Vol. 13. No. 30

Leavenworth, Wash., Friday, July 28, 1916

\$1.50 Per Year

## TESHERA SUCCEEDS POTTER AS MARSHAL

**Council Concludes a Change Would Be Beneficial—Salary Increased \$15 per Month**

There being no quorum present on Tuesday evening an adjourned meeting of council was held Wednesday evening. Featherstone, Miller Kugelmann, Seeley, Snyder and Woldenberg, answered to the roll call. Hale was the absentee.

Bills were allowed amounting to \$556.30. This includes the salaries of the city employes, \$402.50.

A bill from Mr. Barnum for services in Improvement District No. 4 was laid over for investigation.

The clerk was authorized to purchase the small frame building near the dam from C. Warren Reid for a consideration of \$70. It will be used for storing the bedding and other articles used in cases of contagious sickness.

The clerk was instructed to write to Attorney Miller and request his presence at the next regular meeting. The council will consult him with regard to certain warrants which the state bank request the payment of.

At this point in the proceedings a little tilt occurred between Councilman Seeley and Mayor Day. Seeley claimed the mayor spread a report that there were two claims against him for bootlegging and he resented the charge. The mayor came back by saying that he had heard from two or three sources that one of the councilmen was selling booze and that he (Seeley) was the one referred to. The matter was then dropped.

Here the chief of police matter was again brought up by the mayor, who furnished additional evidence to show Mr. Potter's lack of ability or desire to enforce the law. According to the mayor, John Kuly, an Austrian, told him that he had been robbed in a gambling game in Joe Violette's basement. He said he complained to Marshal Potter and that instead of getting assistance he was advised to get out of town and threatened with arrest. He also said he told Potter that he had a key to the basement and suggested that the place be raided, but the idea did not seem to appeal to the marshal.

After hearing the mayor's story and a statement from Potter, in which he admitted most of the charges, that he differed somewhat in the details, council that it was about time to make a change. A motion was made by Kugelmann and seconded by Snyder to remove Mr. Potter from office. The vote was as follows: Yea, Featherstone, Kugelmann, Miller and Snyder. Nay, Seeley. Mr. Woldenberg was not present when the vote was taken.

It was then moved to increase the salary of the marshal from \$75 to \$90 per month. The vote stood as follows: Yea, Featherstone, Kugelmann, Seeley, Snyder. Nay, Miller.

On motion which was carried unanimously Joe Teshera was employed to act as Chief of Police.

Mr. Geo. L. Gardner, of the Lamb-Davis Lumber Co., thru Mayor Day offered the use of teams for making fills and repairs on the streets if the city will furnish the men. The offer was accepted and a vote of thanks was extended to Mr. Gardner.

The meeting was then adjourned.

## Arbitration Case Settled

Matters in dispute between A. Lindblom and Deed H. Mayar, growing out of a building contract was submitted to a board of arbitrators composed of H. W. Otis, F. T. Motteler and A. Lindstrom—of Yakima. Lindblom claimed \$904 and was awarded \$718.

Frank Bauer who was roundhouse foreman here several years ago and some three years ago was transferred to an eastern division on the G. N. has recently been appointed Master Mechanic on the Breckenridge division in Minnesota.

## Fined \$20 for Grafting

Conrad McGill was fined \$20 in magistrate's court in Wenatchee Tuesday for exacting a fee from travelers over the Blewett pass the past week. It appears according to the evidence that for a consideration he would pass travelers thru the block when it should have been closed. Roadoverseer Parish made the complaint against McGill. Travelers would come along who were in a hurry and before the block was closed at the opposite end of the road he would for a fee of a dollar open the block at his end.

## ORGANIZED GANG OF AUTO THIEVES—THIRTY PER DAY

**Chicago Is Headquarters—Changed and Sold in Every State in the Union**

State Attorney Hoyne presented to the Chicago grand jury last Tuesday evidence against an organized band of auto thieves that have been operating in Chicago for more than a year. Twenty men and one woman—the latter said to be a business woman and the wife of a postoffice official here—are said to have averaged 30 stolen automobiles a day.

The cars have been driven out of town to points where the gang has shops and expert workmen, according to report, and there they were changed in their essential marks of identification. Tonneaus have been switched, motors and number plates have been removed, numbers stamped in engines have been ground out or altered, and other changes made to disguise the autos, Mr. Hoyne has been informed.

The band had distributing points in Alabama, Ohio, Indiana, Iowa, North and South Dakota, Illinois, Minnesota and Wisconsin, it is said.

## Mining Party From Kittitas County

The following parties passed thru here Wednesday on their way to Suiate Pass near the summit of the mountains, about 100 miles northwest of here. In the party were the following gentlemen from Roslyn: E. Bostock, H. Meek, Frank Haight, Andrew Jackson, Chris Menegher and James Wright, and Dr. Keahl from Cle Elum. They are all interested in the Glacier Peak Mining Co., and have for years been engaged in developing their property, a copper proposition, near the summit of the Cascade mountains. They have a sale of the property, to parties from the east, under consideration. The party left here Wednesday evening with a four horse wagon loaded with a camping outfit, tools and supplies of all kind, enough to do them two or three weeks. They will follow the road up the Chewawa river about fifty miles from here and then the trail up Buck creek to the summit. The last stage of the trip will be made afoot with pack horses.

## N. A. Pearson Going to Wenatchee

While in Wenatchee the past two weeks serving on the Colville land registration board our fellow townsman was appointed assisting prosecuting attorney by County Attorney Burt J. Williams. Mr. Pearson expects to remove with his family to Wenatchee in the near future. He has been here for over two years and occupied joint offices with Mr. L. J. Nelson. Mr. Pearson is an excellent citizen, a conscientious practitioner and we regret to lose him and his estimable family. The Wenatchee bar will be the gainer by having him added to the already strong array of attorneys at the county seat.

Mike Phelan, for a number of years a resident of Leavenworth, where he was roundhouse foreman, spent several days here this week shaking hands with old friends.

## HOME OF J. B. VIOLETTE RAIDED WEDNESDAY LAST

**Quantity of Liquor and a Gambling Outfit Taken in Charge—Complaint Filed—More to Follow**

Under instructions from the mayor and city attorney two special officers, Jos. Teshera and J. F. Pratt made a raid on the Violette home, near the corner of Ninth and Commercial streets Wednesday afternoon between the hours of four and six o'clock, and found 32 bottles of beer and between 75 and a hundred bottles of whiskey, also card tables, cards and a few poker chips and some other paraphernalia, loaded the outfit on a wagon and conveyed it to the city hall and later stored it in a room in the jail, where it will be held pending the outcome of a charge filed before Magistrate Graham against Mr. Violette for selling liquor in violation of the state dry law.

For some time the authorities have suspected that Mr. Violette was selling liquor in violation of the law, and complaint had also been made before Magistrate Graham that a gambling game was being conducted in the Violette home. After sufficient evidence had been secured a raid was decided on. Because City Marshal Potter was suspected by the mayor, Magistrate and city attorney, of being in collusion with those who violated the law and would not do his duty, special officers were employed, and Jos. Teshera and J. F. Pratt were sworn in.

The following inventory of stuff taken from the Violette home in the raid has been filed with Magistrate Graham:

Twelve gal. jugs empty, some with small quantity of whiskey; four barrels of empty beer and liquor bottles; two packages of corks; one round gambling table; two cases of empty pint whiskey flasks; one gal. demijon in sack found outside of house, broken and liquor almost all gone, sack and ground saturated with whiskey; four chairs, five eye shades, five packs of playing cards, cigars, pipes, tobacco and matches; 32 pints of beer; 18 quarts of whiskey; 26 pints of whiskey, wrapped as if for delivery; one quart French liquor; one quart bottle bitters, not full, and one pint bottle of whiskey not full. Part of the above liquors were found outside of and in front of the house where Mr. Teshera says he saw Violette busy carrying out something, and drop it on the ground.

Nick Mike, a Greek track foreman on the G. N. made complaint before Magistrate Graham the first of this week against J. B. Violette for selling him two quarts of whiskey Sunday, July 23. On his return from Wenatchee Wednesday afternoon, just before the raid was pulled off, Violette was arrested by Marshal Potter and went before Magistrate Graham and deposited \$300 for his appearance.

John Kuly made complaint Wednesday night against Nick Mike and several other Greeks employed on track work under Nick Mike for aggravated assault in front of Mayor Day's place of business, in which Kuly was roughly handled. It appears from statements made by Nick Mike and others that John Kuly, an Austrian, who has been employed on the snow shed work, but has gambled and bought whiskey at the Violette home, is responsible for the big blow up which resulted in the raid and the complaints about illegal whiskey selling and gambling.

Nick Mike, the Greek with the Americanized name, plead guilty to assault before Magistrate Graham yesterday evening and was fined \$10 and costs.

Forest Supervisor Sylvester tells the Echo that with the exception of some small and insignificant fires when small areas of logged off lands were burned over early in the season, no forest fires of any consequence have so far occurred in the Wenatchee National forest this year.

Koerner's drug store is headquarters for stationery. 30

## Auto Accident Near Tom Henry Ranch

An auto accident, in which the machine turned over several times, occurred near the Tom Henry ranch on the north side road between Wenatchee and Leavenworth last Tuesday. A party from Rock Island, on the way to Nason creek, bent on fishing, met a loaded wagon on a curve and it was either run into the wagon or go round on the bank. In taking the latter course the machine turned over. H. H. Sprague had three ribs broken. The others all escaped injury and the car was not damaged.

## KUMTUX CLUB MEETING ON MONDAY AFTERNOON

**Hears Interesting Report from Delegate to State Federation Meeting**

The club met last Monday afternoon at the home of Mrs. W. W. Wilder with eighteen members in attendance. After a short business session was held and final arrangements were made for the four numbers of the lyceum course which the club expects to bring to Leavenworth the coming winter, Mrs. Charles Eckhart, who represented the Kuntux Club at the Washington State Federation of Women's Clubs, recently held in Everett, made a report, touching the most important matters discussed at the state meeting. She stated that such subjects as literature, music, and art received consideration and were interestingly discussed from all angles. Civic, as it touches the home, the welfare and health of children, sanitation and home surroundings, was considered the one question above all others that possessed direct and immediate interest for women. It touches her rights, her privileges and her duties at so many points in the relation of life under our government.

Mrs. Eckhart possesses the happy faculty of reflecting both the serious and humorous side of such questions as came up for discussion in the convention.

## WASHINGTON PROFESSOR MAKES GREAT DISCOVERY

**Discovers New Way of Developing Tubercular Serum—May Lead to Important Results**

Lacking a specific cure for tuberculosis, or a suitable prophylactic serum for combating it, the recognition of this disease in its early stages is of the utmost importance. Researches, therefore, in any manner facilitating the solution of this problem are looked upon as of immense value.

That an important contribution in this line has been made by Professor C. A. Magoon, Bacteriologist of the Washington Experiment Station at Pullman, seems evident from the results of his work just published in general bulletin No. 132 of the Experiment Station. As a result of these observations, improved methods of cultivation of the tubercle bacterium have been worked out under such conditions as seem to give promise for the perfection of a reliable method for the early diagnosis of the disease.

Professor Magoon's bulletin is merely a preliminary report of his work which is being continued along this line, and while he makes no claim to having solved the problem, there can be no doubt that he has made a valuable contribution in this connection.

Mr. and Mrs. J. B. Adams left here last Sunday for Cle Elum and Ellensburg by way of Blewett pass and had for auto companions Schator and Mrs. Ralph Nichols. From Ellensburg Mr. and Mrs. Nichols went to the coast and Mr. and Mrs. Adams returned to Leavenworth Tuesday and immediately left for Wenatchee.

The Velvetina goods have arrived at Koerner's drug store. 30

## LYMAN SHOTWELL DIED LAST SUNDAY MORNING

**After an Operation at the Hospital for Appendicitis—Was Buried in Cashmere**

The sudden and sad passing away of Lyman Shotwell last Sunday morning at 2:30 after undergoing an operation for appendicitis, and rallying from the operation, was a shock to his many Leavenworth friends. For some time he had been traveling for a Western Avenue produce house, Cranston & Bloxom, and had made this territory for a number of years and made friends of all he came in contact with. He arrived here about noon last Thursday and went to the garage to leave his car in which he made the small towns of the Wenatchee and Okanogan valley and complained of being in great pain. He was taken to the Leavenworth hospital and Dr. Judah pronounced his ailment appendicitis. Dr. Gerhart was called from Wenatchee to assist in the operation which was performed Friday. The doctors found that he was suffering from the disease in an advanced stage. The operation however, proved successful and he seemed to rally from the shock. On Saturday he was feeling better but Sunday morning collapsed suddenly and passed away. Mr. Shotwell was never of a robust constitution and recently complained of not feeling well and that he was suffering from a pulmonary trouble. His general run down condition is said to be responsible for his sudden death.

The remains were taken to Cashmere Monday for burial. He was a son of Jake Shotwell and a cousin of Mrs. H. G. Krollpfeiffer.

## Charmed with the Blewett Pass Scenery

Mr. and Mrs. Gus Durbin, of Arlington spent several days here last week. Mrs. Durbin formerly lived here and still owns valuable Leavenworth property. Mr. Durbin and other friends had motored to Wenatchee to register in the land drawing. The trip was made by way of Blewett pass without incident or accident. Speaking of the scenery along the Blewett pass Mr. Durbin said to an Arlington reporter:

The scenery is simply grand, affording many thrills, as the car glides along with one fender almost scraping the bank, which is perpendicular on one side, and the other fender apparently sticking out over a precipice, making one instinctively lean toward the bank and hold his breath.

## Party in Honor of Visitors

Misses Zillah Bowen of Seattle Wash. and Mabelle Rudisel of Baker, Oregon, were honor guests at a delightful picnic and dancing party Wednesday evening. The guests assembled at the M. A. Marley residence at 6:30 for the picnic supper. About 8:30 the guests motored to the W. B. Patton home at Cashmere where the remainder of the evening was spent in dancing. A most enjoyable evening was had.

Those included in the party were Messrs. and Mesdames Theo Paine Jr. M. A. Marley, B. C. Rutherford, Geo. L. Gardner, Harry Krollpfeiffer, O. S. Sampson, Geo. Stirling, W. K. Barnum, W. W. Wilder, H. H. Starks, R. B. Fields, W. B. Paton, Misses Zillah Bowen, Mabelle Rudisel, Messrs. Fred Patton, Frank Brooks, Arthur Babst, Richard Simons, Arthur Wilder and Archie Symons.

Mrs. W. W. Rice has taken the place of Mrs. Mazurie behind the counter at the Leavenworth Mercantile Co.'s store during the latter's absence on her vacation.

Give our cigar case the once over if you smoke. We carry a good assortment and keep them just right. Koerner's Drug Store. 30

## R. J. Kettle Badly Injured

Mr. Kettle, who is a telegrapher by occupation, but has been braking on the Great Northern for the past few months and made his home here had both bones in his ankles broken at Wenatchee last Saturday by falling from the top of a train in the yards, while switching. The car on which he stood received a hard impact by a backing train of cars throwing him off. He received medical attention at the Wenatchee hospital, where he has since been taken care of. His wife resides in the western part of town.

## CHELAN COUNTY FARES WELL IN COLVILLE LAND DRAWING

**E. H. Peterson, Winton, Will Take Third Choice—Six Others Come Inside of First 100.**

Following are the lucky Chelan county drawees:

- 3—Edward H. Peterson, Winton.
- 41—Hans J. Smith, Wenatchee.
- 55—Moses A. Wise, Wenatchee.
- 60—John Wilcocksen, Wenatchee.
- 67—Albion King, Wenatchee.
- 74—J. Lee Campbell, Cashmere.
- 119—W. C. Whisnand, Wenatchee.

The drawing for the prizes in the Colville land opening came off in Spokane yesterday. Up to the time The Echo went to press last night the result up to the 120th number had been received here. Edward H. Peterson, of Winton, is the luckiest man in Chelan county, having received the third choice of land in the reservation, which is variously estimated to be worth from \$3,000 to \$10,000. Five other Chelan county men came in under the first 75 numbers drawn. W. C. Whisnand, of Wenatchee, drew 119. Those who profess to know say that any number above 200 may not be considered a prize of much value unless one actually wants a tract of land to make a home for himself.

Edward H. Peterson has charge of the Great Northern block system between Leavenworth and the tunnel. His wife is one of the telegraph operators at Winton.

## Old Citizen of Wenatchee Drops Dead

Last Friday afternoon Mr. W. W. Rice received a phone message from Wenatchee that A. E. Knowles had been found dead in the orchard of Henry Hartman near town, in which he was plowing. The discovery was made by Carl Jones, who noticed the horse standing by the fence and the man lying face down near the plow. At first he thought Knowles was asleep.

Besides his widow five sons and one daughter survive. They are Albert, Samuel and Steven L., Elmer L. of Fond du Lac, Wis., Bernard of Canada and Mrs. Russel Poe of Wenatchee. Mr. Knowles and family came to this valley 14 years ago from Iowa.

Mr. Knowles was a brother of Samuel D. Knowles, father of Mrs. W. W. Rice, who recently left here for Iowa.

## Leavenworth Young Man Best at Seattle Wedding

The following item of news was taken from the society columns of the Seattle P.-I. of last Sunday and will be read with interest here:

Miss Margaret Wilson, whose marriage to Frederick Paul Carrigan will take place Saturday morning July 29, at 9 o'clock, in the Church of the Immaculate Conception, has announced her bridal attendants. Miss Conradine Busby will be maid of honor and Mr. Arthur Wilder of Leavenworth, Wash., will be best man. A reception will follow at the home of the bride's parents, Mr. and Mrs. Archibald Wilson. Assisting in the diningroom will be a number of Sigma Kappa sorority sisters and close friends of the bride. Miss Rena Pidduck, Miss May White, Miss Estelle Hawkins, Miss Alice Shown, Miss Marian Carrigan and Miss Beatrice Cox.
