. Kahlhase, of Seattle, New Owner—Had Already Acquired Interest of Appleton & Carter

Mr. Kahlhase is a member of the firm of Kahlhase & Israel, attorneys, with offices in the Oriental block, Seattle, and in taking over the interest of Dr. Durant and R. O. Newcomb he becomes practically the sole owner.

Mr. Kahlhase says he has arranged for the cedar on government land in the White river basin and will operate the mill to its full capacity. The cedar on the east side of the mountains is superior to the western cedar. The shingle mills on the east side also enjoy an advantage in the freight rates to the eastern market, and there is no reason why, if properly managed, the C. A. C. Shingle Mill can not be run at a profit.

## LITTLE NEWS NUGGETS

### Awful Disaster at Ardmore

Ira Woods, a car inspector at Ardmore, Oklahoma, unscrewed the cap from a tank containing 3000 gallons of gasoline in the railroad yards Monday. The gasoline exploded and set off a car of dynamite near by. Thirty-six white men and 19 negroes were killed, many were injured and over a million dollars' worth of property destroyed.

### Will Prevent Flood of Cheap European Products After the War

At the president's direction the department of commerce and the federal trade commission began an investigation to find a means to prevent a flood of cheap products from Europe at the war's end. The president is convinced that extensive economic adjustments will follow the restoration of peace and wants the United States to be ready to meet the conditions.

### Jitney Opposition Puts Railroad Out of Business

A short line railroad down in Oregon went into the hands of a receiver as the result of jitney opposition. The railroad's claim was that it could not operate against passenger carriers who paid for no right of way, upkeep of road, taxes and other burdens under which a railroad is operated.

### The Half Billion Foreign Loan Closed

Within the past few days the great foreign loan, which hung for two weeks, has been finally concluded. The amount is \$500,000,000 and will run for five years at an interest rate of 5 1/2 per cent. The bankers to get two per cent for placing the loan. The money is to be left in the United States and will be drawn against to pay for goods and wares as the English and French governments may want to carry on the war.

## A Burglar Taken In

He came to the home of Postmaster Hamilton last Sunday evening with the intention of helping himself, but found Mr. Hamilton at home, ready to receive him, and was turned over to an officer. If he had known Mr. Hamilton was sheriff back in Nebraska for a number of years and used to taking in gentlemen of his kidney he probably would have tackled a widow woman's home.

## GOVERNMENT AID IN THE APPLE BUSINESS

Will Establish Headquarters at Spokane for the Dissemination of Information

A bulletin sent out from the agricultural bureau at Washington gives the following advance information:

Complying with numerous requests from the growers' councils, chambers of commerce, growers' and shippers' organizations in the states of Washington, Oregon, Idaho and Montana, the Office of Markets and Rural Organization of the United States Department of Agriculture has made plans to establish temporary headquarters in the northwest for the study of the distribution of the 1915 boxed apple crop.

The plan as outlined is based upon assurance that the Office of Markets and Rural Organization will receive the co-operation of all those interested in the apple industry, for without this co-operation the efforts of the office would not produce valuable results.

It is probable that the field headquarters for this work will be in Spokane because of the accessibility of that point to the apple territory in the northwestern states.

The work which the office will do is not that of a telegraphic market news service, but rather contemplates the collection by mail and the compilation of data and issuance of weekly bulletins concerning the shipments and destination of the northwestern boxed apples. In this connection similar work will be carried on to a certain extent in the apple sections of Utah, Colorado and California.

## RAILROAD RUMBLINGS

On account of heavy stock business on the Wenatchee Valley Northern it has been necessary to have an extra crew for this work.

On account of an increase in business the night switch engine has been put on again.

Engineers O'Hara and Keeler came over from Hillyard recently to work extra out of Leavenworth.

Fireman Parrish is on the sick list.

Engineer M. McNulty, who has been in the freight service on the Spokane division for the past seven or eight years, has taken a local freight job out of Hillyard.

Engineer Ben Gritzmaker, who has been on a 30-day vacation, has returned to work. He reports having had a splendid time on the coast.

Master Mechanic T. J. Clark and Traveling Engineer Wm. Pannon were here Tuesday and Wednesday looking over company affairs.

Engineer Buster Brown is laying off. He is on the sick list.

Engineer Wenzloff and Fireman J. Johansen came over from Hillyard to help move the apple crop.

R. L. Smith, roundhouse foreman, and Dr. Hoxsey left on No. 4 yesterday for the Oroville country to do a little duck hunting.

Boiler Maker C. J. Carlson is on the sick list the past few days.

Vern St. Louis, machinist apprentice, spent several days last week at Gold Bar visiting his parents.

Apple loading from this point has begun. The outlook is good for many more cars than last year.

Robert Herzog, construction engineer, who supervised the building of the G. N. power plant five years ago, was in town Tuesday.

Six Bulgarians, recently in the employ of the G. N., heard the call from home and quit. They are on the way to fight for their country.

## You Will Want to Vote

When election day rolls around, but unless you have previously registered you can not vote. Better register. The city clerk's office is open every day.

## Smelter for Leavenworth Says Spokane Paper

Monday's Spokane Chronicle has a statement to the effect that the steel smelter is to be operated. Spokane parties claim to have invented and recently patented a process for the use of oil burning furnaces in smelting iron and steel. Mr. O. P. Moore, secretary of the Washington Steel and Iron Co., is responsible for the statement.

## DRYDEN POWER PLANT BURNED LAST SATURDAY

Supplied Light to Wenatchee, Cashmere and Waterville, and Power for the Former

Thru a short circuit the Dryden electric plant burned last Friday afternoon, destroying three generators and one governor. The loss is estimated at upwards of \$5,000. Wenatchee, Waterville and Cashmere are short on lights and power. The plant will be rebuilt at once. The concrete walls are believed to be all right.

## Geo. Robins, Killed at Peshastin, Buried Last Sunday

Mr. Robins was the victim of an unfortunate accident which occurred near the Peshastin bridge Sept. 15, when he fell from a load of fruit boxes. The body was kept at the undertaking parlor at Mrs. Town's home in the hope that his relatives could be located, where it was prepared for burial at the cost of the undertaking company, which refused to turn the body over to the county for pauper burial. The deceased, besides being a member of the Grange on the sound, was a veteran of the Spanish-American war and served under Admiral Dewey, as his honorable discharge papers showed. He was 42 years old and had no family. He was born in Nova Scotia, where it is learned he has a half brother and sister. Mr. Kuelbs brought a number of old soldiers up from Cashmere to attend the funeral, which was conducted with military honors. Rev. Carne and Mr. and Mrs. Hatch were the only Leavenworth people who attended the funeral. Rev. Carne's remarks at the grave were very impressive.

## In Magistrate Graham's Court

Jerry Young was convicted Wednesday of taking Charley Anson's coat from his room in the Jap lodging house on east Front street. Young paid his fine of \$10 and costs.

Charley Cahill, an old offender, and Jerry Young are held on suspicion of knowing something about the theft of a suitcase from the Barclay Hotel auto between 12 and 1 o'clock Wednesday night.

Yesterday morning Charles Cahill was fined \$100, with 30 days in jail, for stealing and killing a sheep, the property of Lauzier Bros., last Tuesday night; and for willfully and maliciously destroying private property he received the same fine and jail sentence. Jerry Young, an accomplice of Cahill in both cases, drew the same punishment. Both young men had plead guilty. The private property consisted of valuable papers they took out of a coat stolen from the Jap rooming house Tuesday night, belonging to Charles Anson, which they burned.

Mr. J. A. Kirby, one of the old residents of the Peshastin valley, tho not as old in residence as in years, made one of his occasional visits to Leavenworth yesterday. He reports everybody busy picking and packing apples.

The Women's Benefit Association of the Maccabees, will hold their regular meeting next Thursday evening, Oct. 7, at the Firemen's Hall. Business of importance comes before this meeting, and all members are urged to be present.

G. W. Sampson will have charge of the branch store to be opened at Winton by the Leavenworth Mercantile Co. Application has also been made for the postoffice which will in all probability be located in the store. It is planned to be open for business about Oct. 10.

## CLUB WOMEN MEET AT WENATCHEE OCTOBER 2

Leavenworth Will be Represented—An Interesting Program Has Been Prepared

The first of a series of women's club meetings to be held in different parts of the state within the next few weeks will be held in Wenatchee tomorrow. It will be held in the high school auditorium, says the World, beginning at 10 a. m. and continuing thruout the day. A luncheon will be served at the school at noon by the domestic science department under the supervision of Miss Holmberg. The charge for this lunch will be 25 cents.

Such subjects as the following will be presented in short pithy speeches: "The spirit and equipment needed by civic workers."

"Meeting the practical needs of the community."

"How civic clubs may co-operate with towns in community housekeeping."

"The standardization of the town."

"Training citizens in the public schools."

"The community center."

"The community song."

"Civics and health."

"How to make our towns beautiful."

"An open discussion with questions on practical problems."

All citizens are invited to this conference and asked to take part in the discussion. All teachers are included as the conference will be held Saturday. Mayor W. W. Gray has expressed his cordial interest in the purpose of the civic conference and will speak along the line of the practical administration of the city."

City Engineer Sharkey and Water Commissioner White, who has devoted much time to the parks and beautifying of the town, will speak.

Dr. H. F. Morse will speak upon the "Preservation of the Public." Miss Alta Chambers, concerning library facilities. Superintendent G. E. Brown upon civic education; Miss Jessie Lewis upon the community center; Wellington Pegg and Mrs. George Fisher will also speak. Mrs. O. M. Brooks and Mrs. Menzies of Cashmere will add very much to the program. The musical club will furnish music for the occasion.

## School Notes

The Domestic Science class is making catsup for sale.

Heard in English Literature. Miss Meier: "State two reasons why Macbeth should not kill Duncan." Henry, "Because he was his hostess."

A class of High School pupils is reviewing elementary grammar.

After a brief review, the second year Latin class is ready to start work in Caesar.

If there is anything you want to know, just ask the Senior Economics class.

Mr. Osborn says that a comparison of the amount of work done in the first month this year with the first month of last year shows an increase of at least one third.

Miss Wanda Warren, head of the music department, has been compelled to give up her work indefinitely on account of ill health. Her sister, Miss Mildred Warren, will take up her sister's work Monday.

State Land Commissioner C. V. Savidge stopped off here yesterday on his way home from the eastern part of the state to meet agents of the land department who are engaged in the selection of lieu lands for sections 16 and 36, so that the state lands may lie in compact bodies in the forest reserve. He called at The Echo to renew an acquaintance which dates back some eight years, when he was state lecturer and grand commander of the K. of P. order.

Mrs. J. W. Barrett and Mrs. J. V. Mazury entertained yesterday afternoon at cards at the home of Mrs. Barrett.

## Of Interest to Club Women

Club women of the four northwestern Washington counties of Skagit, Whatcom, Snohomish and Island will be in Mount Vernon next Friday, Oct. 8, when a meeting of the Snohomish County District Federation of Women's clubs and the Skagit County Federation of Women's clubs meets in that city. On the following day, Saturday, a civic institute will be held here conducted by Mrs. James Cowan Wilson, of Wenatchee, chairman of the state civic committee. All club women are invited to attend these meetings.

## OCT. 19 OFFICIALLY DESIGNATED AS APPLE DAY

This Year the Same Day will be Observed in Every District Where Apples are Grown

In the past it was the custom for every section to designate its own apple day. This year and from now on the same day will be observed all over the country. One Apple Day for the entire country, with all the apple interests working together on that day, ought to produce results.

If the apple districts of the northwest will act together on some plan to be worked out the industry on which they largely depend for prosperity will be benefited. The apple, of all the fruits, is the best adapted for general use. Beside their keeping quality there are innumerable ways of preserving them. The apple, too, is one of the cheapest and most wholesome of all the fruits.

## Rockefeller Among the Coal Miners

An indication of a better understanding between capital and labor is foreseen in the recent visit of John D. Rockefeller, Jr., to his mining properties in Colorado, where two years ago one of the bitterest labor struggles in history took place, and his going underground to wield the pick and shovel to see for himself the conditions under which the miners work. Turning to four grimy miners he said: "Men, we are partners in this business. Anybody from inside the camp or from outside who has been telling you that we are enemies has been trying to deceive you. I can't get along without you and you can't get along without me. If I had all the money in the world I couldn't run these mines without you workmen, and you with all your brawn and muscle couldn't earn a living digging coal out of the ground unless there was capital to buy these mules and lay the track and provide a market for the coal. We are partners, that's what we are, and I want to do business with you on that principle." As Mr. Rockefeller turned to leave one of the miners remarked: "You are not as bad as you are painted to be."

## Remains of Carl Andresen Laid to Rest

After services at the Lutheran church which, by the way, would not hold more than half the people who attended, the remains of Carl Andresen were laid to rest in the local cemetery last Friday. All the business houses closed from 10 to 12 o'clock. The funeral cortege is said to have been the largest ever seen in Leavenworth.

## A Class for Women

There is to be organized at the Congregational Sunday School a class in biography. The purpose is to study the lives of the great heroes and teachers of the Hebrew and Christian religions from Abraham down to modern times, giving one Sunday to each character. All ladies desiring to join such a class are asked to meet next Sunday, at ten a. m., at the church, and to bring note books.

Lewis county is paying off school debts by slashing expenses.
