SHUT OUT IN SUNDAY GAME AT WENATCHEE

LEAVENWORTH BOYS NOT ABLE TO SCORE IN GAME WITH COUNTY SEAT TEAM. SCORE, 13 TO 0.

The Leavenworth team, made up wholly of home boys, went to Wenatchee Sunday and down to defeat by 13 to 0.

The result was anticipated and no excuses need be offered. Billy Smith pitched for our team and allowed only 8 hits but our boys drew only 3 hits from Spencer. Ten errors were credited to our crew. Smith had poor support—none at all we are told, while Wenatchee hit timely and Spencer had real support.

If the water continues to fall in the streams the fishing will soon be good and the hunting season will open in about three months.

SEATTLE MARKET LETTER.

With San Francisco prices the higher, the Seattle butter market is holding steady with a healthy basis upon which to build future trades. The Seattle market is practically free of outside influence at this time. The butter fat supply is balanced with the butter demand, and while there have been some few shortages in spots over the cream shipping territory, and the effect of warm weather is manifested in the increase in secondary grades of cream, no particularly strong undertones have been felt in consequence. Very little country creamery butter is arriving locally, due to the fact that country creameries would rather store, considering the present level a safe price to store.

Fresh ranch eggs were stronger Monday at 28c per dozen. Some of the early sales were on the old market of 24c, but generally jobbers responded to the decreased receipts and drew the lines more closely on dockage. Egg receipts are decreasing steadily and the Alaska demand has aided in cleaning up the surplus.

The ROUND UP

Monday and Tuesday June 20 and 21 20c and 40c

The poultry market is unchanged. Jobbers are bidding practically at Saturday's closing price on standard birds. There has been little storage. Veal is lower. The demand has fallen off sharply and buyers have become very particular. There is a fair demand for a limited quantity of choice block hogs.

Puget Sound berry growers have thus far shipped twenty cars of strawberries to the East, which have netted growers \$2 a crate at Seattle.

The movement of California new potatoes is brisk, selling at 4 1/2 cents a pound.

The feature of the market was the arrival of a bunch of California new grass cattle. Total arrivals of cattle were 754 head. Some cows moved at \$6.25 and best steers offering at \$6.85. Bids were weak. The hog market was steady with 329 head offering. The bulk sold at 9c, although not all scale weights were taken at the usual hour for closing business.

Hog quotations—Prime, \$8.75@9.25; smooth heavies, \$6.75@7.25; rough heavies, \$4@5.50; pigs, \$8.50@10.

A successful campaign to eradicate ground squirrels is being conducted in Okanogan county under the auspices of the county farm bureau and County Agent R. W. Dorsey. It has been estimated that it costs \$1.16 a year to maintain one ground squirrel. Prof. William T. Shaw, zoologist of the Washington State college, found that on exactly similar plots, one squirrel

WORMS IN THE APPLES EARLY

Those who have a crop of apples on their trees and have not put on a cover spray should get busy at once. The worms seem to be on the job early this season and some of the first brood have already entered the sides of apples too deep to get the poison. The first ones, of the first brood, usually seek the calix end and go in for protection. They do not seem so particular this year and are going into the sides of the apple early as well as in calix end. Five or ten worms in an orchard at this season, which become full grown, means many thousand at picking time if not destroyed, as they multiply at a rapid rate. The lead spray is your cheapest insurance of a clean crop.

SUMMER SCHOOL TO OPEN.

The annual western Washington session of the State College summer school will open at Puyallup, June 29, and continue until July 29, with N. J. Aiken as principal.

The session will furnish instruction of especial interest to principals and supervisors who are interested in vocational training; to high school and grade teachers who wish to connect their work with the work of the community; teachers wishing to specialize in some new branch; and to other teachers who have dropped out of the work during the war, and now wish to reorganize their subjects.

Agriculture, horticulture, domestic economy, mechanics and industrial arts, stenography, and physical education are among the main divisions of the work. The faculty will include N. J. Aiken, principal; J. L. Stahl, gardening and horticulture; Mrs. George Shoup, poultry; M. E. McCollom, soils and crops; H. E. McNatt, dairying; W. T. McDermitt, drawing and design; Jean Burns, cookery; Lydia Doolittle, sewing and millinery; Frank W. Zink, physical education.

Wenatchee and Leavenworth auto dealers and their employees gathered at the Welsh cafe Wednesday evening and held one of their regular get-together meetings. Twenty-four were 20 from the county seat and a very interesting and profitable meeting is reported. A representative of the tourist association was present and addressed the gathering. The Blewett Pass matter was a subject which was discussed with interest and everything possible is being done to keep it open, the dealers deciding to make another trip and consult the contractors yesterday.

Fireman Claud McLeod went to Everett Wednesday to go on the extra board at that place. Three is, someone being "bumped" about every day.

A number of boxes in which to deposit letters and other mail have been put up about town at convenient places and the letters will be collected by the carriers. This is another convenience for the people of this thriving community.

Cashier Clarence Campbell of the Citizens State Bank, went to Tacoma last Thursday to attend the bankers' convention, returning Sunday. He says that the convention was a good one and was well attended.

R. B. Field and R. F. Taylor, vice president and cashier of the Leavenworth State Bank, accompanied by Theo. Paine, drove to Seattle last Thursday. Mr. Paine returned the next day with his little daughter who had been on a visit with her grand-

parents. Messrs. Field and Taylor went on to Tacoma where they attended the bankers' convention, returning home Saturday night. They feel that these meetings may be of much benefit to the state in advancing the financing of its different great industries.

The little son of Mrs. Wolman, while riding on the green lumber as it was being conveyed to the dry kiln last Thursday, got his leg caught and was quite severely injured. The conveyer was stopped very quickly or the injury would have been much worse. He is recovering nicely. The little fellow, who is seven years old, was, we understand, at the box factory with his mother and had been told to keep away from the conveyer, which evidently he had seen other children ride.
