forest fire where much fine timber  
would have been destroyed.

Mr. C. E. Payne, from Tocomo,  
connected with the Northern Pacific  
land department is here on one of  
those occasional trips he makes to  
this section. The Northern Pacific  
owns a large acreage of land in the  
western part of Chelan county and it  
is the policy of the company to keep  
tab on it. Now that timber land is  
becoming more valuable every year  
it is worth while to look after it.

### LEAVENWORTH MUST RAISE \$75 FOR THE Y. M. C. A.

Mrs. A. G. McKeown, head of the  
Leavenworth minute women, says she  
will be at the War Workers room this  
afternoon, and tomorrow afternoon,  
between 2 and 5 p. m. Those who  
think this organization deserves sup-  
port are requested to call and leave  
such amounts as they feel they can  
give. Leavenworth is expected to  
raise \$75 and has failed to come thru.  
This is a very modest amount to ask  
for and it should be raised.

### DRAFT REGISTER YIELDS 333 FOR LEAVENWORTH AND 53 FOR TUMWATER

The draft registration on Sept. 12,  
resulted in 333 registering in the city  
of Leavenworth, and 53 living in Tum-  
water precinct, the books being open-  
ed at the Jacobsen Lumber Co. ware-  
house office. In the city Registration  
Officer Hauber was assisted by Lin  
R. Hart, Thos. S. Pipkin, H. G. Kroll-  
pfeiffer, R. L. Sparks, L. O. Taylor,  
Mrs. E. C. Lang, H. M. Gobb and A.  
H. Sylvester, Registrar Jacobsen was  
assisted by H. A. Franklin. The  
registrars and clerks worked without  
compensation.

### HIGH SCHOOL WILL CLOSE NEXT WEEK

School Superintendent Osborne tells  
the echo that it had been the intention  
to adjourn the high school grades to-  
day. Because apple picking in the Pe-  
shastin district will not be in full  
swing until next week and the  
packing house will not be ready for  
business until then, it was decided  
yesterday not to turn the children out  
until next week. It is not yet fully  
determined if that will be Monday or  
later in the week. The children will  
help in the orchards for four weeks.  
Only those of the Sixth grade and up  
will go to the orchards.

### PITS AND SHELLS FOR GAS MASKS.

The war department has requested  
the boys' and girls' clubs of the coun-  
try to help collect fruit pits and nut-  
shells, the carbon in which is used in  
making gas masks. Contests have  
been suggested among the million club  
members by the United States De-  
partment of Agriculture and the State  
agricultural colleges, which conduct

the club work, to see which member  
which club, which district and which  
state can deliver the largest amount  
of material in the shortest time.  
Each member should try to furnish  
at least 200 peach pits, or 7 pounds  
of shells—enough material for one  
mask. Since more and better carbon  
is secured from the pits of peaches,  
prunes and plums than from other  
sources, boys and girls should make  
it their special business to see that  
every home in their communities save  
the pits of these fruits. They should  
also visit community and commercial  
canneries, hotels, restaurants, and  
bakeries. In addition, seeds should be  
collected from dates and olives, and  
shells and whole nuts be saved from  
hickory nuts, butternuts, English and  
native walnuts, and hazelnuts. The  
material may be delivered to the lo-  
cal Red Cross headquarters, which  
are acting as central stations for col-  
lecting and shipping.

### YARN WITHOUT PROFIT

Merchants Agree to Supply The Red  
Cross With Yarn at Cost.

At a meeting of Spokane merchants  
dealing in yarn this week, it was de-  
cided to comply with the request of  
A. A. Hilton, director of the depart-  
ment of supplies for the northwestern  
division, that yarn be offered to the  
Red Cross without profit.

The war industries board some time  
ago commandeered practically all of  
the wool in the hands of the manu-  
facturers and jobbers of the country,  
leaving the Red Cross inadequately  
provided for. In this emergency the  
organization decided to appeal to the  
yarn retailers for relief.

This same procedure is being fol-  
lowed all over the United States, and  
knitters will be able to obtain the  
service yarn only through their Red  
Cross chapters. As a result of this  
plan all years suitable for Red Cross  
workers will disappear from local  
stocks until the Red Cross decides  
that changed conditions will warrant  
their reappearance.

Service yarn, including white,  
khaki, gray, natural and heather, will  
soon be a thing of the past except to  
Red Cross knitters; and probably, at  
least for the duration of the war, re-  
tailers will be able to show only other  
colored yarns which are not affected.

The war industries board calls at-  
tention to the fact that there are  
thousands of smaller merchants not  
listed in the trade organizations who  
will esteem it a privilege to offer  
their stocks for the consideration of  
the American Red Cross, and asks  
that all woolen and worsteds be re-  
ported, stating counts, make, quality  
and cost price in lots down to as little  
as 50 pounds.

### LITTLE CAROLYNN KROLL- PFEIFFER CELEBRATES FOURTH BIRTHDAY.

At the Harry Krollpfeiffer home,  
on Tuesday, September 17th, Little  
Miss Carolynn celebrated her fourth  
birthday. There were 16 guests  
present at the party. The afternoon  
was spent in playing little childish  
games and romping around on the  
large lawn, as little children of that  
age like to romp. During the course  
of the afternoon, the little party had  
kodak pictures taken en groupe.

At five o'clock a dainty luncheon  
of ice cream and cake was served on  
the lawn at little tables.

The little hostess was the recipient  
of many pretty little presents.

At six o'clock the guests departed  
for home declaring they had "had a  
'nawful tood time," amidst congratula-  
tions.

### ALFRED FRANK HAS GONE AND DONE IT.

From the "Sub Chaser" of Sept.  
17th, printed at the U. of W. in the  
interest of the sailor boys, we glean  
the following, which some of the girls,  
remembering Alfred, and his winning  
ways, will read and say, "It might  
have been. But Alfred was so shy,  
so deucedly shy."

"And before our eyes a miracle  
has happened.

"Ship's Cook Alfred E. Frank mar-  
ried last week. That was strange  
enough to Alf's friends, but stranger  
still was the fact that on the morn-  
ing after the pastor did the deed  
Frank appeared with seagars for the  
gang. Not often in these panicky  
times do the happy mortals remember  
their friends. Most wedding days are  
smokeless now.

Frank married Miss Genevieve  
Rieker, 7360 71st Ave. N. W., Seattle.
