

**"APOLLO DAY" AT CHAUTAUQUA**

"Apollo Day" has become an institution in the Chautauqua world. Lucky is the circuit, indeed, fortunate enough to have the Apollo Concert company among its musical attractions. For twelve years they have been registering continuous successes, having in that time visited every state in the Union, most of the provinces of Canada, and filled a series of engagements for Uncle Sam in the Canal Zone. "Apollo Day" will be the opening day of Chautauqua, and one long to be remembered by all music lovers. Their two programs feature the Apollophone, a specially constructed instrument, embracing the qualities of the xylophone and marimbaphone. Saxophone quartets, trombone, viola, banjo and vocal solos, planologues, readings and ensemble numbers, make up the remainder of their thoroughly delightful programs.

**MOANA VIERRA'S ROYAL HAWAIIANS**

There is a wide gap between the average group of Hawaiian singers and players, and the thoroughly capable, carefully selected and well-coached organization of Hawaiian musicians brought to Chautauqua by Moana Vierra. Her Royal Hawaiian quartet presents two comprehensive programs of the best in Hawaiian music—those haunting melodies, which in recent years have set a new record for popularity in America. Were you to visit the Islands you would not hear a more faithful rendition of the best that land of music and flowers has to offer than you will hear in the two concerts of the Royal Hawaiians at Chautauqua. The ukelele, taropatch and steel guitar are featured in instrumental numbers. The voices, individually and collectively, are excellent.

**Schubert Serenaders at Chautauqua**  
A GREAT MUSICAL NUMBER

The Schubert Serenaders bring splendid, joyous music to Chautauqua. These six charming and talented young ladies have been one of the outstanding successes among musical companies of the East for several years and their appearance on the Western Chautauquas is of more than ordinary importance. Their programs are of infinite variety; orchestral numbers, readings, songs, instrumental solos, duets, costumed selections. It is an unusual company which pleases unusually well. Every number, whether vocal or instrumental, is rendered with all the finish and musicianship of which true artists are capable.

**BUCKWHEAT CAKES FOR THOUSANDS**

King George missed the best part of his recent pancake treat at the Y. M. C. A. Eagle Hut in London—he didn't turn 'em personally. Everyone else over there is doing it now. The six Y. M. C. A. cake-bakers after serving 6124 American soldiers and sailors with pancakes in the first fifteen days rush. Then the Eagle Hut secretary had a happy thought. He induced the pancake friends not only to bake their own, but also to demonstrate with the batter and turner for their hungry buddies. The idea went big, especially as the "Y" retails two man's size cakes with appropriate maple syrup both for sixpence.

**WOUNDED SOLDIERS SELF-SUPPORTING**

Wounded soldiers on the streets of Washington are not an uncommon sight, and this fact has doubtless speeded up the legislation which is intended to provide vocational training for disabled soldiers and sailors. The government is prepared to put a couple of million dollars into the work to start off with, since it is calculated that for each million men sent abroad that ten thousand will be returned each year to receive the benefits of the legislation. This has been carefully worked out by the Allies, and the results in Canada are accepted as the basis for the plans of the United States. In effect each wounded soldier is provided hospital treatment and cared for during his convalescence. Then they are taken in charge, and in many cases taught trades, or provided employment. In Canada the wounded soldiers have been returned to their old employers in a great many cases and this policy will be pursued here. Farmers, as a rule, get back to their avocations easily enough, and in other lines the men readjust themselves so that they become wage-earners and self-supporting independent members of society in a few months.

**GROCERY STORE OPERATED ON CAFETERIA PLAN**

"Wait on yourself" is the principle of a new store just opened in Spokane and operated on the cafeteria plan. Customers on entering are provided with wire baskets. They wander over the place selecting such articles as are wanted. All goods are put up in packages before being placed on the tables and shelves and the price of each package is plainly marked. When the purchase has filled his wants he goes to the cashier's desk and pays. There are no clerks, no deliveries, no charge accounts, no discounts, no samples. A bundle wrapper, who keeps the tables supplied from the warehouse, together with the cashier, compose the whole force. The proprietor claims a saving for the customer of from 10 to 12 per cent. They also call attention to the plan as a war measure, the elimination of clerks releasing men for essential occupations.

The place is doing a big business.

**TYPEWRITER RIBBONS**  
Remington, Underwood and L. C. Smith typewriter ribbons for sale at The Echo office. July 26th

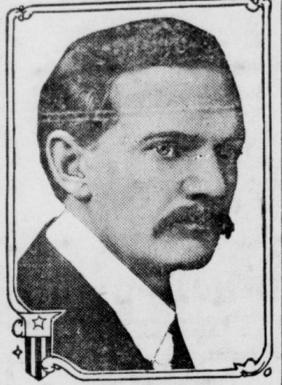

**MICKIE SAYS**  
AIN'T IT STRANGE HOW SOME GOOD SCOUTS IN THIS TOWN WHO PAY ALL THEIR OTHER BILLS PROMPT AND REGULAR WILL FERGIT THE NEWSPAPER MAN FOR TWO OR THREE YEARS AT A STRETCH?

**CHAUTAUQUA LECTURER POPULAR WITH AUDIENCES**

**Dr. Elliott A. Boyd Returned Because of Many Requests.**

Dr. Elliott A. Boyd, who is to lecture on the third afternoon of Chautauqua, has become one of the most popular lecturers of the platform. The splendid indorsement of Lyceum and Chautauqua committees throughout the United States—the constant demand for return dates—attest without fur-

ther comment his popularity with the public. Two years ago Dr. Boyd lectured on the Western Chautauquas and so insistent were the requests for his return that he appears on the Western platform again this summer in a new lecture, "The Advantage of a Handicap."

**FRENCH SOLDIERS LEARNING OUR ATHLETICS**

Teaching French soldiers how to play base ball is one of the tasks of American Y. M. C. A. war work-secretaries in France and it sometimes leads to surprising incidents. A Y. M. C. A. secretary was umpiring and coaching two teams of French Poilus playing playground ball. The batter took a healthy swing with his small bat and smote the soft ball in a screaming liner straight for the pitcher. The latter protected his face with his hands and the sphere struck him soggly in the chest. The pitcher's expressive features registered surprise and reproach over this so unexpected assault. As for the batter, did he reach first? He did not. He ran straight for the pitcher, embraced him and apologized for hitting him.

**LIBERTY MOTORS**

It is stated that the production of Liberty motors is now in excess of 100 a day. Of this number, 60 are being made in Detroit, 40 of which are turned out by Packard. There has been much argument about Liberty motors as to their worth, but it seems that they are proving themselves according to advices from over-seas.

**MOTHER GOOSE ON THE WAY**

She is Coming to Chautauqua to See the Kiddies.

Mother Goose is coming to Chautauqua! The beloved old lady herself will be with the children on the last day, to take them through Story Book Land. Then at night all the kiddies, with her help, will give the big Mother Goose Festival. She will bring the

costumes and Jack and Jill, Little Bo Peep, Cinderella, Jack Horner, Old King Cole, and all the other characters of her Kingdom of Fairyland. There'll be the story hour all the other days of the week for the children, too.

**WE SURE DO CODDLE OUR SOLDIER BOYS.**

Equipping American transports with moving picture machines and operators, the Y. M. C. A. has solved the problem of the leisure time of the soldiers crossing the Atlantic ocean to France. The full Y. M. C. A. program is carried out aboard the transports with war work secretaries serving the men, furnishing them with writing paper and envelopes, staging entertainments and looking after their physical, moral and educational needs.

The Y. M. C. A. has 3,480,000 feet of film on the high seas. Machines aboard ship are going at the same time on the upper deck, second deck and perhaps inside for the officers. What motion pictures mean to the soldiers is shown by this incident which happened on a transport bound for France: A serial motion picture was being shown. Alarm was given that a U-boat had been sighted. Immediately every man was on deck. A torpedo was launched but missed. The boys waited a few minutes and then one of them turned to an officer and asked, "Can we go below now and finish the picture?" Since March the Y. M. C. A. has provided 40,000 to 60,000 feet of film to each boat. The crew and soldiers enjoy them going over and the wounded coming back. Only the best films are used with Mary Pickford, Douglas Fairbanks, Wm. S. Hart and others as the stars.

**TRAINING NONCOMMISSIONED OFFICERS**

An extension course added to the University of Washington for the benefit of those young men who expect to be called into the service or who intend to enlist, the two weeks course, two of which have already been held, and a third to begin next Monday, July 29th, have proved very popular. Some Leavenworth young men who have been taking the course tell The Echo that they received inestimable benefit. The cost is made so low as to be within the reach of any one. Mr. F. E. Carlquist has been in correspondence with Mr. E. J. Perry, captain commanding, and can give all the information desired. Sam Vanderwest, a well known Leavenworth railroad man, took the course and said he considers it a most excellent and useful course of training.

If any Leavenworth boys are interested we advise them to see Mr. Carlquist and get full information.

**HOLD YOUR LIBERTY BONDS**

To successfully finance the war it is necessary that the owners of Liberty bonds hold their bonds if possible. Where for any good reason it is necessary for them to turn their bonds into cash they should seek the advice of their bankers. Liberty loan bonds are very desirable investments, and crafty individuals are using various means to secure them from owners not familiar with stock values and like matters. One method is to offer to exchange for Liberty bonds stocks or bonds of doubtful organizations represented as returning a much higher income than the bonds.

There are various other methods used and likely to be used, some of the gold-brick variety and others less crude and probably within the limits of the law. All offers for Liberty bonds except for money and at market value should be scrutinized carefully. The bonds are the safest of investments and have nontaxable and other valuable features.

To hold your Liberty loan bonds, if possible, is patriotic. To consult your bankers before selling them is wise.

**WORK OR FIGHT**

Since New York passed its stringent work or fight order men previously unemployed or employed only part time have lined up at the employment offices begging for steady jobs. The authorities are placing men as fast as possible as there is plenty of work for everybody.

**Lutheran Service**  
Monday evening at 8 o'clock there will be services at the St. Paul's Lutheran church. Rev. W. Lueckel, who is to have charge of the church in the future, will be installed; Rev. F. H. Soll, of Yakima, Wash., officiating. A cordial welcome extended to all.
