R. B. Simons left for the coast coun-
try the first of the week on a visit of
indefinite length.

Thos. Pipkin, of the Toggery store,
left on 43 Wednesday, for Seattle, on
a business mission.

Mrs. Chas. Eckhardt entertained the
members of the Maccabee lodge at her
home Thursday afternoon.

We carry only the genuine Kodak
goods in our camera department.

Jay Adams came up from Wenatchee
last Saturday and spent Sunday with
his parents, Mr. and Mrs. J. B. Adams.

Tom McKenzie is receiving congrat-
ulations on account of the arrival at
his home last Friday of an 8-pound
boy.

After a two week's visit with friends
and relatives in Wenatchee Mrs. J. F.
Buttles returned on 43 last Saturday
evening.

Miss L. McLean left Sunday for Ta-
comain answer to a message that her
mother was very low and not expected
to live.

We solicit your business on the basis
of reliable quality and superior service.

The Lutheran Ladies Aid will meet
at the home of Mrs. Elliot next Thurs-
day afternoon, March 22. A cordial
invitation to all.

Deak Brown came up from Monitor
the first of the week on one of his occa-
sional visits to his son, Dude Brown,
and spent several days here.

Wiley W. Rice, an old employee of
the Leavenworth Mercantile Co., has
been on the sick list several days this
week and confined to his home.

Mrs. J. A. Abbott, who is in a deli-
cate condition, was brought down from
Chikamin creek, the ranch home of
the family, last Monday, on a hand
sled.

Take home a few bottles of Lifestaff
for the family to enjoy. 11*

A letter advises us that George
Ingham, who has been in Seattle for
the past two months, where he was un-
der the care of a physician and quite
sick, is improving and hopes to be
back in Leavenworth soon.

Fred Hudson, the man who had
both legs broken three weeks ago at the
G. N. ice house and has since been at
the Leavenworth hospital, is making
rapid recovery, says Dr. Judah. It
was not found necessary to amputate
either of his legs.

G. P. Freyberger, J. A. Warman
and Guy Stage left Monday for Wenat-
chee. Messrs. Stage and Freyberger
are delegates from the Peshastin fruit
growers' association to the meeting of
the Fruit Growers' League, which met
in Wenatchee Tuesday.

Lifestaff is an exceptionally good
beverage to drink with your meals and
on going to bed. 11*

H. B. Ridgley, the Blewett mining
man, came down from the mines Wed-
nesday and took the train for Wenat-
chee. He says the snow is disappear-
ing rapidly, but there is still too much
in the hills to think of doing anything
in the mining line.

Mr. and Mrs. J. D. Wheeler re-
turned from Bellingham the first of
this week after an absence of ten days.
They were called there on account of
the serious illness of Mr. Wheeler's
mother, who was not entirely out of
danger when they left there.

Charles W. Ellinger returned Wed-
nesday morning from southern Califor-
nia where he, with his family, spent
the winter. His family will arrive here
within the next thirty days. Charley
says he likes southern California and
has some notion of making his future
home there.

W. B. Hale returned Tuesday night
from Buckeys, Tennessee, where he
went last November. He says Tennes-
see is his old stamping ground but
he prefers Washington. His family is
still in the south but will be here in a
few weeks. Mr. Hale expects to re-
sume his old position with the L.-D.
Lumber Co. as soon as business opens.

A brand new baby girl made her ap-
pearance at the home of Mr. and Mrs.
Floyd Blankenship one day last week.

Dr. Hoxsey reports a case of pneu-
monia at the home of J. L. Parsons.
His little daughter has contracted the
ailment.

Recent advice from Mrs. Percy
Adams, who is with her husband at
Tolt, Wash., is to the effect that Mr.
Adams is slowly improving.

Films correctly developed and rightly
printed on Velox. Wheeler's Photo

Mrs. Mabel Hutchings returned from
the Coast country last Saturday, after
an absence of eight months and will
again take up her residence in Leaven-
worth.

U. H. Leftwich, a prominent Chum-
stick valley rancher, was in town the
first of this week. He said the snow is
disappearing very rapidly the past few
days. The roads are in very bad con-
dition and in many places have been
washed badly.

Mr. W. F. Whitney, a prominent at-
torney of Wenatchee, was here on pro-
fessional business last Saturday and
called on The Echo. He said the snow
was fast disappearing in the lower
valley and orchard owners beginning to
work in the trees.

A. M. Amos from Dryden was here
yesterday. He says Spitzenberg and
Johannan apple trees are most dam-
aged by the snow in his locality. And
this is confined in the main to trees
under six years old. He also stated
that No. 26 now makes stops at Dryden
for the benefit of eastbound travelers.

You get the best goods and the best
service at Koerner's. 11*

One hundred cars of wheat were sent
east over the Great Northern this week
that had previously been sent to the
coast from eastern Washington. The
wheat is going to the Atlantic seaboard
for European shipment. The closing
of the Panama canal has thrown an im-
mense freight tonnage to the railroads.

F. A. Parkhill departed Saturday for
Woodland, Wash., where he goes to
oversee the building of a saw mill for
the firm of Higdon & Bennett, and if
everything is satisfactory to him he has
the option of taking a third interest in
the plant. Mr. Parkhill worked for
this firm at their old plant for three
years. His family will remain here till
after school closes.

Get the habit of going to Koerner's
for your drug store needs. 11*

Miss Costello, one of the teachers in
the public school, has resigned her po-
sition and in company with a sister who
arrived here last week from Belling-
ham, left for home Sunday last. It
will be recalled that she was quite se-
verely injured in the Great Northern
wreck near Rock Island, when two
trains ran together as a result of a con-
flict in orders. She has never entirely
recovered from the shock.

The railroad company, says Terminal
Agent Woodrow this week, is doing an
enormous freight business these days.
He says the lumber men of the coast
are shipping large quantities of lumber
to the east just now and the railroad
company is trying to keep them sup-
plied with cars, which has not always
been possible. Car shortage is one of
the railroad company's troubles these
days.

After an absence of six weeks Mr.
and Mrs. W. C. Roach returned from
Oregon last Sunday night. Mr. Roach
says he spent most of the time in Port-
land but visited a number of other
towns. Bend, he says, where he met
several Leavenworth people, is a very
good place and has some future. He
says they have fine timber and mills
there and look for big a lumber business
the coming summer.

Rheumatic Pain Stopped

The drawing of muscles, the sore-
ness, stiffness and agonizing pain of
Rheumatism quickly yield to Sloan's
Liniment. It stimulates circulation to
the painful part. Just apply as di-
rected to the sore spots. In a short
time the pain gives way to a tingling
sensation of comfort and warmth.
Here's proof—"I have had wonderful
relief since I used your liniment on
my knee. To think one application
gave me relief. Sorry I haven't space
to tell you the history. Thanking you
for what your remedy has done for
me."—James S. Ferguson, Philadel-
phia, Pa. Sloan's Liniment kills pain.

TIMELY TOPICS

BY TEX

It's the hardest thing in the world to
look pleasant when you feel mad
enough to bite a nail in two.

One year from last Saturday. Who
is it going to be?

William J. Bryan, America's foremost
pacifist, says that every day brings
the end of the war nearer. He
doesn't name the last day tho.

If you haven't a prescription just say
for "mechanical" purposes.

Charles Chaplin, without doubt the
highest paid actor in the "movie"
world, recently, according to press dis-
patches, signed a contract with a film
company that will bring him \$670,000
in the next twelve months. Chaplin
says a woman, having both beauty and
intelligence is the rarest thing in the
world. He adds, "when I find such a
'thing' I am going to marry 'it'."

Politicians say that it costs \$20,000
to be elected governor of Washington
on the republican ticket. Even then
it's not a cinch. Ex-governor Hay and
Ole Hanson, in the 1912 race, will
doubtless confirm this statement.

W. H. Paulhamus has at last de-
cided that he would not make the race
for governor. He lets it be known
that he is in duty bound to give his
services to the Puyallup Fruit Growers'
Association. Maybe so, but its more
than likely he doesn't want to risk a
goodly portion of his bank roll when
the chances are about 10 to 1 against
him. Paulhamus may have "made
good" on the west side but he didn't
make a howling success in handling
the "big red apples" of the east side.

An eastern woman who is suing for a
divorce scorns alimony, saying it is a
relic of the dark ages. Some men
would like to have the women of the
west take this view.

The Chinese Tongs on the Pacific
coast are at war again. The rules of
civilization concerning murder ought
to be suspended for a time provided
Orientals confine their killings to their
own race.

It remained for A. J. Amos, of Dry-
den, to say that Christian Science is
nothing more than Buddhism. He re-
fers the investigator to the Encyclo-
pedia Britannica. Another chance for
an argument.

A Tacoman recently received a let-
ter from his brother, who is on the
firing line in Europe, telling of the
conditions across the Atlantic. He
writes, "The Allies are sure to be vic-
torious. The Russians and French
will drive the Teutons to the wall this
summer. By fall the present govern-
ment will be tottering. Then the so-
cialists will take hold of things and try
and save what they can by making
peace."

Eugenic marriages are going to be
rare occurrences in Europe after the
war ends. The demand for quality
will not be as great as the demand for
numbers.

The Yakima Republic says, "It isn't
a bit of trouble to sell fruit f. o. b.,
and cooperative handling of fruit is as
easy as shooting fish. All the farmer
has to do in either case is to sign the
constitution and by-laws, and then stick.

Tickle Their Palates

A famous physical says that food should look good
as well as be good. Food must not only be pure, it must
be appetizing.

This means that bread that is pure white, of just the right con-
sistency, with a golden brown crust, is more easily digested and more
healthy than ordinary bread.

Our flour makes bread that people long to set their teeth in. You
cannot make that kind of bread with poor flour, any more than you can
make a silk purse out of a sow's ear.

Ask for our bread and tickle the palates of the whole family.
